etat to change from democracy to tyranny In nations where democracy failed there were no tanks on the street Constitution of the land remained but elected leaders became autocrats maintaining a veneer of democracy America being a nation with nearly 80 percent of Christians has been the strongest democracy in the world who championed it as the model for the rest of the world However democracy in America appears to be in peril because of political bickering partisan gridlock and promulgation of falsities misinformation and faux faith by one political party By introducing the foundational principles of democracy from the philosophical arguments of Socrates Plato and Aristotle the author shows how and why the cornerstone of democracy in America shows signs of crumbling The book vividly explains Politics without God will shatter the foundation of democracy Present political system rejects the checks and balances laid by the founding fathers The right wing has cultivated a spirit of untruth that spreads like a wildfire Rejecting truth by political parties and leadership is a sign of strong delusion There is a clear moral bankruptcy in the present political sphere of our nation The brightness of democracy in America which Tocqueville praised has been tarnished Hypocritical and dishonest leaders should not reign lest the people be ensnared American politicians must register their solemn oath in heaven to act in truth No nation can be established in one day but can shatter in one day by a despot America must realign with God to lead the nation in truth justice and freedom for all Democracy turns to tyranny when a moral man becomes amoral With biblical prophecies and instructions the author shows that America faces a real threat to its democracy unless it resists tyrants with all their mind soul and strength which is obedience to God who can anchor the nation on its solid foundation set by the Founding Fathers Every citizen political and judicial leaders of the nation are the cupbearers and the watchmen of the nation *The Constitution and Standards of the Associate-Reformed Church in North-America* Associate Reformed Presbyterian Church (1802-1822),1827 **Defenseless America** Hudson Maxim,1915 Winning People, Losing America C. **Republicanism, Religion, and the Soul of America** Ellis Sandoz, 2013-07-23 As debates rage over the place of faith in our national life Tocqueville's nineteenth century crediting of religion for shaping America is largely overlooked today Now in *Republicanism Religion and the Soul of America* Ellis Sandoz reveals the major role that Protestant Christianity played in the formation and early period of the American republic Sandoz traces the rise of republican government from key sources in Protestant civilization paying particular attention to the influence of the Bible on the Founders and the blossoming of the American mind in the eighteenth century Sandoz analyzes the religious debt of the emergent American community and its elevation of the individual person as unique in the eyes of the Creator He shows that the true distinction of American republicanism lies in its grounding of human dignity in spiritual individualism and an understanding of man's capacity for self government under providential guidance Along the way he addresses such topics as the neglected question of the education of the Founders for their unique endeavor common law constitutionalism the place of Latin and Greek classics in the Founders thought and the texture of religious experience from the Great Awakening to the Declaration of Independence To establish a unifying theoretical perspective for his study Sandoz considers the philosophical underpinnings of religion and the contribution that Eric Voegelin made to our understanding of religious experience He contributes fresh studies of the character of Voegelin's thought its relationship to Christianity his debate with Leo Strauss over reason revelation and the meaning of philosophy and the theory of Gnosticism as basic to radical modernity He also

Yandell, 2022-03-21 From the concrete experience of war Michael S Yandell constructs a phenomenology of negative revelation in which false or distorted claims of goodness and justice disintegrate becoming meaningless Yandell argues that the disintegration of meaning in war is itself a meaningful experience revealing comes to signify the presence of goodness and justice through the profound experience of their absence The heart of this work adds a layer of complexity or depth to the term moral injury as a negative revelation Yandell emphasizes the context and logic of war itself beyond the actions of individuals paying specific attention to the U S led Global War on Terror Moral injury as a negative revelation is a disintegration of false normative claims of goodness and justice as well as a disintegration of one's sense of self oriented toward those normative claims This disintegration is prompted by the recognition of life in the midst of war's diminishment of life **Good Order established in Pennsylvania & New-Jersey in America, being a true account of the country; with its produce and commodities there made, etc** Thomas Budd, 1685 *America on Trial, Expanded Edition* Robert Reilly, 2022-02-01 The Founding of the American Republic is on trial Critics say it was a poison pill with a time release formula we are its victims Its principles are responsible for the country's moral and social disintegration because they were based on the Enlightenment falsehood of radical individual autonomy In this well researched book Robert Reilly declares not guilty To prove his case he traces the lineage of the ideas that made the United States and its ordered liberty possible These concepts were extraordinary when they first burst upon the ancient world the Judaic oneness of God who creates ex nihilo and imprints his image on man the Greek rational order of the world based upon the Reason behind it and the Christian arrival of that Reason Logos incarnate in Christ These may seem a long way from the American Founding but Reilly argues that they are in fact its bedrock Combined they mandated the exercise of both freedom and reason **The Heritage Of America** David Taylor, 2013-03-07 This narrative is an inspiring rendition of three amazing legacies A Model Republic is an insightful presentation of the settling and founding of America Freedom of Religion portrays the origins and beliefs of the seven foremost religions Modern Science describes the origin and methods of science and provides a fascinating overview of the creation evolution issue **Letters to Cindy Sheehan: Messages to the Left on America's Noble Cause in Iraq** Wwww Townforumpress Com, 2006-03 **Answering America's Problem** Alesia Graham, 2008-03-28 If something is to be resolved something must first exist and if this is so then where did it originate from A problem means that the fruit of evil is at work and you must understand the origin of evil and how it took root By taking root which means a seed has been planted

and has taken root and has become a problem and it will continue to grow until the root has been destroyed Answering Americas problem is a short version of how to rid ourselves of the fruit of evil that we are facing today After enduring a life of hardship and pain God has gifted me to write When I became isolated from people because I did not want to share my experiences I began a relationship talking to the Lord It was during these conversations that God began to reveal himself to me When I realized that I had been gifted to write the first book I gave it to the work of God After time passed God gave me the second book entitled Answering Americas Problem and he said This one is for you This book came about just by communing with God and he began to reveal the contents written therein God talked about how important it is to be able to identify a problem If something is to be resolved something must first exist And if you find that something existing then you must find out where it originated from if you desire to get rid of it After a problem has been identified there are measures that have to be taken to get rid of the problem You must also be able to identify the key player and determine what method is being used because the key player must be exposed If the key player is not exposed you can never get rid of him it will simply be a game of hide and seek The law of God plays an important role in problem solving when the key player is the devil because the devil always operates opposite God And unless Gods ways is known you will not know when the devil is involved To know what is good and what is bad you must understand the order in which God operates When something has become a problem that means evil is at work To get rid of the problem you must understand the origin of evil and how it took root By taking root which means a seed has been planted this will allow the problem to grow and it will continue to grow until the root has been destroyed Understanding God is the only way to defeat the devil The devil is a spirit he is a voice If he was flesh and blood we may have a chance at defeating him but how can we defeat a spirit something we cannot see We can only defeat him by resisting his ways and God will teach us how through his word Answering Americas problem is a short version of how to rid ourselves of the problem that we are facing today The teachings that are written in the book began with me many years ago as I endured so much pain that allowed me to touch the very heart of God Now the time has come for me to share with the world the things that God has shared with me      *The Downfall of America* Jake Klausner, 2022-07-20 Far too often people are introduced to a caricature of the conservative movement before they ve actually heard what the average conservative has to say In *The Downfall of America* Jake Klausner presents a conservative perspective on the forces currently working to tear down long standing American traditions and institutions The book outlines the ways in which the Left has waged war against traditional American values and even reality itself In an age of emotional appeals it makes the conservative argument using logic and statistics The challenge conveyed to the reader is simple but critical Don t let freedom be extinguished in your lifetime make sure that it s still there for your kids and theirs      **France and England in North America (Vol. 1-7)** Francis Parkman, 2023-12-21 Francis Parkman s seminal work *France and England in North America* encompassing seven volumes offers an intricate examination of the colonial struggle between France and England in North
