Non-Western Educational Traditions Timothy G. Reagan, 2004-09-22 This text provides a brief yet comprehensive overview of a number of non Western approaches to educational thought and practice Its

premise is that understanding the ways that other people educate their children as well as what counts for them as education may help us think more clearly about some of our own assumptions and values and to become more open to alternative viewpoints about important educational matters The value of this informative mind opening text for preservice and in service teacher education courses is enhanced by Questions for Discussion and Reflection and Recommended Further Readings included in each chapter New in the Third Edition Chapter 2 Conceptualizing Culture I We and The Other is new to this edition It is a response to feedback about the problems inherent in our general discourse about culture and in addition provides an example of a culture that is near to us but nevertheless alien the culture of the Deaf World Chapter 9 which deals with Islam and traditional Muslim education has been substantially revised The subtitle of the Third Edition has been changed to Indigenous Approaches to Educational Thought and Practice reflecting not so much a change in the emphases found in the book but rather a recognition of the growing scholarly interest in indigenous peoples their languages cultures and histories Various points throughout the text have been expanded and clarified and chapters have been updated as needed

Non-Western Educational Traditions Timothy Reagan, 2017-07-06 Indigenous Knowledge Systems Concluding Reflections Questions for Reflection and Discussion Author Index Subject Index **Mathematics Education in Different Cultural Traditions- A Comparative Study of East Asia and the West** Frederick Koon-Shing Leung, Klaus-D.

Graf, Francis J. Lopez-Real, 2006-08-02 The idea of the ICMI Study 13 is outlined as follows Education in any social environment is influenced in many ways by the traditions of these environments This study brings together leading experts to research and report on mathematics education in a global context Mathematics education faces a split phenomenon of difference and correspondence A study attempting a comparison between mathematics education in different traditions will be helpful to understanding this phenomenon **Scottish Education** T.
