planned violence or at least it starts out that way And even if plans go awry the violence is indispensable Today's soldiers have far more firepower on a per man basis than the doughboys of a century ago and there is no reason to believe that this trend will not extend into the future Imagine a revival of suits of armor but with structural strength undreamed of by medieval knights and powered by built in motors giving each soldier the invulnerability of a tank but even more mobility and mechanical muscle strong enough to carry light artillery rocket launchers laser cannon and weapons not even on the drawing boards yet Add on the ability to fly or at least jump for a kilometer at a time using rocket boosters or even powerful leg motors or a combination of both The stuff that superheroes are made of hanging in every fighting man or woman's closet ready to wear If it's possible history teaches us it will be done But don't expect a nation or planet possessing such battalions of super powered soldiers to not worry about attack by an enemy there's no reason why the enemy won't have its own armored infantry Keep the midnight oil burning and the R D rolling In the meantime here's a sneak peek by expert dreamers putting the battle hardened reader at the sharp end of tomorrow At the publisher's request this title is sold without DRM Digital Rights Management Praise for anthologies edited by Hank Davis and David Afsharirad This intriguing anthology explores the human race's violent potential but also bends toward exploration and the triumph of the human spirit with brave tales that take the reader on a fascinating thoughtprovoking enjoyable journey Publishers Weekly on The Year's Best Military SF and Space Opera starred review

An Informal History of the Hugos Jo Walton, 2018-08-07 Engaged passionate and consistently entertaining An Informal History of the Hugos is a book about the renowned science fiction award for the many who enjoyed Jo Walton's previous collection of writing from Tor.com the Locus Award winning What Makes This Book So Great The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953 They are widely considered the most prestigious awards in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000 Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and David G Hartwell A remarkable guided tour through the field a kind of nonfiction companion to Among Others It's very good It's great New York Times bestselling author Cory Doctorow Boing Boing on What Makes This Book So Great

Science Fiction and Fantasy Book Review Neil Barron, R. Reginald, Robert Reginald, 2009-11 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year From the older classics to the newest speculative fiction this was the period when the best and the brightest

shined forth their talents SF FBR included reviews by writers in the field by amateur critics and by litt rateurs and University professors Over a thousand books were covered during the single year of publication many of them having been reviewed nowhere else before or since The January 1980 issue includes a comprehensive index of all the works featured during the preceding year This reprint will be a welcome addition to the literature of science fiction and fantasy criticism Neil Barron is a retired bibliographer and literary critic editor of the acclaimed Anatomy of Wonder series Robert Reginald was the publisher for twenty five years of Borgo Press and has authored over 110 books of his own
