Education On Trial Strategies For The Future:

Education on Trial William J. Johnston, 1985 Resources in Education, 2001-10 The Transformation of the American Democratic Republic Stephen M. Krason, 2017-09-08 In this stimulating volume Stephen M Krason considers whether the Founding Fathers vision of the American democratic republic has been transformed and if so in what ways He looks to the basic principles of the Founding Fathers then discusses the changes that resulted from evolving contemporary expectations about government Referencing philosophical principles and the work of great Western thinkers Krason then explores a variety of proposals that could forge a foundation for restoration Acknowledging that any attempt to revive the Founders views on a democratic republic must start in the public sphere Krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the Founders vision and want to take action Ultimately a democratic republic can exist be sustained and flourish only when there is a deep commitment to it in the minds and norms of its people Written by a foremost authority in the field of US Constitutional law this book will appeal to those interested in American history society and politics **Education for Hope** John E Hull, 2023-01-28 This book traces the little known history of an alternative school system erected in Canada by post WWII Dutch Neo Calvinist immigrants In less than four decades this community established a kindergarten to university education system that extended from Ottawa Ontario to Victoria BC This remarkable tradition of education imagines the school as a dissident and transformational social institution While this book offers the narrative of faith based tradition of education the author makes a strong case that educators from diverse ideological backgrounds can learn important lessons from it about the implementation of an alternative educational vision teacher led curriculum reform and a self formative pedagogy To supplement this narrative the author also provides a separate set of theoretical discussions on key issues in school reform as well as his memoir as an educator and curriculum designer within this tradition **Future Survey Annual 1986** Michael Marien, 1987-01-01

Teachers Can be Fired! Hans A. Andrews, 1995 What if excellent teaching were guaranteed in every classroom Teachers Can Be Fired is an essential guide for anyone who is serious about making that possibility a reality Dr Andrews explains how the Total Quality Management movement so successful in business and industry can be applied to the most important element in the schools teachers He argues persuasively for heavy reliance on supervisory administrative evaluation practices as the most legally defensible and helpful system The American Experiment James MacGregor Burns, 2013-05-21 The Pulitzer Prize winning author s stunning trilogy of American history spanning the birth of the Constitution to the final days of the Cold War In these three volumes Pulitzer Prize and National Book Award winner James MacGregor Burns chronicles with depth and narrative panache the most significant cultural economic and political events of American history In The Vineyard of Liberty he combines the color and texture of early American life with meticulous scholarship Focusing on the tensions leading up to the Civil War Burns brilliantly shows how Americans became divided over

the meaning of Liberty In *The Workshop of Democracy* Burns explores more than a half century of dramatic growth and transformation of the American landscape through the addition of dozens of new states the shattering tragedy of the First World War the explosion of industry and in the end the emergence of the United States as a new global power And in *The Crosswinds of Freedom* Burns offers an articulate and incisive examination of the US during its rise to become the world's sole superpower through the Great Depression the Second World War the Cold War and the rapid pace of technological change that gave rise to the American Century Ed School Geraldine Joncich Clifford, James W. Guthrie, 1990-07-02 Although schools of law medicine and business are now highly respected schools of education and the professionals they produce continue to be held in low regard In *Ed School* Geraldine Joncich Clifford and James W Guthrie attribute this phenomenon to issues of academic politics and gender bias as they trace the origins and development of the school of education in the United States Drawing on case studies of leading schools of education the authors offer a bold controversial agenda for reform ed schools must reorient themselves toward teachers and away from the quest for prestige in academe they must also adhere to national professional standards abandon the undergraduate education major and reject the Ph D in education in favor of the Ed D **Education and Justice** Edmund W. Gordon, 1999 As a renowned humanist psychologist and educator Dr Gordon is an African American who has spent most of his life in racially integrated sections of society but he has never completely lost the sense that he is representing those who have been relegated to the back of the bus Both scholarly and accessible this book examines many of the most important issues of educational theory and practice and places them in the context of the social justice imperative Each section of essays including two new essays prepared especially for this book is introduced with commentaries in which the author contextualizes and explains the continuing relevance of the issues for today's educator **Accountability, Assessment, and Teacher Commitment** Betty Lou Whitford, Ken Jones, 2000-01-06 *Accountability Assessment and Teacher Commitment* offers a vantage point to draw lessons from and ponder alternatives to the Kentucky Education Reform Act KERA a state school reform effort based on a system of statewide student assessment and high stakes accountability for teachers It documents classroom realities and probes the consequences of this type of reform through case studies comparisons to alternative models and thought provoking responses from national experts Contributors include Lola Aagaard Terry I Brooks Jan Calvert Pamela Coe Dick Corbett Letitia Hichstrasser Fickel Donna Gaus Marilyn Hohmann Ken Jones Patricia J Kannapel A Richardson Love Jr Christy D McGee Lynne Miller Beverly D Moore Cynthia A Reeves David Ruff Gordon Ruscoe Linda Shelor Debra Smith John Snyder Patricia A Wasley Anne Wheelock and Betty Lou Whitford What's Happening in Teacher Testing Lawrence M. Rudner, 1987 *Sociology* Frederick William Preston, Ronald Wayne Smith, 1988 **Educational Leadership** Margaret Preedy, Nigel Bennett, Christine Wise, 2011-11-01 Drawing together current thinking and research by leading writers in the field this Reader will help you to understand and critically analyse key strategic aspects of educational leadership including

leadership perspectives and values external and internal contexts autonomy and accountability partnership and collaboration leading strategy and change The book explores major challenges for educational leaders in managing the increasingly permeable boundary between educational organisations and their external contexts and reconciling environmental expectations and internal priorities The Reader will encourage you to positively problematize the field and reflect on current debates and issues This book will be an essential resource for providers and students of postgraduate level courses in educational leadership and management as well as those involved in undertaking professional development programmes It will also serve the reflective practitioner as personal reference when occupying or aspiring towards leadership roles in schools colleges and other educational organisations Dr Maggie Preedy Professor Nigel Bennett and Dr Christine Wise have taught researched and published widely in the field of educational leadership and management Maggie Preedy and Christine Wise are Senior Lecturers in the Faculty of Education and Language Studies at The Open University UK Nigel Bennett is Emeritus Professor of Leadership and Management in Education at The Open University National Forum of Educational Administration and Supervision Journal ,1987 **Handbook of Research on Didactic Strategies and Technologies for Education: Incorporating Advancements** Pumilia-Gnarini, Paolo M.,2012-09-30 This book is designed to be a platform for the most significant educational achievements by teachers school administrators and local associations that have worked together in public institutions that range from primary school to the university level Provided by publisher EDFO Colorado. Department of Education,1985 *Merit in Education* Hans A. Andrews,1987 An overview is provided of the history and current status of merit pay from the perspectives of faculty unions community and junior colleges and elementary and secondary schools Chapter 1 stresses the need to raise the salaries of master teachers and chapter 2 discusses the responses of faculty unions faculty members and the public to the advent of merit pay Chapter 3 suggests that a rationale and philosophical basis be developed by colleges before a merit plan is instituted while chapter 4 offers suggestions for the development of an administrative evaluation system to identify excellence in instructional performance Types of merit pay or merit recognition plans in place or being proposed at elementary and secondary schools are reviewed in chapter 5 while chapter 6 summarizes the findings of a national study of merit recognition in American community colleges Chapter 7 outlines the provisions of specific merit pay and merit recognition plans in two year institutions Chapter 8 the final chapter presents a summary of the issues related to merit pay reviews emerging trends and expresses hopes for the overall improvement of the quality of the American education system in the next decade ALB **East/West Education** ,1992 **Politics and Policy in the Age of Education** Laurence R. Marcus,Benjamin D. Stickney,1990 *Education, the Captive Profession* David H. Reilly,1996 This text considers why education has not improved in the light of reform efforts imposed in recent years It proposes that the key to improvement is to be found in a reformulation of the methods utilized previously to reform it
