Edward VIII By Donaldson Frances Lonsdale:

George Pitt-Rivers and the Nazis Bradley W. Hart, 2015-10-29 George Pitt Rivers began his career as one of Britain's most promising young anthropologists conducting research in the South Pacific and publishing articles in the country's leading academic journals. With a museum in Oxford bearing his family name, Pitt Rivers appeared to be on track for a sterling academic career that might even have matched that of his grandfather, one of the most prominent archaeologists of his day. By the early 1930s, however, Pitt Rivers had turned from his academic work to politics. Writing a series of books attacking international communism and praising the ideas of Benito Mussolini and Adolf Hitler, Pitt Rivers fell into the circles of the anti-Semitic far right. In 1937, he attended the Nuremberg Rally and personally met Adolf Hitler and other leading Nazis. With the outbreak of war in 1940, Pitt Rivers was arrested and interned by the British government on the suspicion that he might harm the war effort by publicly sharing his views, effectively ending his academic career. This book traces the remarkable career of a man who might have been remembered as one of Britain's leading 20th-century anthropologists but instead became involved in a far-right milieu that would result in his professional ruin and the relegation of most of his research to the margins of scientific history. At the same time, his wider legacy would persist far beyond the academic sphere and can be found to the present day.

Nancy Cunard Lois Gordon, 2007-03-27 Lois Gordon's absorbing biography tells the story of a writer, activist, and cultural icon who embodied the dazzling energy and tumultuous spirit of her age and whom William Carlos Williams once called one of the major phenomena of history. Nancy Cunard (1896-1965) led a life that surpasses Hollywood fantasy. The only child of an English baronet and heir to the Cunard shipping fortune and an American beauty, Cunard abandoned the world of a celebrated socialite and Jazz Age icon to pursue a lifelong battle against social injustice as a wartime journalist, humanitarian aid worker, and civil rights champion. Cunard fought fascism on the battlefields of Spain and reported firsthand on the atrocities of the French concentration camps. Intelligent and beautiful, she romanced the great writers of her era, including three Nobel Prize winners, and was the inspiration for characters in the works of Ezra Pound, T. S. Eliot, Aldous Huxley, Pablo Neruda, Samuel Beckett, and Ernest Hemingway, among others. Cunard was also a prolific poet, publisher, and translator, and after falling in love with a black American jazz pianist, became deeply committed to fighting for black rights. She edited the controversial anthology *Negro*, the first comprehensive study of the achievement and plight of blacks around the world. Her contributors included Langston Hughes, W. E. B. Du Bois, and Zora Neale Hurston, among scores of others. Cunard's personal life was as complex as her public persona. Her involvement with the civil rights movement led her to be ridiculed and rejected by both family and friends. Throughout her life, she was plagued by insecurities and suffered a series of breakdowns, struggling with a sense of guilt over her promiscuous behavior and her ability to survive so much war and tragedy. Yet, Cunard's writings also reveal an immense kindness and wit, as well as her renowned, often flamboyant defiance of prejudiced social conventions. Drawing on diaries, correspondence, historical accounts, and the remembrances of others, Lois

Gordon revisits the major movements of the first half of the twentieth century through the life of a truly gifted and extraordinary woman. She also returns Nancy Cunard to her rightful place as a major figure in the historical social and artistic events of a critical era. National Union Catalog, 1980. *Edward VIII: the Road to Abdication* Lady Frances Lonsdale Donaldson, 1974. EDWARD VIII was heralded as the definitive biography of the ex King and awarded the prestigious Wolfson Prize when it was first published in 1974. Since then no book on the subject has come close to Frances Donaldson's in scholarship or detachment and this re issue also features the extra material added to the text in 1986. World in the Balance Brooke C. Stoddard, 2011-02-28. In mid 1940 the British Expeditionary Force desperately attempted to flee the small French port of Dunkirk and reach British shores. France was falling and the men were well aware that the German army had already conquered Poland, Denmark, Norway, Holland and Belgium. Only Britain remained. Churchill then proclaimed to the House of Commons: "Hitler will have to break us in this island or lose the war. There were perhaps no more telling words spoken in World War II. For the following five months Great Britain waged a heroic and clandestine struggle with Nazi Germany on both psychological and diplomatic fronts over the fate of the world. World in the Balance recounts these pivotal months. Rallying after Churchill's speeches, destroying the French fleet so it would not fall to the Germans, fending off Nazi agents from former King Edward VIII, weakening England's defenses to build up those of Egypt, establishing a dedication to secret radar and engaging in deft diplomacy, notably saving Gibraltar by keeping Spain neutral and successfully courting favor in the United States, set all the pieces in place for eventual victory over Axis fascism. **Building** Isaiah Berlin, 2013-08-31. In the period covered here 1960-75 Isaiah Berlin creates Wolfson College, Oxford. John F. Kennedy becomes US President and is assassinated. Berlin dines with JFK on the day he is told of the Soviet missile bases in Cuba. The Six Day Arab-Israeli war of 1967 creates problems that are still with us today. Richard M. Nixon succeeds Johnson as US President and resigns over Watergate and the long agony of the Vietnam War grinds on in the background. At the same time Berlin publishes some of his most important work including *Four Essays on Liberty*, the key texts of his liberal pluralism and the essays later included in *Vico and Herder*. He talks on the radio, appears on television and in documentary films and gives numerous lectures, especially his celebrated Mellon Lectures, later published as *The Roots of Romanticism*. Behind these public events is a constant stream of gossip and commentary, acerbic humour and warm personal feeling. Berlin writes about an enormous range of topics to a sometimes dazzling cast of correspondents. This new volume leaves no doubt that Berlin is one of the very best letter writers of the twentieth century. **World War II** Spencer C. Tucker, 2016-09-06.
