Edith Sitwell The Symbolist Order:

Edith Sitwell James D. Brophy, 1968 **Edith Sitwell: the symbolist order, with a pref** James D. Brophy, *Edith Sitwell: the Symbolist Order* James D. Brophy, 1968 Edith Sitwell James D. Brophy, 1968 **Edith Sitwell** James D. Brophy, 1968 **The Many Facades of Edith Sitwell** Allan Pero, Gyllian Phillips, 2017-06-13 A fascinating book that takes us deep into Edith Sitwell's world of artifice, disguise, high camp and verbal ingenuity. In these essays, Sitwell emerges as a central figure in an alternative avant-garde in early twentieth-century Britain. Faye Hammill, author of *Sophistication: A Literary and Cultural History*, establishing Edith Sitwell at the center of British modernism, this volume showcases her many achievements in poetry, autobiography, novel writing, criticism, art and performance. Forgoing the gossip about her eccentric appearance and self-fashioned persona that has too often overshadowed serious writing about her work, the contributors explore how Sitwell combined persona and poetry to foster an outpouring of iconoclastic creativity. *The Many Facades of Edith Sitwell* argues that Sitwell was crucial to the development of a British avant-garde that operated alongside the conventionally accepted transatlantic modernism of Ezra Pound and T. S. Eliot. With Sitwell as an influential literary player and social architect, the British interwar arts scene was not an ascetic escape from personality as the modernism of Pound and Eliot has often been characterized, but an alternative space of flamboyant, extravagant and ornate performance. Allan Pero is associate professor of English at the University of Western Ontario. Gyllian Phillips is associate professor of English studies at Nipissing University. *Edith Sitwell* Richard Greene, 2011-11-10 For the better part of forty years, Edith Sitwell's poetry has been neglected by critics. But born into a family of privileged eccentrics, Edith Sitwell was highly regarded by her contemporaries, the great writers and artists of the day who attended her unlikely London literary salon. Her quips and anecdotes were legendary, and her works like *English Eccentrics* confirmed her comic genius, while later she established herself as the quintessential poet of the Blitz. This masterly biography, meticulously researched and drawing on many previously unseen letters, firmly places Edith Sitwell in the literary tradition to which she belongs. Encyclopedia of British Humorists Steven H. Gale, 1996 First Published in 1996 Routledge is an imprint of Taylor & Francis, an informal company. **Encyclopedia of British Writers, 1800 to the Present** George Stade, Karen Karbiener, 2010-05-12 Contains alphabetically arranged entries that provide biographical and critical information on major and lesser-known nineteenth and twentieth-century British writers and includes articles on key schools of literature and genres. **Artistic Outlaws** Sonja Samberger, 2005 The creator of the new composition in the arts is an outlaw until he is a classic. Gertrude Stein wrote in 1926. Unlike male modernists such as T. S. Eliot or Ezra Pound, the modernist women poets Edith Sitwell, Amy Lowell, Stein and H. D. never became high modernist models but remained artistic outlaws. The present study shows how these women were present on the modernist scene but followed their own concepts and struggled to establish their position as modernist women poets. Defying definition, the four poets not only richly contributed to modernism but were indeed its developers. **Encyclopedia**

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07

More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries *Literature and Musical Adaptation*, 2016-08-09

It can safely be said that when literary texts are utilized or adapted by a musician to create a new work of art it is seldom that a diminished or lessened product results Rather such a merging usually enlarges and enhances both text and tune perhaps significantly changing the message of the original Discovering exactly what the new form has to offer and how it relates to the text or melody that preceded it is often a daunting task requiring a close examination of both the author's and the composer's intent The essays in this collection offer an analysis of several adaptations some successful some not so successful and attempt to assess just what the musicians or writers have modified or changed from the original as they reform it into an altogether different media Ranging from Pasternak's appropriation of Tchaikovsky to Britten's operatic versions of *Billy Budd* and *The Turn of the Screw* from Celan's use of fugal technique in his *Todesfuge* to the way that the musicianship of several women writers found voice in their writing a broad spectrum of collaborations is examined As readers examine an author's respect for a long dead musician Hopkins' admiration of Purcell or as they discover how John Harbison worked to transform Fitzgerald's musicality in *The Great Gatsby* it will be evident that musical adaptations often provide a richness that the originals did not possess and that the potential for greatness is heightened when the arts intersect The Sitwells George A. Cevasco, 1987 The Symbolist Movement in the Literature of European Languages

Anna Balakian, Anna Elizabeth Balakian, 1984 Edited by Anna Balakian this volume marks the first attempt to discuss Symbolism in a full range of the literatures written in the European languages The scope of these analyses which explore Latin America Scandinavia Russia Poland Hungary Serbia Czechoslovakia and Bulgaria as well as West European literatures continues to make the volume a valuable reference today As Ren Wellek suggests in his historiographic contribution the fifty-one contributors not only make us think afresh about individual authors who are giants but also draw us to reassess schools and movements in their local as well as international contexts Reviewers comment that this copious and intelligently structured anthology divided into eight parts traces the conceptual bases and emergence of an international Symbolist movement showing the spread of Symbolism to other national literatures from French sources as well as the symbiotic

transformations of Symbolism through appropriation and amalgamation with local literary trends Several chapters deal with the relationships between literature and the other arts pointing to Symbolism at work in painting music and theatre Other chapters on the psychological aspects of the Symbolist method connect in interesting ways to a vision of metaphor and myth as virtually musical notation and an experimental emphasis on the play afforded by gaps between words The volume is a major contribution to the most significant exponents and essential themes of Symbolism The theoretical historical and typological sections of the volume help explain why the impact of this important movement of the fin de si cle is still felt today
