Living Water Robert P. Vande Kappelle,2022-10-27 Everyone loves a good story one with interesting characters and

intriguing plot lots of twists and turns and a surprise ending Jesus was a master storyteller teaching primarily through a technique we call parables In fact over one third of the gospel material in the New Testament is parabolic in nature Examining the parables of Jesus Living Water views parables as a wisdom genre belonging to mashal the Jewish tradition of sacred poetry stories proverbs riddles and dialogues through which wisdom is conveyed In the Hebrew Bible the Old Testament mashal is often associated with perplexing sayings for its meaning is deliberately obscured in order to force the reader or listener to deeper thought and higher consciousness While examining the parables of Jesus Living Water focuses not so much on traditional explanations and interpretations but on their paradoxical and perplexing nature In addition this book encourages us to take a parabolic approach to all Scripture viewing it as an aid to help us move from egoic existence to unitive existence This Spirit led way of living thinking and being requires a transformation from our False Self to our True Self from dualist self obsession to nondualist consciousness characterized by risk taking compassion generosity availability and joy a path charted by the parables of Jesus Benefitting from recent scholarly research Living Water is unique in content and conception and is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection
