Donna Heiland, 2004-08-13 Gothic novels tell terrifying stories of patriarchal societies that thrive on the oppression or even outright sacrifice of women and others Donna Heiland's *Gothic and Gender* offers a historically informed theoretical introduction to key gothic narratives from a feminist perspective The book concentrates primarily on fiction from the 1760s through the 1840s exploring the work of Horace Walpole Clara Reeve Sophia Lee Matthew Lewis Charlotte Dacre Charles Maturin Ann Radcliffe William Godwin Mary Wollstonecraft Mary Shelley John Polidori James Malcolm Rymer Emily Bronte Charlotte Bronte Charlotte Smith and Charles Brockden Brown The final chapter looks at contemporary fiction and its relation to the gothic including an exploration of Margaret Atwood's *The Blind Assassin* and Ann Marie Macdonald's *Fall on Your Knees* A Coda provides an overview of scholarship on the gothic showing how gothic gradually became a major focus for literary critics and paying particular attention to the feminist reinvigoration of gothic studies that began in the 1970s and continues today Taken as a whole the book offers a stimulating survey of the representation of gender in the gothic suitable for both students and readers of gothic literature TransGothic in Literature and Culture Jolene Zigarovich, 2017-09-08

This book contributes to an emerging field of study and provides new perspectives on the ways in which Gothic literature visual media and other cultural forms explicitly engage gender sexuality form and genre The collection is a forum in which the ideas of several well respected critics converge producing a breadth of knowledge and a diversity of subject areas and methodologies It is concerned with several questions including How can we discuss Gothic as a genre that crosses over boundaries constructed by a culture to define and contain gender and sexuality How do transgender bodies specifically mark or disrupt this boundary crossing In what ways does the Gothic open up a plural narrative space for transgenre explorations encounters and experimentation With this the volume's chapters explore expected categories such as transgenders

transbodies and transembodiments but also broader concepts that move through and beyond the limits of gender identity and sexuality such as transhistories transpolitics transmodalities and transgenres Illuminating such areas as the appropriation of the trans body in Gothic literature and film the function of trans rhetorics in memoir textual markers of transgenderism and the Gothic s transgeneric qualities the chapters offer innovative but not limited ways to interpret the Gothic In addition the book intersects with but also troubles non trans feminist and queer readings of the Gothic Together these diverse approaches engage the Gothic as a definitively trans subject and offer new and exciting connections and insights into Gothic Media Film Narrative and Gender and Sexuality Studies **Romanticism, Gender, and Violence** Nowell Marshall,2013-07-22

Combining queer theory with theories of affect psychoanalysis and Foucauldian genealogy **Romanticism Gender and Violence** Blake to George Sodini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790 1820 but ultimately moving beyond the period to show its contemporary cultural relevance through readings of Eliot s *The Mill on the Floss* Virginia Woolf s *Mrs Dalloway* Andrew Holleran s *Dancer from the Dance* and George Sodini s 2009 murder suicide case this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself Doing so allows us to recognize that the relationship between non normative gender performance and violence is not simply a gay problem it is a human problem that can affect people of any sex sexuality age race or ethnicity and one that we can trace back to the Romantic period Bringing late 18th century novels into conversation with both canonical and lesser known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal we too often internalize these norms and punish ourselves or others for our inability to adhere to them Contrasting paired chapters by male and female authors and including sections on failed romantic coupling melancholic femininities melancholic masculinities failed gender performance and madness and ending with a section titled *After Romanticism* this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms **The Encyclopedia of Romantic Literature, 3 Volume Set**
