levels European Psychiatric/Mental Health Nursing in the 21st Century José Carlos Santos, John R. Cutcliffe, 2018-02-01

This groundbreaking first volume of the Series has a number of features that set it apart from other books on this subject. Firstly it focuses on interpersonal humanistic and ecological views and approaches to P MH nursing. Secondly it highlights patient/client centered approaches and mental health service user involvement. Lastly it is a genuinely European P MH nursing textbook, the first of its kind, largely written by mental health scholars from Europe, although it also includes contributions from North America and Australia/New Zealand. Focusing on clinical/practical issues, theory and empirical findings, it adopts an evidence-based or evidence-informed approach. Each contribution presents the state of the art of P MH nursing in Europe so that it can be transferred to and implemented by P MH nurses and the broader mental health care community around the globe. As such it will be the first genuinely 21st century European Psychiatric/Mental Health Nursing book.
