Who's who in Egyptian Mythology Anthony S. Mercatante, 1998

Ancient Egyptian Statues Simon Connor,2022-09-27 A fascinating richly illustrated study of the role and significance of ancient statues in Egyptian history and belief Why do ancient Egyptian statues so often have their noses hands or genitals broken Although the Late Antiquity period appears to have been one of the major moments of large scale vandalism against pagan monuments various contexts bear witness to several phases of reuse modification or mutilation of statues throughout and after the pharaonic period Reasons for this range from a desire to erase the memory of specific rulers or individuals for ideological reasons to personal vengeance war tomb plundering and the avoidance of a curse or simply the reuse of material for construction or the need to ritually deactivate and bury old statues without the added motive of explicit hostility toward the subject in question Drawing on the latest scholarship and over 100 carefully selected illustrations Ancient Egyptian Statues proceeds from a general discussion of the production and meaning of sculptures and the mechanisms of their destruction to review the role of ancient statuary in Egyptian history and belief It then moves on to explore the various means of damage and their significance and the role of restoration and reuse Art historian Simon Connor offers an innovative and lucidly written reflection on beliefs and practices relating to statuary and images more broadly in ancient Egypt showing how statues were regarded as the active manifestations of the entities they represented and the ways in which they could endure many lives before being finally buried or forgotten Technology and Urbanism in Late Bronze Age Egypt Anna K. Hodgkinson, 2018 This study examines the distribution of high status materials in addition to archaeological evidence of their production in the settlements known as royal cities during the New Kingdom in ancient Egypt c 1550 1069 BC The research focuses on the site sites of Amarna Gurob and Malgata but incorporates Qantir Pi Ramesse for comparison Golden Couple John Darnell, Colleen Darnell, 2022-11-01 Two celebrated Egyptologists bring to vivid life the intriguing and controversial reign of King Tut's parents Akhenaten has been the subject of radically different even contradictory biographies The king has achieved fame as the world's first individual and the first monotheist but others have seen him as an incestuous tyrant who nearly ruined the kingdom he ruled The gold funerary mask of his son Tutankhamun and the painted bust of his wife Nefertiti are the most recognizable artifacts from all of ancient Egypt But who are Akhenaten and Nefertiti And what can we actually say about rulers who lived more than three thousand years ago November 2022 marks the centennial of the discovery of the tomb of Tutankhamun and although King Tut is a household name his nine year rule pales in comparison to the revolutionary reign of his parents Akhenaten and Nefertiti became gods on earth by transforming Egyptian solar worship innovating in art and urban design and merging religion and politics in ways never attempted before Combining fascinating

scholarship detective suspense and adventurous thrills Egypt's Golden Couple is a journey through excavations museums hieroglyphic texts and stunning artifacts From clue to clue renowned Egyptologists John and Colleen Darnell reconstruct an otherwise untold story of the magnificent reign of Akhenaten and Nefertiti Servant of Mut Sue D'Auria, 2008 Richard A Fazzini has inspired and mentored many scholars of Egyptology through his tireless efforts as curator and then chairman of the Brooklyn Museum's Deptartment of Egyptian Classical and Ancient Middle Eastern Art ECAMEA field archaeologist of the Pricinct of Mut at Karnak scholar and teacher The 35 contributions to this volume in his honor represent the variety of Professor Fazzini s own research interests namely in ancient Egyptian art religious iconography and archaeology particularly of the New Kingdom Third Intermediate Period and Late Period Reflections on Professor Fazzini's scholarship and teaching are accompanied by an extensive bibliography of his works **Egypt** Christina Riggs, 2017-04-15 From Roman villas to Hollywood films ancient Egypt has been a source of fascination and inspiration in many other cultures But why exactly has this been the case In this book Christina Riggs examines the history art and religion of ancient Egypt to illuminate why it has been so influential throughout the centuries In doing so she shows how the ancient past has always been used to serve contemporary purposes Often characterized as a lost civilization that was discovered by adventurers and archeologists Egypt has meant many things to many different people Ancient Greek and Roman writers admired ancient Egyptian philosophy and this admiration would influence ideas about Egypt in Renaissance Europe as well as the Arabic speaking world By the eighteenth century secret societies like the Freemasons looked to ancient Egypt as a source of wisdom but as modern Egypt became the focus of Western military strategy and economic exploitation in the nineteenth and early twentieth centuries its ancient remains came to be seen as exotic primitive or even dangerous tangled in the politics of racial science and archaeology The curse of the pharaohs or the seductiveness of Cleopatra were myths that took on new meanings in the colonial era while ancient Egypt also inspired modernist anti colonial movements in the arts such as in the Harlem Renaissance and Egyptian Pharaonism Today ancient Egypt whether through actual relics or through cultural homage can be found from museum galleries to tattoo parlors Riggs helps us understand why this lost civilization continues to be a touchpoint for defining and debating who we are today **Beyond Babylon** Metropolitan Museum of Art (New York, N.Y.),2008 This important volume describes the art created in the second millennium B C for royal palaces temples and tombs from Mesopotamia Syria and Anatolia to Cyprus Egypt and the Aegean **Egypt in Italy** Molly Swetnam-Burland, 2015-04-06 This book examines the appetite for Egyptian and Egyptian looking artwork in Italy during the century following Rome's annexation of Aegyptus as a province In the early imperial period Roman interest in Egyptian culture was widespread as evidenced by works ranging from the monumental obelisks brought to the capital over the Mediterranean Sea by the emperors to locally made emulations of Egyptian artifacts found in private homes and in temples to Egyptian gods Although the foreign appearance of these artworks was central to their appeal this book situates them

within their social political and artistic contexts in Roman Italy Swetnam Burland focuses on what these works meant to their owners and their viewers in their new settings by exploring evidence for the artists who produced them and by examining their relationship to the contemporary literature that informed Roman perceptions of Egyptian history customs and myths
