Improving School Effectiveness MacBeath, John, Mortimore, Peter, 2001-04-01 This work sets out to answer questions such as what have we learned after three decades of research into school effectiveness What can we say with confidence about how schools improve It reviews findings from seminal international work

Realising Effective Change in Education Beatriz Pont, 2019 The author an OECD Senior Analyst argues education reforms and policy initiatives often fall short of expectations as too little attention is paid to their implementation She discusses how effective policy implementation requires considering together policy design stakeholder engagement a conducive context and

coherent implementation plans School leadership she says is at the heart of reform in schools as it is the interface between designed education reforms and what happens in schools and the role of school leadership in reform needs to be more carefully considered and supported for effective change in schools through clearer definition of the leadership role with increased engagement in the process and training Taken from publisher website [Management Theories for Educational Change](#) Keith Morrison,1998-10-28 This is an exceptional book It tempted me to throw out most of my collected works on the management of change because the author has somehow succeeded by including almost every aspect of educational change that any practitioner would wish to consider Overall this is a very stimulating book It is packed with information and the ideas and concepts contained could pack a school development plan for many years School Leadership and Management The theories and practices from the literature on business manufacturing and commerce which inform principles for managing change in education are identified in this book The author shows how the complexity of change can be addressed effectively One principle of effective management of change is its potential to empower the individuals and organizations its power to create and operate win win situations That can only be done by addressing the human side of organizations The strength of the business literature is that far from advocating the austere over rationalized dehumanized and objective pursuit of profit at all costs it suggests that the effective management of change is an affirmation of the humanity of business
