

CASEBOOK SERIES  
GENERAL EDITOR A. E. DYSON

# The Gothick Novel

A SELECTION OF CRITICAL ESSAYS  
EDITED BY VICTOR SAGE

# Gothick Novel

**Carol Margaret Davison**

## **Gothick Novel:**

**Gothic Stories Within Stories** Clayton Carlyle Tarr, 2017-04-28 Frame narratives stories within stories are featured in nearly every canonical Gothic novel Sometimes dismissed as a shopworn convention of the genre frame narratives in fact function as a dynamic basis for imaginative variation and are vital to evaluating the diverse Gothic tradition The juxtaposition between the everyday frame world of the story and the disturbing embedded narrative allows the monstrous to escape textual confines forcing the reader to experience the reassurance of the ordinary alongside the horror of the uncanny

**The gothic novel in Ireland, c. 1760-1829** Christina Morin, 2018-05-11 This electronic version has been made available under a Creative Commons BY NC ND open access license The gothic novel in Ireland c 1760 1829 offers a compelling account of the development of gothic literature in late eighteenth and early nineteenth century Ireland Countering traditional scholarly views of the rise of the gothic novel on the one hand and on the other Irish Romantic literature this study persuasively re integrates a body of now overlooked works into the history of the literary gothic as it emerged across Ireland Britain and Europe between 1760 and 1829 Its twinned quantitative and qualitative analysis of neglected Irish texts produces a new formal generic and ideological map of gothic literary production in this period persuasively positioning Irish works and authors at the centre of a new critical paradigm with which to understand both Irish Romantic and gothic literary production

**The Gothic Quest - A History of the Gothic Novel** Montague Summers, 2016-09-22 The Gothic Quest A History of the Gothic Novel is a 1938 treatise by Montague Summers on the subject of the Gothic novel looking at its origins evolution and role in contemporary literature Augustus Montague Summers 1880 1948 was an English clergyman and author most famous for his studies on vampires witches and werewolves all of which he believed to be very much real He also wrote the first English translation of the infamous 15th century witch hunter s manual the Malleus Maleficarum in 1928 Contents include The Romantic Feeling Notes to Chapter I The Publishers and the Circulating Libraries Notes to Chapter II Influences from Abroad Notes to Chapter III Historical Gothic Notes to Chapters IV Matthew Gregory Lewis etc Other notable works by this author include A Popular History of Witchcraft 1937 Witchcraft and Black Magic 1946 and The Physical Phenomena of Mysticism 1947 Many vintage books such as this are becoming increasingly scarce and expensive We are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author

**The Gothic Novel and the Stage** Francesca Saggini, 2015-08-12 In this ground breaking study Saggini explores the relationship between the late eighteenth century novel and the theatre arguing that the implicit theatricality of the Gothic novel made it an obvious source from which dramatists could take ideas Similarly elements of the theatre provided inspiration to novelists

*History of the Gothic: Gothic Literature 1764-1824* Carol Margaret Davison, 2009-12-01 Offers an introduction to British Gothic literature This book examines works by Gothic authors such as Horace Walpole Matthew Lewis Ann Radcliffe William Godwin and Mary Shelley

against the backdrop of eighteenth and nineteenth century British social and political history     *Encyclopedia of Gothic Literature* Mary Ellen Snodgrass, 2014-05-14 Presents an alphabetical reference guide detailing the lives and works of authors associated with Gothic literature     *The German Gothic Novel in Anglo-German Perspective* Patrick

Bridgwater, 2013-10-10 The first full length study of the main German contributors to the Gothic canon to each of whom a chapter is devoted The German Gothic Novel in Anglo German Perspective is an original historical and comparative study that goes well beyond the necessary review of the evidence to include much new material many new insights and pieces of analysis and some fundamental changes of perspective The book aims to put the record straight in bibliographical and literary historical terms and to act as a reference guide to facilitate future research so that anyone working on the German Gothic novel or on Anglo German interactions in the field of Gothic will find there references to all the relevant secondary literature The German Gothic Novel in Anglo German Perspective is addressed to Germanists but also to teachers and students of English American and comparative literature for there is at present hardly a hotter subject than Gothic The book s emphasis on the Gothic work of canonical writers should prompt even conservative German Departments to reconsider their attitude to Gothic Being addressed to scholars and students of German German quotations are given in German but English translations are added for the convenience of English and American scholars and students of Gothic who represent another important section of the books target audience     *The Handbook to Gothic Literature* Marie

Mulvey-Roberts, 1998-05-27 What do we mean by the term Gothic How does it differ from such classifications as terror and horror and where do its parameters lie In an attempt to define such an elusive term this A Z unearths the terminologies associated with Gothic through a variety of short essays written by leading scholars Not only does it plot the national characteristics of Gothic as in the French school of terror Frenetique to American Gothic but it also spans the period from Ann Radcliffe to Anne Rice     **A Research Guide to Gothic Literature in English** Sherri L. Brown, Carol Senf, Ellen J.

Stockstill, 2018-03-15 The Gothic began as a designation for barbarian tribes was associated with the cathedrals of the High Middle Ages was used to describe a marginalized literature in the late eighteenth century and continues today in a variety of forms literature film graphic novel video games and other narrative and artistic forms Unlike other recent books in the field that focus on certain aspects of the Gothic this work directs researchers to seminal and significant resources on all of its aspects Annotations will help researchers determine what materials best suit their needs A Research Guide to Gothic Literature in English covers Gothic cultural artifacts such as literature film graphic novels and videogames This authoritative guide equips researchers with valuable recent information about noteworthy resources that they can use to study the Gothic effectively and thoroughly     **The Cambridge Companion to Gothic Fiction** Jerrold E. Hogle, 2002-08-29 Gothic as a form of fiction making has played a major role in Western culture since the late eighteenth century Here fourteen world class experts on the Gothic provide thorough and revealing accounts of this haunting to horrifying type of fiction from the 1760s

the decade of *The Castle of Otranto* the first so called Gothic story to the end of the twentieth century an era haunted by filmed and computerized Gothic simulations Along the way these essays explore the connections of Gothic fictions to political and industrial revolutions the realistic novel the theatre Romantic and post Romantic poetry nationalism and racism from Europe to America colonized and post colonial populations the rise of film and other visual technologies the struggles between high and popular culture changing psychological attitudes towards human identity gender and sexuality and the obscure lines between life and death sanity and madness The volume also includes a chronology and guides to further reading

**Gothic Fiction** Angela Wright, 2007-07-20 What is the Gothic Few literary genres have attracted so much praise and critical disdain simultaneously This Guide returns to the Gothic novel's first wave of popularity between 1764 and 1820 to explore and analyse the full range of contradictory responses that the Gothic evoked Angela Wright appraises the key criticism surrounding the Gothic fiction of this period from 18th century accounts to present day commentaries Adopting an easy to follow thematic approach the Guide examines Contemporary criticism of the Gothic The aesthetics of terror and horror The influence of the French Revolution Religion nationalism and the Gothic The relationship between psychoanalysis and the Gothic The relationship between gender and the Gothic Concise and authoritative this indispensable Guide provides an overview of Gothic criticism and covers the work of a variety of well known Gothic writers such as Horace Walpole Ann Radcliffe Matthew Lewis and many others

**Gothic Fiction/Gothic Form** George E. Haggerty, 2010-11-01 This work offers a new perspective on Gothic fiction and reassesses its place in literary history After defining his concept of affective form and summarizing the problematic assumptions behind recent critical approaches to the Gothic George Haggerty introduces a startling theoretical discussion of the Gothic Tale and he explains in what ways the tale as a form with identifiable affective properties is ideally suited to Gothic concerns Having established a direct relation between this study and recent discussions of narratology and generic identity Haggerty develops his argument as it applies to major Gothic works in both England and America including works by Walpole Radcliffe Lewis Maturin Shelley Bronte Poe Hawthorne and James He examines the Gothic Tale as a form that resolves the inconsistency and incoherence of many Gothic novels and offers even the best of them a center of focus and a way of achieving their fullest affective power In this study the Gothic Tale emerges as a means of heightening the emotional intelligibility of Gothic fiction and answering Walpole's confused desire to unite two kinds of romance in the Gothic It is a form that can answer the ontological and epistemological as well as the structural challenge of the Gothic writers From its first hints within the Gothic novel as an alternative literary mode offering the Gothicists various expressive advantages to its eerie success in a work such as James's *The Jolly Corner* the Gothic Tale offers insight into generic distinction and literary expression This is a major statement about an important literary form

**British Identities, Heroic Nationalisms, and the Gothic Novel, 1764-1824** T. Wein, 2002-07-22 *British Identities Heroic Nationalisms and the Gothic Novel 1764-1824* considers three interlocking developments of this period the

emergence of the Gothic novel at a time when national upheavals required the construction of a new nationalist identity the Gothic novel's redefinition of heroes and heroism in that nationalist debate and changes within class and gender as well as audience and author relations The scope of this study extends beyond the confines of the novel proper to include chapbooks and illustrated redactions

An Introduction to the Detective Story LeRoy Panek, 1987 This book traces the origins of the detective story presents the literary and cultural forces that have influenced it follows its development and discusses some of the major authors who have contributed to its evolution and popularity Adapted from the author's Preface

*Gothic Fiction and the Invention of Terrorism* Joseph Crawford, 2013-09-12 Choice Outstanding Academic Title 2014 This book examines the connections between the growth of terror fiction the genre now known as Gothic in the late eighteenth century and the simultaneous appearance of the conceptual origins of terrorism as a category of political action In the 1790s Crawford argues four inter connected bodies of writing arose in Britain the historical mythology of the French Revolution the political rhetoric of terrorism the genre of political conspiracy theory and the literary genre of Gothic fiction known at the time as terrorist novel writing All four bodies of writing drew heavily upon one another in order to articulate their shared sense of the radical and monstrous otherness of the extremes of human evil a sense which was quite new to the eighteenth century but has remained central to the ways in which we have thought and written about evil and violence ever since

A Companion to the Eighteenth-Century English Novel and Culture Paula R. Backscheider, Catherine Ingrassia, 2009-10-19 A Companion to the Eighteenth century Novel furnishes readers with a sophisticated vision of the eighteenth century novel in its political aesthetic and moral contexts An up to date resource for the study of the eighteenth century novel Furnishes readers with a sophisticated vision of the eighteenth century novel in its political aesthetic and moral context Foregrounds those topics of most historical and political relevance to the twenty first century Explores formative influences on the eighteenth century novel its engagement with the major issues and philosophies of the period and its lasting legacy Covers both traditional themes such as narrative authority and print culture and cutting edge topics such as globalization nationhood technology and science Considers both canonical and non canonical literature

**Romantic Prose Fiction** Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization

SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism

series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams. Romantic Drama traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd. Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self-commentary in theoretical statements on the arts, society, life, the sciences, and more. Nor are the discursive dimensions of imaginative literature neglected in the closing volume, Romantic Prose Fiction, where the basic Romantic themes and story types, the romance, the novel, the novella, the short story, and other narrative forms are considered throughout Europe and the New World. This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations. As an aid to readers, the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix. No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries, a heritage still very close to our age.

The Cambridge Companion to the Eighteenth-Century Novel John Richetti, 1996-09-05. In the past twenty years, our understanding of the novel's emergence in eighteenth-century Britain has drastically changed. Drawing on new research in social and political history, the twelve contributors to this Companion challenge and refine the traditional view of the novel's origins and purposes. In various ways, each seeks to show that the novel is not defined primarily by its realism of representation but by the new ideological and cultural functions it serves in the emerging modern world of print culture. Sentimental and Gothic fiction and fiction by women are discussed alongside detailed readings of work by Defoe, Swift, Richardson, Henry Fielding, Sterne, Smollett, and Burney. This multifaceted picture of the novel in its formative decades provides a comprehensive and indispensable guide for students of the eighteenth-century British novel and its place within the culture of its time.

*History of the Gothic: Gothic*

*Literature 1825-1914* Jarlath Killeen, 2009-07-01 Examines how themes and trends associated with the early Gothic novels were diffused in many genres in the Victorian period including the ghost story the detective story and the adventure story

*The Columbia History of the British Novel* John Richetti, John Bender, Deirdre David, Michael Seidel, 1994-05-19 Booklist
