## **Edward Sapir Linguist Anthropologist Humanist:**

*Edward Sapir* Regna Darnell, Regna Diebold Darnell, 1990 Eliciting much new material on Sapir's life and times as well as offering a judicious assessment of his accomplishments this will be the benchmark Sapir biography Raymond D Fogelson University of Chicago Outstandingly original an account not only of Sapir's life but of a whole era in American intellectual history William Bright University of Colorado Eliciting much new material on Sapir's life and times as well as offering a judicious assessment of his accomplishments this will be the benchmark Sapir biography Raymond D Fogelson University of Chicago Exploring the Interplay of Edward Sapir's Anthropology and Lacanian Psychoanalysis Lenart Kodre, 2025-03-15

Was Edward Sapir's perspective on culture and personality groundbreaking or should we regard it as just one more theory that reached a scientific dead end Exploring the Interplay of Edward Sapir's Anthropology and Lacanian Psychoanalysis Culture and Subjectivity introduces a fresh perspective to traditional anthropological discourse by exploring Edward Sapir's insights into culture and personality relationship alongside Jacques Lacan's theories on the individual and collective This book reassesses the dynamics between subjective and social realms paving the way for potentially a new anthropological model of subjectivity and the definition of culture Exploring the historical context of anthropology psychoanalysis relationships this book synthesizes diverse conceptions of culture and personality through an interdisciplinary lens By leveraging Lacan's theoretical framework to interpret Sapir's bold ideas on the culture personality dyad it assesses integrating Lacanian subjectivity into the culture individual relationship bridging commonalities between the two fields and introducing insights into their interdisciplinary interplay This book summarizes key findings from Lacanian subjectivity theory and examines a new perspective on the process of cultural transmission and socialization by highlighting Sapir's pioneering view on the relationship between the individual and society It also addresses ontological epistemological and methodological questions in anthropology through Lacanian dynamics of desire **Anthropologists and the Rediscovery of America, 1886-1965** John S. Gilkeson, 2010-09-20 This book examines the intersection of cultural anthropology and American cultural nationalism from 1886 when Franz Boas left Germany for the United States until 1965 when the National Endowment for the Humanities was established Five chapters trace the development within academic anthropology of the concepts of culture social class national character value and civilization and their dissemination to non anthropologists As Americans came to think of culture anthropologically as a complex whole far broader and more inclusive than Matthew Arnold's the best which has been thought and said so too did they come to see American communities as stratified into social classes distinguished by their subcultures to attribute the making of the American character to socialization rather than birth to locate the distinctiveness of American culture in its unconscious canons of choice and to view American culture and civilization in a global perspective **The History of Anthropology** Regna Darnell, 2021 This volume on the history of anthropology emphasizes schools of theory institutional connections social networks and collaborative research with North

American Indigenous communities Regna Darnell a fifty year veteran of the field brings unsurpassed historicist and presentist interpretations of the discipline's legacy

**General Linguistics** Pierre Swiggers, 2008-10-23 Volume I of Edward Sapir's Collected Works contains the reedition of Sapir's papers and reviews in general linguistics in the philosophy of language and linguistics the origin of language general semantics the construction of an international auxiliary language as well as his articles on language and dialect written for the Encyclopedia of Social Sciences The texts have been reedited and supplied with an introductory study and notes The introductory studies assess Sapir's contribution to the linguistic study of the various topics dealt with Volume I also contains a reprint of retrospective appraisals of Sapir's work in general linguistics written by Zellig Harris and Stanley Newman

*The Big Picture Man* Scott L. Rolston, 2011-01-24 Throughout the first six decades of the twentieth century Alfred Louis Kroeber worked with great distinction as a member of an anthropological circle the ethos of which he could not fully share His beliefs regarding the evolution of languages and the controversial notion of cultural evolution more generally conflicted with the reigning Boasian paradigm Some of the concepts with which he struggled such as the familial relationships among American languages and the emergent character of culture became less problematic after he had passed from the scene Although Kroeber is regarded as one of the founding figures of American anthropology his contributions to the establishment of the genetic approach in historical linguistics were overshadowed by the genius of his collaborator and correspondent Edward Sapir

**Composing Cultures** Eric Aronoff, 2013-10-18 The term culture has become ubiquitous in both academic and popular conversations but its usefulness is a point of dispute Taking the current shift from cultural studies to aesthetics as the latest form of this discussion Eric Aronoff contends that in American modernism the concepts of culture and of aesthetics have always been inseparable The modernist concept of culture he argues arose out of an interdisciplinary dialogue about value meaning and form among social critics artists anthropologists and literary critics including figures as diverse as Van Wyck Brooks Edward Sapir Willa Cather Lewis Mumford John Crowe Ransom Raymond Weaver and Allen Tate These figures proposed new ways to conceive of culture that intertwined theories of aesthetic and literary value with theories of national racial and regional identity Through close readings Aronoff shows that disciplines and approaches that are often thought of as opposed cultural anthropology and aesthetics American literary history and literary criticism and multiculturalism and regionalism are in fact engaged in common debate and proceed from shared arguments about culture and form

The Jews' Indian David S. Koffman, 2019-02-08 Winner of the 2020 Jordan Schnitzer Book Award in Social Science Anthropology and Folklore Honorable Mention 2021 Saul Viener Book Prize The Jews Indian investigates the history of American Jewish relationships with Native Americans both in the realm of cultural imagination and in face to face encounters These two groups exchanges were numerous and diverse proving at times harmonious when Jews and Natives people's economic and social interests aligned but discordant and fraught at other times American Jews could be as exploitative of Native cultural social and political issues as other American settlers and historian

David Koffman argues that these interactions both unsettle and historicize the often triumphant consensus history of American Jewish life Focusing on the ways Jewish class mobility and civic belonging were wrapped up in the dynamics of power and myth making that so severely impacted Native Americans this book is provocative and timely the first history to critically analyze Jewish participation in and Jews grappling with the legacies of Native American history and the colonial project upon which America rests

*A Companion to Linguistic Anthropology* Alessandro Duranti, 2008-04-15 A Companion to Linguistic Anthropology provides a series of in depth explorations of key concepts and approaches by some of the scholars whose work constitutes the theoretical and methodological foundations of the contemporary study of language as culture Provides a definitive overview of the field of linguistic anthropology comprised of original contributions by leading scholars in the field Summarizes past and contemporary research across the field and is intended to spur students and scholars to pursue new paths in the coming decades Includes a comprehensive bibliography of over 2000 entries designed as a resource for anyone seeking a guide to the literature of linguistic anthropology

**Culture's Futures** Eric Aronoff, 2025-02-24 This book argues that science fiction has been a key participant along with anthropology and literary theory in the interdisciplinary debates over culture and narrative form from the modernist period to the present Both science fiction and the anthropological ethnography in their modernist forms and post modern postcolonial reinventions are intertwined technologies for constructing culture and difference through narrative worldbuilding This book traces the ways SF authors including Ray Bradbury Ursula K Le Guin and Octavia E Butler as well as Indigenous futurists Craig Strete Celu Amberstone Rebecca Roanhorse and Cherie Dimaline have deployed interrogated and revised these models of culture representation and power to imagine new futures

**Culture and Language Use** Gunter Senft, Jan-Ola Östman, Jef Verschueren, 2009-06-25 The ten volumes of Handbook of Pragmatics Highlights focus on the most salient topics in the field of pragmatics thus dividing its wide interdisciplinary spectrum in a transparent and manageable way While other volumes select philosophical cognitive grammatical social variational interactional or discursive angles this second volume reviews basic topics and traditions that place language use in its cultural context As emphasized in the introduction and as revealed in the choice of articles culture is by no means to be seen as standing in opposition to society and cognition on the contrary the notion cannot be understood without insight into the intricate interactions of social and cognitive structures and processes In addition to the topical articles a number of contributions to this volume is devoted to aspects of methodology Others highlight the role of eminent scholars who have made the study of cultural dimensions of language use into what it is today

**Histories of Anthropology Annual** Regna Darnell, Frederic Wright Gleach, 2007-01-01 Histories of Anthropology Annual presents diverse perspectives on the discipline's history within a global context Critical comparative analytical and narrative studies involving all aspects and subfields of anthropology are included Volume 3 features critical and biographical studies of Sir Richard Burton Frank Hamilton Cushing J N B Hewitt Stephen Leacock Ant nor Firmin and Leslie A White Analytical topics include

applied and collaborative anthropologies Edward Sapir's phonemic poetics mercantile proto capitalism the Delaware Big House ceremony and race and racism in anthropology      *Modern Judaism and Historical Consciousness* Andreas Gotzmann, Christian Wiese, 2007 Written by leading authors in their respective fields this first comprehensive handbook on the relationship between modern Judaism and historical thinking contributes to a differentiated interpretation of Jewish historiography and its interaction with other academic disciplines since the Enlightenment      *Handbook of Descriptive Linguistic Fieldwork* Shobhana L. Chelliah, Willem J. de Reuse, 2010-10-06 The Handbook of Descriptive Linguistic Fieldwork is the most comprehensive reference on linguistic fieldwork on the market bringing together all the reader needs to carry out successful linguistic fieldwork Based on the experiences of two veteran linguistic fieldworkers and advice from more than a twenty active fieldwork researchers this handbook provides an encyclopedic review of current publications on linguistic fieldwork and surveys past and present approaches and solutions to problems in the field and the historical political and social variables correlating with fieldwork in different areas of the world The discussion of the ethical dimensions of fieldwork as well as what constitutes the typical linguistic fieldwork setting or consultant is explored from multiple perspectives relevant to fieldwork on every continent Included is information omitted in most other texts on the subject such as the collection representation management and methods of extracting grammatical information from discourse and conversational data as well as the relationship between questionnaire based elicitation text based elicitation and philology and the need for combinations of these methods The book is useful before during and after linguistic field trips since it provides extensive practical macro and micro organization and planning fieldwork tips as well as a handy sketch of major typological features for use in linguistic analysis Comprehensive references are provided at the end of each chapter as resources relevant to the reader's particular interests      **Anthropologica**, 1998      Readings for a History of Anthropological Theory, Fourth Edition Paul A. Erickson, Liam D. Murphy, 2013-04-21 This comprehensive anthology offers over 40 readings that are critical to the understanding of anthropological theory and the development of anthropology as an academic discipline The fourth edition maintains a strong focus on the four field roots of the discipline in North America but has been reorganized with a new section on twenty first century theory including coverage of postcolonial and public anthropology New key terms and introductions accompany each reading and a revamped glossary makes the book more student friendly Used on its own or together with the overview text *A History of Anthropological Theory Fourth Edition* this anthology offers a flexible and unrivaled introduction to anthropological theory that reflects not only the history but also the changing nature of the discipline today For additional resources visit the Teaching Theory page at [www.utpteachingculture.com](http://www.utpteachingculture.com)      Invisible Genealogies Regna Darnell, 2001-01-01 *Invisible Genealogies* is a landmark reinterpretation of the history of anthropology in North America During the past two decades theorizing by many American anthropologists has called for an experimental moment grounded in explicit self reflexive scholarship and experimentation with alternate forms of

presentation Such postmodern anthropology has effectively downplayed connections with past luminaries in the field whose scholarship is perceived to be uncomfortably colonialist and nonreflexive Ironically as the American Anthropological Association nears its one hundredth anniversary and interest in the history of the discipline is at an all time high that history has been effectively presented as removed from and irrelevant to the new generation Invisible Genealogies offers an alternative compelling vision of the development of anthropology in North America one that emphasizes continuity rather than discontinuity from legendary founder Franz Boas to the present Regna Darnell identifies key interpretive assumptions and practices that have persisted sometimes in modified form since the groundbreaking work of A L Kroeber Boas Ruth Benedict Edward Sapir Elsie Clews Parsons Paul Radin Benjamin Lee Whorf and A Irving Hallowell during the founding decades of anthropology Also highlighted are the Americanist roots of postmodern anthropology and the work of innovative recent scholars like Claude Lévi Strauss and Clifford Geertz

Theory in Social and Cultural Anthropology R. Jon McGee, Richard L. Warms, 2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences Over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it Consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all Students in particular are likely to turn to the web to find quick background information on theorists and theories However most web based information is inaccurate and or lacks depth Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will In response SAGE Reference plans to publish the two volume Theory in Social and Cultural Anthropology An Encyclopedia Features Benefits Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage To ease navigation between and among related entries a Reader's Guide groups entries thematically and each entry is followed by Cross References In the electronic version the Reader's Guide combines with the Cross References and a detailed Index to provide robust search and browse capabilities An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion

**Visions of Culture** Jerry D. Moore, 2004-02-23 This new edition of Jerry D Moore's Visions of Culture presents introductory anthropology students with a brief readable and balanced treatment of theoretical developments in the field New to this edition are pieces on Sherry Ortner Pierre Bourdieu and Eric Wolf an Epilogue that describes key current debates over theory This is an ideal text for classes on the theory or the history of anthropology
