

Goodbye To Bedlam Understanding Mental Illness And Retardation

M Woodhall

Goodbye To Bedlam Understanding Mental Illness And Retardation:

Goodbye to Bedlam John Langone,1974-01-01 A brief history of social attitudes toward mental illness describing the characteristics and treatment of specific mental disorders *The Autism Matrix* Gil Eyal,2013-08-26 Today autism has become highly visible Once you begin to look for it you realize it is everywhere Why We all know the answer or think we do there is an autism epidemic And if it is an epidemic then we know what must be done lots of money must be thrown at it detection centers must be established and explanations sought so that the number of new cases can be brought down and the epidemic brought under control But can it really be so simple This major new book offers a very different interpretation The authors argue that the recent rise in autism should be understood an aftershock of the real earthquake which was the deinstitutionalization of mental retardation in the mid 1970s This entailed a radical transformation not only of the institutional matrix for dealing with developmental disorders of childhood but also of the cultural lens through which we view them It opened up a space for viewing and treating childhood disorders as neither mental illness nor mental retardation neither curable nor incurable but somewhere in between The authors show that where deinstitutionalization went the furthest as in Scandinavia UK and the blue states of the US autism rates are also highest Where it was absent or delayed as in France autism rates are low Combining a historical narrative with international comparison *The Autism Matrix* offers a fresh and powerful analysis of a condition that affects many parents and children today **National Library of Medicine**

Current Catalog National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1976 **Children's Books and Their Creators** Anita Silvey,1995 Unique in its coverage of contemporary American children s literature this timely single volume reference covers the books our children are or should be reading now from board books to young adult novels Enriched with dozens of color illustrations and the voices of authors and illustrators themselves it is a cornucopia of delight 23 color 153 b w illustrations
