Effective Education A Minority Policy Perspective:

Effective Education Charles V. Willie, 1987-02-11 *Effective Education* analyzes the ways in which majority and minority interests interact in the educational system. It outlines the concepts, goals, and policies of effective educational environments and examines teaching and learning strategies for diversified groups of students. Despite the additional challenges presented by diversified student populations, author Charles V. Willie demonstrates the advantages which may also derive from these groups and shows how minority students can make general contributions to educational reform. **Resources in**

In the process, they illustrate various aspects of the dilemma with a wide range of views and address the complexity of the topic by including a consideration of the factors that impact upon the academic achievement of African American students. Lomotey considers the implications for research, policy, and practice related to African American academic achievement.

Lives on the Boundary Mike Rose, 2005-07-26 The award winning account of how America's educational system fails its students and what can be done about it. Remedial, illiterate, intellectually deficient—these are the stigmas that define America's educationally underprepared. Having grown up poor and been labeled this way, nationally acclaimed educator and author Mike Rose takes us into classrooms and communities to reveal what really lies behind the labels and test scores. With rich detail, Rose demonstrates innovative methods to initiate problem students into the world of language, literature, and written expression. This book challenges educators, policymakers, and parents to re-examine their assumptions about the capacities of a wide range of students. Already a classic, *Lives on the Boundary* offers a truly democratic vision, one that should be heeded by anyone concerned with America's future. A mirror to the many lacking perfect grammar and spelling who may see their dreams translated into reality after all. *Los Angeles Times Book Review*. Vividly written, tears apart all of society's prejudices about the academic abilities of the underprivileged. *New York Times*. Grassroots Social Action Charles V. Willie, Steven
