Effects Of Receiving Country Policies On Migration Flows:

The Effects Of Receiving Country Policies On Migration Flows Sergio Diaz-briquets, Sidney Weintraub, 2019-06-26 This book deals with migrant sending countries in the Western Hemisphere because that was the Commission's mandate and because the bulk of undocumented immigrants into the United States come from Mexico and other countries of the Caribbean Basin

Economic Migration Effects Amelia Scott, AI, 2025-02-21 Economic Migration Effects explores the driving forces behind global mobility asserting that economic factors are paramount in understanding migration patterns The book examines how individuals respond to economic incentives such as wage levels and unemployment rates in their decisions to migrate It highlights the push and pull factors influencing these choices and analyzes their effects on both sending and receiving economies Intriguingly the book reveals that globalization and technological advancements have reshaped migration's scale and scope while remittances sent home by migrants can significantly impact developing economies The book adopts a systematic approach starting with core migration theories like neoclassical economics and dual labor market theory It progresses to analyzing the economic impacts of migration on labor markets economic growth and public finances using financial analyses and labor market studies A key feature is its integration of micro level decision making with macro level economic analysis offering a comprehensive view of how individual choices shape broader migration trends The book concludes by exploring the political science aspect of policy implications offering evidence based recommendations for managing migration flows to benefit migrants and host communities It emphasizes the importance of understanding economic incentives to predict and manage migration effectively making it a valuable resource for students researchers policymakers and anyone interested in the economics of migration

The Macroeconomic Impact of Remittances on the Sending Country Germán Alberto Zaráte, 2000

How Immigrants Impact Their Homelands Susan Eva Eckstein, Adil Najam, 2013-04-05 How Immigrants Impact Their Homelands examines the range of economic social and cultural impacts immigrants have had both knowingly and unknowingly in their home countries The book opens with overviews of the ways migrants become agents of homeland development The essays that follow focus on the varied impacts immigrants have had in China India Cuba Mexico the Philippines Mozambique and Turkey One contributor examines the role Indians who worked in Silicon Valley played in shaping the structure successes and continued evolution of India's IT industry Another traces how Salvadoran immigrants extend U S gangs and their brutal violence to El Salvador and neighboring countries The tragic situation in Mozambique of economically desperate migrants who travel to South Africa to work contract HIV while there and infect their wives upon their return is the subject of another essay Taken together the essays show the multiple ways countries are affected by immigration Understanding these effects will provide a foundation for future policy reforms in ways that will strengthen the positive and minimize the negative effects of the current mobile world Contributors Victor Agadjanian Boaventura Carlos Jos Miguel Cruz Susan Eva Eckstein Kyle Eischen David Scott FitzGerald Natasha

Iskander Riva Kastoryano Cecilia Menj var Adil Najam Rhacel Salazar Parre as Alejandro Portes Min Ye **Causes of International Migration** Bob Vandererf, Liesbeth Heering, 1996 Reviews the current state of the art in research on the causes of international migration data availability modeling international migration econ Turkish migration to Western Europe Sub Saharan Africa Migrations in Lithuania Poland the future of East West Migration more **The Economics of International Migration** Giovanni Peri, 2016-01-07 The Economics of International Migration is a collection of the fundamental articles written by Giovanni Peri on the economic determinants and consequences of international migration These papers have provided the theoretical framework and empirical analysis for a rethinking of the economics of migration going beyond the Canonical model of labor demand and supply used until the 1990s Beginning with a simple model that recognizes the differences between immigrants and natives as workers the articles develop the analysis of complementarity specialization and productivity effect of immigrants in developed economies The book then presents a series of papers analyzing and testing the economic motivation for international migration Finally the focus is shifted to the effect of immigration policies and their consequences on immigration and the economy **Policy Coherence for Development 2007 Migration and Developing Countries** OECD, 2007-11-14 This book takes stock of what we know about the effects of migration on development and distills from that knowledge a set of policy recommendations for sending and receiving countries alike *Latin American Economic Outlook 2010* OECD, 2009-11-30 The OECD Latin American Economic Outlook 2010 provides a fresh analysis of economic trends in the region with a particular focus on the role that international migration and remittances play in shaping the current context **The Rights of Immigrant Workers in the European Union** Joanna Apap, 2002-09-01 This book is one of the very few studies that evaluates the evolving policies towards third country nationals residing and working in the European Union EU Other studies have analysed the existing legal framework of citizenship and migrants rights in the EU and the flow of migrants into the Community However much less comparative research has been carried out about the actual position and the practice of migrants rights in the receiving countries in the context of an ever integrating EU and the removal of internal borders The focus of this book is on the consequences of the increasing number of Maghrebin workers residing in Italy and Spain both for EU policy and with respect to these two countries as relatively new receiving states The book examines What public policy implications does the labour immigration from the Maghreb Countries have for the EU as a supranational Community rather than for the Member states individually To what extent can citizenship rights be extended to third country nationals legally residing in a European Union to make their status as close as possible to that of European citizens The linkages between migration, agriculture, food security and rural development Food and Agriculture Organization of the United Nations, International Fund for Agricultural Development, International Organization for Migration, World Food Programme, 2018 Migration has contributed to the society we live in today and as such it is part of our shared history Both the causes and the consequences are multifaceted and

complicated While many people leave their homes as a result of conflict or poverty others move under conditions of peace political stability and development A large share of international migrants originated from rural areas This is an important part of the structural transformation of an economy and is an important part of the structural transformation of an economy Examining the complex interlinkages of migration with agriculture This report examines the existing literature and provides evidence from both developed and developing countries focusing on why people from rural areas decide to migrate It explores the drivers of migration both international and internal and aims to deepen our understanding of the interlinkages with agriculture food security and rural development This report assesses the impact of migration on countries of origin and destination focusing on rural areas and the agricultural sector It discusses how agricultural and social policies can address challenges and capitalize on opportunities created by migration trends

Five Years of an Enlarged EU

Filip Keereman,Istvan Szekely,2010-07-23 The Fifth Enlargement that took place in 2004 and 2007 was a milestone in the history of the European Union Not only because of the large number of acceding countries but also because of their recent political and economic experience Ten of them had undergone a profound transition from a totalitarian regime to democracy and from a centrally planned economy to a market based system Most of them had income levels significantly below those of the then EU 15 Now 6 years later we can clearly see that the process of European integration both before and after 2004 was what enabled Europe to overcome the gaps between various parts of the continent The enlargement made Europe a better and wealthier place and strengthened its position in the world Integration into the European Union has always been one of the strongest incentives for reform in the new Member States Particularly important in my view have been the development of financial markets through foreign direct investment and capital flows and the opening of labour markets which was a two way phenomenon with markets being opened up in acceding as well as the incumbent Member States The Fifth Enlargement was thus an exercise of globalisation in miniature a practice run for the Union to tackle the challenges of the ever smaller world

Illegal Immigration in America David W. Haines,Karen Rosenblum,1999-10-30 Few issues have provoked as much controversy over the last decade as illegal immigration While some argue for the need to seal America's borders and withdraw all forms of social and governmental support for illegal migrants and their children others argue for humanitarian treatment including legalization for people who fill widely acknowledged needs in American industry and agriculture and have left home country situations of economic hardship or political persecution The study of illegal immigration necessarily confronts a broad range of migrants from the familiar border crossers to those who enter illegally and overstay their visas to the many unrecognized refugees who enter the country to seek protection under U S asylum law The subject also demands attention to American society's responses to these newcomers responses that often focus on limited elements of a complex issue A comprehensive up to date review of this volatile subject this book provides an accessible balanced introduction to the subject Covering the full range of illegal immigrants from Mexican border crossers to Central American refugees illegal

Europeans and smuggled Chinese the book considers the kind of work the migrants do and the public response to them The work is divided into four parts Concepts Policies and Numbers The Migrants and Their Work The Responses and Illegal Immigration in Perspective **International Migration and International Trade** Sharon Stanton Russell,1992 World Bank Technical Paper No 154 Also available Volume 1 ISBN 0 8213 1843 8 Stock No 11843 Volume 2 ISBN 0 8213 1844 6 Stock No 11844 Provides state of the art guidance and information on the procedural requirements and practical aspects of environmental assessment in various sector and location specific contexts Three volumes also available in Arabic Volume 1 ISBN 0 8213 3523 5 Stock No 13523 Volume 2 ISBN 0 8213 3617 7 Stock No 13617 Volume 3 ISBN 0 8213 3618 5 Stock No 13618 Rural migration in sub-Saharan Africa: patterns, drivers and relation to structural transformation Food and Agriculture Organization of the United Nations,CIRAD Agricultural Research for Development,2020-02-13 Sub Saharan Africa has a long history of internal and international migratory movements Migration patterns and dynamics from to and between rural areas are profoundly differentiated across regions and flows have considerably evolved over time Yet more recently rural migration takes place in the unique situation of a major rural and urban demographic increase which results in critical socio economic and environmental challenges In this context intertwined migration drivers emerge and call for a better understanding of on going dynamics This working paper draws on a combination of literature review and data analysis building on the results of the Atlas Rural Africa in motion Dynamics and drivers of migration South of the Sahara This mixed approach is used to propose a conceptual framework based on past current and future drivers of migration then to examine observed patterns of rural migration and finally to discuss drivers characteristics and dynamics from case studies and existing datasets Out of Africa Giovanni Carbone,2017-12-15 The EU is struggling to cope with the so called migration crisis that has emerged over the past few years Designing the right policies to address immigration requires a deep understanding of its root causes Why do Africans decide to leave their home countries While the dream of a better life in Europe is likely part of the explanation one also needs to examine the prevailing living conditions in the large and heterogeneous sub Saharan region This Report investigates the actual role of political economic demographic and environmental drivers in current migration flows It offers a comprehensive picture of major migration motives as well as of key trends Attention is also devoted to the role of climate change in promoting migration and to intra continental mobility two thirds of sub Saharan migrant flows start and end within the region Two country studies on Eritrea and Nigeria are also included to get a closer sense of local developments behind large scale migration to Europe **World Population and Human Capital in the Twenty-first Century** Wolfgang Lutz,William P.
