**Colonial Virginians and Their Maryland Relatives** Norma Tucker, 2009-06 This copiously documented volume sheds new light on one of the earliest families to settle in Virginia that of Captain William Tucker of London and on a number of allied families whose progenitors figured in the early history of the Virginia and Maryland colonies Oakland Township: Two Hundred Years - Volume 1 , **The Companion Guide to Venice** Hugh Honour, 1997 It offers all that the visitor with a concern for beauty and for leisurely sight seeing will require Financial Times If ever a guidebook were designed to be read as literature it is Mr Honour s Even those who know Venice well and love it well will add to their appreciation from this seemingly endless store of information Economist Offers all that the visitor with a concern for beauty and for leisurely sight seeing will require FINANCIAL TIMES The best guide book I have ever encountered and a book I found it impossible not to read from beginning to end OBSERVER There are few pleasanter ways of passing a summer s evening than sitting over a cup of coffee and perhaps a glass of Aurum in the Piazza San Marco It is especially agreeable on those nights when the Venetian city band thunders away at some throbbingly romantic piece And all the while the younger inhabitants parade around the square chattering flirting quarrelling and staring at their visitors with that same unwinking gaze that Venetians have turned on their guests for the past five centuries The facade of San Marco closes the scene in a glitter of golden mosaic and a bubbling of cupolas while the great thick red campanile stretches up into the warm mothy darkness of the summer sky Hugh Honour it is clear knows Venice exceptionally well and catches the rhythms of the city s life with unerring skill His guide with its winning blend of evocative detail and precise information spurs the reader to investigate Venice s wonders Piazza San Marco is only the beginning of a journey into the heart of Venice and its history **Subject to Colonialism** Gaurav Desai, 2001-06-20 The discursive construction of Africa under colonialism with an emphasis on the part played by African writers themselves **History of Anatomy** R. Shane Tubbs, Mohammadali M. Shoja, Marios Loukas, Paul Agutter, 2019-02-12 A unique biographical review of the global contributors to field of anatomy Knowledge of human anatomy has not always been an essential component of medical education and practice Most European medical schools did not emphasize anatomy in their curricula until the post Renaissance era current knowledge was largely produced between the 16th and 20th centuries Although not all cultures throughout history have viewed anatomy as fundamental to medicine most have formed ideas about the internal and external mechanisms of the body influences on the field of anatomy that are often overlooked by scholars and practitioners of Western medicine History of Anatomy An International Perspective explores the global and ancient origins of our modern day understanding of anatomy presenting detailed biographies of anatomists from varied cultural and historical settings Chapters organized by geographic region including Africa the Middle East and Europe review the lives of those that helped shape our current understanding of the human form Examining both celebrated and lesser known figures this comprehensive work examines their contributions to the discipline and helps readers develop a global

perspective on a cornerstone of modern medicine and surgery Offers a comprehensive and multidisciplinary examination of the history of anatomy Traces the emergence of modern knowledge of anatomy from ancient roots to the modern era Fills a gap in current literature on global perspectives on the history of anatomy Written by an internationally recognized team of practicing physicians and scholars History of Anatomy An International Perspective is an engaging and insightful historical review written for anatomists anthropologists physicians surgeons medical personnel medical students health related professionals historians and anyone interested in the history of anatomy surgery and medicine National Labor Relations Act and Proposed Amendments United States. Gross,1982-06-30 In this volume covering the years 1937 1947 James A Gross describes and analyzes the NLRB s vigorous and uncompromising enforcement of the Wagner Act and the intense political pressure to which the Board was subjected as a consequence He identifies and examines the forces that succeeded in pressuring the NLRB out of its essential role in the making of U S labor policy This is the story of the transformation of the NLRB from an expert administrative agency that played a major role in the making of labor policy into an insecure politically sensitive agency preoccupied with its own survival and reduced to deciding marginal issues **The Abu Bakr Cemetery at Giza** Edward Brovarski,Tohfa Handoussa,2021-07-31 The present volume reflects the work of the joint expedition of Cairo University and Brown University to record and publish the tombs uncovered on behalf of Cairo University by Prof Abdel Moneim Abu Bakr from 1949 through 1953 but never published The loss of field records and lack of a map of the site meant that new salvage excavation had to be undertaken A total of six seasons from 2000 2006 resulted in the clearing remapping and recording of the monuments in the cemetery Abu Bakr Cemetery is of particular interest because the majority of mastaba tombs belong to relatively low ranking individuals Thus they have the potential to shed light on the social status of Egypt s working classes *Minds Behind the Brain* Stanley Finger,2004-12-30 Traces the study of the brain from the ancient Egyptians through the classical world of Hippocrates the time of Descartes and the era of Broca to modern researchers such as Sperry and examines their sources and tools Lucy Maud Montgomery Mary Henley Rubio,2011-02-18 Mary Henley Rubio has spent over two decades

researching Montgomery's life and has put together a comprehensive and penetrating picture of this Canadian literary icon all set in rich social context. Extensive interviews with people who knew Montgomery—her son, maids, friends, relatives—all now deceased—are only part of the material gathered in a journey to understand Montgomery that took Rubio to Poland and the highlands of Scotland. From Montgomery's apparently idyllic childhood in Prince Edward Island to her passion-filled adolescence and young adulthood to her legal fights as world famous author to her shattering experiences with motherhood and as wife to a deeply troubled man, this fascinating intimate narrative of her life will engage and delight.
