Gospel Of Thomas And Jesus:

The Gospel of Thomas and Jesus Stephen J. Patterson, 1993 The Fifth Gospel (New Edition) Stephen J. Patterson, Hans-Gebhard Bethge, James M. Robinson, 2011-10-27 In December 1945 at the base of cliffs that run along the Nile River near the modern day town of Nag Hammadi an Egyptian farmer discovered a sealed jar containing thirteen ancient Coptic codices This discovery represented arguably the most significant manuscript discovery of the twentieth century for the study of the New Testament and Christian origins Of all the texts found none has been more important than the Gospel of Thomas for our understanding of early Christianity This classic book presents the best text and the best translation of Thomas in user friendly form Additional chapters provide a general introduction to the Gospel of Thomas and tell the fascinating story of that discovery itself by one who was directly involved in bringing this new Gospel to light An annotated list for further reading completes the volume This new edition features updated material which takes account of recent research on the gospel of Thomas The translation has been refined at points and the bibliographical material updated

The Gospel of Thomas Marvin W. Meyer, 2009-09-15 A fresh authoritative English translation with an informative introduction fascinating explanatory notes and the Coptic text with interpretation by Harold Bloom our pre eminent literary critic The Gospel of Thomas Jean-Yves Leloup, 2005-02-16 A new translation and analysis of the gospel that records the actual words of Jesus Explores the gnostic significance of Jesus s teachings recorded in this gospel Explains the true nature of the new man whose coming Jesus envisioned Translated and interpreted by the author of the bestselling *The Gospel of Mary Magdalene* and *The Gospel of Philip* One of the cache of codices and manuscripts discovered in Nag Hammadi the Gospel of Thomas unlike the canonical gospels does not contain a narrative recording Christ s life and prophecies Instead it is a collection of his teachings what he actually said These 114 logia or sayings were collected by Judas Didymus Thomas whom some claim to be Jesus s closest disciple No sooner was this gospel uncovered from the sands of Upper Egypt than scholars and theologians began to bury it anew in a host of conflicting interpretations and polemics While some say it is a hodgepodge from the canonical gospels for others it is the source text from which all the gospel writers drew their material and inspiration In this new translation of the Gospel of Thomas Jean Yves Leloup shows that the Jesus recorded by the infinitely skeptical and infinitely believing Thomas has much in common with gnostics of non dualistic schools Like them Jesus preaches the coming of a new man the genesis of the man of knowledge In this gospel Jesus describes a journey from limited to unlimited consciousness The Jesus of Thomas invites us to drink deeply from the well of knowledge that lies within not so that we may become good Christians but so we may attain the self knowledge that will make each of us too a Christ

cryptic sayings the Gospel of Thomas offers a naked and dazzlingly subversive representation of Jesus defining and most radical discovery that the living Kingdom of God burns in us and surrounds us at all moments from the Foreword by Andrew Harvey This ancient text can become a companion for your own spiritual journey In 1945 twelve ancient books were found inside a sealed jar at the base of an Egyptian cliff One of those texts was the Gospel of Thomas one of the most important religious archaeological discoveries of the twentieth century While illuminating the origins of Christianity it raises the question whether the New Testament's version of Jesus teachings is entirely accurate and complete Written at the same time as the canonical Gospels the Gospel of Thomas portrays Jesus as a wisdom loving sage The aphoristic sayings emphasize the value of the present teaching that the Kingdom of God is here and now rather than a future promise or future threat It presents a new way of looking at the challenging and intriguing figure of Jesus and reminds us that the Divine can be found right here on earth Now you can experience the Gospel of Thomas with understanding even if you have no previous knowledge of early Christian history or thought This SkyLight Illuminations edition offers insightful yet unobtrusive commentary that explains references and philosophical terms shares the inspiring interpretations of famous spiritual teachers and gives you deeper understanding of Thomas's innovative message that self knowledge and contemplation of the nature of this world are the keys to the Kingdom of Heaven

The Gospel of Thomas Ross Andrews, 2013-04-01 The Gospel According to Thomas commonly shortened to the Gospel of

Thomas is a well preserved early Christian non canonical sayings gospel which many scholars believe provides insight into the Oral gospel traditions It was discovered near Nag Hammadi Egypt in December 1945 in one of a group of books known as the Nag Hammadi library The Gospel of Thomas was found among a collection of fifty two writings that included in addition to an excerpt from Plato s Republic gospels claiming to have been written by Jesus s disciple Philip Scholars have speculated that the works were buried in response to a letter from Bishop Athanasius who for the first time declared a strict canon of Christian scripture 1 The Coptic language text the second of seven contained in what modern day scholars have designated as Codex II is composed of 114 sayings attributed to Jesus 2 Almost half of these sayings resemble those found in the Canonical Gospels while it is speculated that the other sayings were added from Gnostic tradition 3 Its place of origin may have been Syria where Thomasine traditions were strong 4 The introduction states These are the hidden words that the living Jesus spoke and Didymos Judas Thomas wrote them down 5 Didymus Greek and Thomas Aramaic both mean twin Some critical scholars suspect that this reference to the Apostle Thomas is false and that therefore the true author is unknown 6 It is possible that the document originated within a school of early Christians possibly proto Gnostics 7 Some critics further claim that even the description of Thomas as a gnostic gospel is based upon little other than the fact that it was found along with gnostic texts at Nag Hammadi 8 The name of Thomas was also attached to the Book of Thomas the Contender which was also in Nag Hammadi Codex II and the Acts of Thomas It is important to note however that while the Gospel of Thomas does not directly point to Jesus divinity it also does not directly contradict it and therefore neither supports nor contradicts gnostic beliefs When asked his identity in the Gospel of Thomas Jesus usually deflects ambiguously asking the disciples why they do not see what is right in front of them This is similar to passages in the canonical gospels like John 12 16 and Luke 18 34 The text itself however continuously reflects Gnostic teachings by continuously referring to Jesus s sayings as secret and mysterious which were common gnostic catchphrases

What Are They Saying About the Gospel of Thomas? Christopher W. Skinner, 2012-05-01 A comprehensive overview of recent scholarly research on the Gospel of Thomas

Holy Terror:
Jesus in the Infancy Gospel of Thomas J.R.C. Cousland, 2017-11-16 The Infancy Gospel of Thomas or Paidika is one of the most unusual gospels in the Christian tradition Instead of revealing the compassionate Jesus so familiar to us from the biblical Gospels it confronts its readers with a very different Jesus a child who sometimes acts like a holy terror killing and harming others for trifling faults So why is Jesus portrayed as acting in such an unchristian fashion To address this question Cousland focuses on three interconnected representations of Jesus in the Paidika Jesus as holy terror as child and as miracle working saviour Cousland endeavours to show that despite the differing character of these three roles they present a unified picture Jesus unusual behaviour arises from his growing pains as a developing child who is at the same time both human and divine Cousland s volume is the first detailed examination of the Christology of the Infancy Gospel of Thomas and provides a fresh and engaging approach to a topic not often discussed in representations of Jesus

The Gospel of Thomas and

Christian Wisdom Stevan L. Davies, 2005 Discovered in Egypt in 1945 as part of the Nag Hammadi Library the Gospel of Thomas was long considered irrelevant to the study of Jesus teachings Stevan Davies influential *The Gospel of Thomas and Christian Wisdom* overturned this view and enabled the Gospel of Thomas to be taken seriously as a source for the earliest Christianity This Bardic Press edition brings a classic work of accessible scholarship back into print A entirely new forty page introduction discusses recent developments in scholarship looks at Thomas independence from the New Testament gospels discusses the role of Mary Magdalene in the Gospel Thomas and offers a variety of valuable insights A fascinating additional essay speculates that Thomas may have been used as an oracle text in a similar way to the I Ching

The Gospel of Thomas Jerry A. Dirnberger, 2018-06-15 Jesus style was to avoid giving straightforward answers even though his disciples kept asking for explanations His unique sayings are the beatitudes those about turning the other cheek and the injunction to love enemies But treat people in the way you want to be treated is closer to Jesus perspective This book lists 114 secret sayings by Jesus preserved by his twin brother Judas Jude Thomas and discovered in 1945 near the Egyptian town of Nag Hammadi Author Jerome rewrites the words into twenty first century English

The Gospel of Thomas Jean-Yves Leloup, 2005-02-16 A new translation and analysis of the gospel that records the actual words of Jesus Explores the gnostic significance of Jesus s teachings recorded in this gospel Explains the true nature of the new man whose coming Jesus envisioned Translated and interpreted by the author of the bestselling *The Gospel of Mary Magdalene* and *The Gospel of Philip* One of the cache of codices and manuscripts discovered in Nag Hammadi the Gospel of Thomas unlike the canonical gospels does not contain a narrative recording Christ s life and prophecies Instead it is a collection of his teachings

what he actually said These 114 logia or sayings were collected by Judas Didymus Thomas whom some claim to be Jesus's closest disciple No sooner was this gospel uncovered from the sands of Upper Egypt than scholars and theologians began to bury it anew in a host of conflicting interpretations and polemics While some say it is a hodgepodge from the canonical gospels for others it is the source text from which all the gospel writers drew their material and inspiration In this new translation of the Gospel of Thomas Jean Yves Leloup shows that the Jesus recorded by the infinitely skeptical and infinitely believing Thomas has much in common with gnostics of non dualistic schools Like them Jesus preaches the coming of a new man the genesis of the man of knowledge In this gospel Jesus describes a journey from limited to unlimited consciousness The Jesus of Thomas invites us to drink deeply from the well of knowledge that lies within not so that we may become good Christians but so we may attain the self knowledge that will make each of us too a Christ

A Commentary on the Gospel of Thomas Petr Pokorný, 2011-12-22 This commentary is opened by a study offering information about all aspects of the Gospel of Thomas especially about its relation to other texts of early Christian literature including the canonical Gospels The successive commentary is based upon the Coptic version and discusses also all fragments of the original Greek text The volume is divided into two parts The first discusses the function of each logion saying within the frame of piety and theology of the Thomasine group for which the Gospel is composed The second part discusses its literary shape and its history including its relation to the historical Jesus The result is a portrait of the Gospel as a radical interpretation of Jesus heritage still preserving some forgotten features of his teaching

The Gospel of Thomas Robert Wolfe, 2010-11-11 If Jesus like the Buddha and the ancient Indian Vedas before him taught the radical oneness of all things an unorthodox singularity between self and the divine where is the record of such pronouncements by Jesus It is not in the New Testament In 1945 a discovery in an Egyptian desert may have revealed such a document The Gospel of Thomas

The Words of Jesus in the Gospel of Thomas David W.
