Gordian Knot:

The Wisdom of Alexander the Great Lance B. Kurke, 2004 Exceptional leaders are the ones who are able to analyze problems optimize resources inspire loyalty and execute strategy There is no more stunning example in history than Alexander the Great whose leadership skills were so immense that they still resonate some 2 000 years later The Wisdom of Alexander the Great reveals four leadership processes distilled from the life and extraordinary accomplishments of Alexander King of Macedonia Readers will learn how he reframed problems in order to meet seemingly insurmountable challenges built alliances by using his strength to generate trust and respect not just fear established identity and branded himself a unifier thus keeping the home base secure while continuing to expand his empire recognized and assimilated the cultures and symbols of different peoples becoming a powerful and trusted figure everywhere he went The Wisdom of Alexander the Great relates 34 riveting episodes from Alexander s expansion through Asia Minor Egypt Mesopotamia the Middle East the Persian Empire and India Each example tied to a modern day counterpart imparts valuable lessons from the timeless legend of one of the greatest leaders in history

Gordian Knot ,1810 Early American Proverbs and Proverbial Phrases Bartlett Jere Whiting, 1977 p B J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor s Dictionary of American Proverbs and Proverbial Phrases 1820 1880 It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting s authority a proverb or proverbial phrase is what BJW thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what s the real thing and what is spurious
