Martin,Kylie Mirmohamadi,2007-05-28 Whether a small plot in the backyard of an inner urban home or a capital city s sprawling botanic garden Australians have long desired a patch of dirt to plough or enjoy Reading the garden explores our deep affection for gardens and gardening and illuminates their numerous meanings and uses from European settlement to the late twentieth century Cover Lady Gardeners Francesca Orestano,Michael Vickers,2023-10-12 The Lady Gardeners are those women who from the eighteenth century to the present day have been working in a garden from imagining and creating it to sowing planting pruning painting and photographing plants and moving from garden design to more urgent themes such as landscape conservation and environmental issues *The Old Country* George Seddon,2005-10-04 We are a nation of gardeners and we take pleasure in tending our backyards But this pleasure sits uneasily with our knowledge that the places where most of us live are running out of water We suspect that our lawns and many of our plants from the damp climates of northern European gardens are too demanding of scarce supplies but can t imagine our streets and gardens without them The Old Country opens our eyes and minds to other possibilities It does so by telling us stories about our natural landscape George Seddon believes that the better we understand the delicacy and beauty of our natural environment the more at home we will feel as Australians This passionate wise and witty book enriched with breathtakingly beautiful illustrations suggests that the answers to our water problems lie here at home *A History of European Housing in Australia* Patrick
