Higher Education Charles Sheffield, Jerry Pournelle, 1997-04-15 When a misfired practical joke gets him kicked out of school Rick Luban thinks he has nowhere to go but down Instead he gets a second chance and a whole new life when he signs up for a career in asteroid mining But life in space proves more challenging than Rick expected Competition is intense and the harsh realities of space allow no room for error On his way to a brighter future Rick faces ever more demanding tests as well as the very real dangers of sabotage and murder

Growing Up Gracefully 6: Textbook in Values Education and Good Manners and Right Conduct , Re-Engaging Young People with Education Simon Edwards, 2018-09-21 This book examines how young people can be re engaged with schooling and their own learning beyond the school gates Despite attempts by successive UK governments

to promote engagement with education there has been a substantial increase in formal and informal exclusions from secondary schools particularly of underperforming students who come from low income families The book builds on an ethnographic study carried out in a youth centre based on a secondary school site exploring the social and cultural worlds of fourteen students as they complete a GCSE teamwork assessment Analysing the translation process of the students as they relocate their understanding of teamwork into the language of assessment the author posits that student identity is a holistic individual project where knowledge is produced within the conditions for the production of the self narrative This volume calls to educators to recognise the importance of relational pedagogy rooted in social practices rather than individual cognitive performance It is sure to be of value and interest to students and scholars of exclusion in education and relational pedagogy as well as practitioners and policy makers *Transactional Psychology of Education* Wolff-Michael

Roth, 2019-01-22 Toward the end of his life the Russian psychologist L S Vygotsky turned away from his earlier work that he has become famous for only to sow the seeds for a new theory In this theory affect was to play a central role there was to be a primacy of social relations and anything mental mind thought self other knowledge was an event rather than a thing This is essentially a transactional perspective In this book the author articulates a transactional psychology of education drawing on the works of G H Mead J Dewey G Bateson F Mikhailov and E Il enkov All theoretical positions are developed out of videotaped exchanges thereby giving concrete character to every psychological concept articulated
