**for Blake** PrayerForPreemies.com, 2006-02 This paperback book reveals the struggle of Micro Preemie Blake Michael Johnson born 10 16 04 14 weeks premature weighing only 1 lb 6 oz Blake s survival required 14 months of Children s Hospital Intensive Care Support before he was healthy enough to go home with his parents to his waiting nursery He triumphed over multiple serious issues such as Bacterial Infections Chronic Lung Disease Severe Pulmonary Hypertension PDA Surgeries Heart Banding Surgeries Heart VSD Surgery Hernia Surgery ROP Disease requiring Laser and Vitrectomy Eye Surgeries Liver Complications and Ventilator Support Issues and more This story focuses on how his parents supported his struggles and how a community of family and friends supported all three with a continuous outflowing of love and prayer utilizing an online journal for daily connection to everyone Prayers focused on God s promise of the HOPE to be found at the end of HIS Rainbow after the storm of struggles *Jürgen Moltmann and the Work of Hope* M. Douglas Meeks, 2018-10-31 These essays reflect on the future of Christian theology in light of the contributions Jürgen Moltmann has made in his prolific career as one of the world s foremost theologians They are not a prediction of what is coming in the future of theology since God s own actions and human history for that matter are not predictable Expressed here is hope for what future theology

should take seriously from Moltmann's work Moltmann broke the mold of 19th and 20th century theology by focusing consistently on God's promises of a new heaven and a new earth The result was a theological imagination that is utterly realistic delighting in the creative tension of theology that lives in an unfinished open field of negations and possibilities Hope for the promised future of God casts its light on present sufferings that contradict that future The prominent themes here focus on the contradictions of God's promises and God's justice The essays see clearly the human domination that leads to the oppression of nature the hatred of the poor the dominance of one gender over the other the migration of those who find no home in their homeland and the wounds of neocolonialism For Moltmann these sufferings do not belong simply to ethics but to the heart of theology The doctrines of creation redemption and new creation are fully engaged in the political economic ecological and social problems of this time Here lies the way ecumenism will be reborn in the future The essays argue that theology should not turn aside from Moltmann's main theme of the resurrection of the Crucified One and of the presence of God's future in the present Hope opens our eyes to the work of God's Spirit of Life and the affirmation of eternal life in the present The future of Christian theology should not miss the theme of joy in the face of sin death and evil and the celebration of God's cosmic all inclusive future in which God will be at home in God's creation *General Catalogue of Mariners' Charts and Books* United States.
