Education in Israel, Report of the Select Subcommittee on Education

United States. Congress. House. Education and Labor,1970 Israel Digest ,1953 Introduction to Israel Gilad James, PhD, Israel is a small country located in the Middle East that has a rich and complex history It was founded in 1948 after the United Nations approved the partition of Palestine which resulted in the establishment of two states Israel and Palestine Israel is a parliamentary democracy and its government is divided into three branches legislative executive and judicial The country is led by a prime minister who is elected by the Knesset which is the Israeli parliament Israel is known for its diverse population which includes Jews Arabs Druze Christians and other minorities Hebrew and Arabic are the official languages of Israel and the country also has a strong cultural scene with a thriving film industry music scene and literature Jerusalem is the capital city of Israel and it is a holy site for Jews Christians and Muslims as it contains important religious sites such as the Western Wall the Church of the Holy Sepulchre and the Dome of the Rock Israel also has a strong economy with high tech industries tourism and agriculture being major drivers However the country also faces challenges such as ongoing conflicts with Palestinians regional instability and social issues related to the diverse population **Risk Management of**

Education Systems Anat Even Zahav,Orit Hazzan,2017-01-21 This work illustrates how risk management can be applied to educational systems in general and STEM Science Technology Engineering and Mathematics education in particular The rationale for this approach stems from the increased awareness of the importance and contribution of STEM education to nations economic growth and development The coverage begins with the challenges of STEM education systems and concludes with a thorough strategic risk response plan The text outlines a risk management plan program for STEM education in Israel based on the conceptions of five stakeholders groups educators academics industry professionals military and philanthropic actors All of whom have expressed interest in promoting STEM education in the high school secondary education system The result ultimately presents an impressive meaningful and practical understanding of the difficulties and challenges together with applicable modes of action and a new horizon towards which STEM Education should march

Higher Education and the Palestinian Arab Minority in Israel Khalid Arar,Kussai Haj-Yehia,2016-04-08 Higher Education and the Palestinian Minority in Israel examines perceptions concerning the characteristics of higher education acquisition in the indigenous Palestinian Arab minority in Israel Arar and Haj Yehia show that Palestinian Arabs in Israel clearly understand the benefit of an academic degree as a lever for social status and integration within the state of Israel The authors discuss difficulties met by Palestinian high school graduates when they attempt to enter Israel s higher education institutes and the alternative phenomenon of studying abroad The cultural difference between Palestinian traditional communities and Western Israeli campuses exposes Arab students to a mix of ethnicities and nationalities which proves to be a difficult transformative experience The book analyzes patterns of higher education acquisition among the indigenous Palestinian minority describing the disciplines they choose the challenges they encounter particularly for Palestinian women students and explore the implications for the Palestinian minority and Israeli society **Language Education Policy: The**

Arab Minority in Israel M. Amara, Abd Al-Rahman Mar'i, 2005-12-11 In this book we will explore in more detail some aspects of the Arab Jewish divide which raise fundamental questions regarding the place of the Arabs and Arab language education in the Jewish State More specifically the aim of this book is to describe and analyze language education in the Arab society in Israel from the establishment of the state in 1948 until today For this purpose internal processes which are embedded within the Arab population itself were examined such as the socio economic condition of the population the diglossic situation in the Arabic language and the wide use of Hebrew among Arabic speakers Furthermore the book also deals with external processes such as the policy of control and inspection of the Ministry of Education over the Arab education system in general and on language education in particular the dominance of Hebrew and the definition and perception of Israel as a Jewish State The influence of both internal and external processes on language education and learning achievements will also be extensively discussed
