Undoing Privilege Professor Bob Pease, 2010-08-12 For every group that is oppressed another group is privileged In Undoing Privilege Bob Pease argues that privilege as the other side of oppression has received insufficient attention in both critical theories and in the practices of social change As a result dominant groups have been allowed to reinforce their dominance Undoing Privilege explores the main sites of privilege from Western dominance class elitism and white and patriarchal privilege to the less examined sites of heterosexual and able-bodied privilege Pease points out that while the vast majority of people may be oppressed on one level

many are also privileged on another He also demonstrates how members of privileged groups can engage critically with their own dominant position and explores the potential and limitations of them becoming allies against oppression and their own unearned privilege This is an essential book for all who are concerned about developing theories and practices for a socially just world *Developing Effective Part-time Teachers in Higher Education* Fran Beaton, Amanda Gilbert, 2013 This book drawing on the voices of part time teachers and the expertise of those who support them considers whole institution strategies to promote individual and collective professional development Amanda Gilbert from Victoria University of Wellington New Zealand
