Atlantis and the Ten Plagues of Egypt Graham Phillips,2003-07-23 Shows how a desecrated tomb in the Valley of the Kings holds the key to the true history of the destruction of Atlantis Reveals that Tomb 55 in the Valley of the Kings was designed not to keep intruders out but to trap something inside Provides forensic evidence proving

that the mask believed to be the face of Tutankhamun is actually that of his elder brother Smenkhkare In Atlantis and the Ten Plagues of Egypt Graham Phillips explores the excavation of a mysterious and ritually desecrated tomb in the Valley of the Kings Tomb 55 which he contends holds the key to the true history of the destruction of Atlantis Unlike other Egyptian tombs designed to keep intruders out Tomb 55 was constructed to keep something imprisoned within specifically Smenkhkare the older brother of Tutankhamun who was deemed responsible for the ten plagues in Egyptian history to prevent such tragedies from ever happening again The forensic findings from this tomb coupled with compelling new evidence from the polar ice caps provide sensational evidence that the parting of the Red Sea the deaths of the first born and the other plagues that afflicted Egypt were all actual historical events Core samples from the polar ice caps indicate that a gigantic volcanic eruption took place in the eastern Mediterranean around the time of Amonhotep s reign Other research suggests this to have been the time of the eruption that destroyed the Greek island of Thera one of the likely locations of Atlantis and that the subsequent cataclysm may explain the unusual lack of resistance to the new religion installed by Amonhotep s son Akhenaten when he took power several years later [Eternity in Stone: Egypt's Pyramid Age](#) AJ Carmichael, 2025-09-03 Eternity in Stone Egypt s Pyramid Age transports readers into the crucible of Egypt s first golden age when mudbrick tombs gave way to mountains of stone and the kings of Dynasties III to VI inscribed their power across the desert horizon From the sacred necropolis of Abydos to the dazzling innovations at Saqqara from Memphis s administrative might to Heliopolis s solar theology this book follows the evolution of Egypt from fragile chiefdoms to the world s first centralized empire At the center stand Pharaoh Djoser and his visionary architect Imhotep whose Step Pyramid redefined kingship and architecture alike The narrative traces the rise of specialized labor the ideology of divine kingship the organization of colossal workforces and the religious imagination that saw pyramids not as tombs but as cosmic stairways linking earth to heaven Drawing on archaeology inscriptions and cultural history Eternity in Stone reveals how Egypt s rulers became gods of stone and how their monuments continue to echo across millennia This is not just the story of pyramids it is the story of a civilization inventing eternity
