

Georg Simmel

**Georg Simmel, Horst Jürgen
Helle, Ludwig Nieder**

Georg Simmel:

The Sociology of Georg Simmel Georg Simmel, 1950 *Georg Simmel* David Frisby, 1994 This collection brings together the essential secondary literature on Simmel Selected and edited by David Frisby a scholar who has perhaps done more than anyone to rehabilitate Simmel's reputation Both a concise and comprehensive work **Georg Simmel on Individuality and Social Forms** Georg Simmel, 2011-08-19 Of those who created the intellectual capital used to launch the enterprise of professional sociology Georg Simmel was perhaps the most original and fecund In search of a subject matter for sociology that would distinguish it from all other social sciences and humanistic disciplines he charted a new field for discovery and proceeded to explore a world of novel topics in works that have guided and anticipated the thinking of generations of sociologists Such distinctive concepts of contemporary sociology as social distance marginality urbanism as a way of life role playing social behavior as exchange conflict as an integrating process dyadic encounter circular interaction reference groups as perspectives and sociological ambivalence embody ideas which Simmel adumbrated more than six decades ago Donald N Levine Half of the material included in this edition of Simmel's writings represents new translations This includes Simmel's important lengthy and previously untranslated *Group Expansion and Development of Individuality* as well as three selections from his most neglected work *Philosophy of Money* in addition the introduction to *Probleme der Geschichtsphilosophie* chapter one of the *Lebensanschauung* and three essays are translated for the first time *Georg Simmel* Georg Simmel, Peter A. Lawrence, 1976 *The Social Thought of Georg Simmel* Horst J. Helle, 2014-02-04 This new volume of the SAGE Social Thinkers series *The Social Thought of Georg Simmel* provides a concise introduction to the work life and influences of Georg Simmel Horst J Helle closely examines the writings and ideas of Simmel that introduced a new way of looking at culture and society and helped establish sociology's place among the academic fields The book focuses on the key intellectual concerns of Simmel including the process of individualization religion private and family life cities and modernization It is ideal for use as a self contained volume or in conjunction with other sociological theory books *Georg Simmel and the American Prospect* Gary D. Jaworski, 1997-01-09 This first book length examination of the American reception of Georg Simmel German philosopher and sociologist offers a compelling new account of the transatlantic journey of Simmel's ideas Jaworski draws on archival data correspondence interviews and detailed textual analysis to explore the practical and strategic uses of Simmel's writings by a range of American social thinkers These thinkers include the Chicago School figures Albion Small Robert E Park and Everett C Hughes functionalist sociologists Talcott Parsons Robert K Merton Lewis A Coser and Kaspar D Naegle and more recently Erving Goffman and postmodernists Deena and Michael Weinstein Jaworski shows that the way in which Americans received Simmel was intricately related to efforts to transform American society A recently discovered essay on Simmel by the emigre sociologist Albert Salomon *Georg Simmel Reconsidered* and included here with an introduction and notes by Jaworski provides added dimension to this important study *Georg*

Simmel and Contemporary Sociology M. Kaern, B.S. Phillips, Robert S. Cohen, 1990-03-31 **Selections from Georg Simmel** Georg Simmel, Ohio State University. Department of Sociology, 1947* **The Sociology of Georg Simmel** Kurt H. Wolff, 1969 **Messages from Georg Simmel** Horst Jürgen Helle, 2012-09-28 As founder of the humanist version of sociology Simmel sent powerful messages that are identified and explained in this book interpretation things are often not what they appear to be change culture and society evolve over time interaction reality is socially constructed alienation people define the value of money without taking responsibility for this construction Simmel sees humans defining objects in interaction as valuable or worthless but then they refuse to acknowledge having anything to do with the process of value attribution He is critical in politics as well Simmel is concerned that socialism is treated as a political movement and not viewed as a potential form of social interaction **The View of Life** Georg Simmel, 2015-07-03 Published in 1918 The View of Life is Georg Simmel's final work Famously deemed the brightest man in Europe by George Santayana Simmel addressed diverse topics across his essayistic writings which influenced scholars in aesthetics epistemology and sociology Nevertheless certain core issues emerged over the course of his career the genesis structure and transcendence of social and cultural forms and the nature and conditions of authentic individuality including the role of mindfulness regarding mortality Composed not long before his death The View of Life was Simmel wrote his testament a capstone work of profound metaphysical inquiry intended to formulate his conception of life in its entirety Now Anglophone readers can at last read in full the work that shaped the argument of Heidegger's Being and Time and whose extraordinary impact on European intellectual life between the wars was extolled by Jürgen Habermas Presented alongside these seminal essays are aphoristic fragments from Simmel's last journal providing a beguiling look into the mind of one of the twentieth century's greatest thinkers *Georg Simmel and the Disciplinary Imaginary* Elizabeth S. Goodstein, 2017-01-04 An internationally famous philosopher and best selling author during his lifetime Georg Simmel has been marginalized in contemporary intellectual and cultural history This neglect belies his pathbreaking role in revealing the theoretical significance of phenomena including money gender urban life and technology that subsequently became established arenas of inquiry in cultural theory It further ignores his philosophical impact on thinkers as diverse as Benjamin Musil and Heidegger Integrating intellectual biography philosophical interpretation and a critical examination of the history of academic disciplines this book restores Simmel to his rightful place as a major figure and challenges the frameworks through which his contributions to modern thought have been at once remembered and forgotten *The Philosophy of Money* Georg Simmel, 2004-08-02 I have lost interest in all that I have written prior to The Philosophy of Money This one is really my book the others appear to me colourless and seem as if they could have been written by anyone else Georg Simmel to Heinrich Rickert 1904 In The Philosophy of Money Simmel provides us with a remarkably wide ranging discussion of the social psychological and philosophical aspects of the money economy full of brilliant insights into the forms that social relationships take He analyzes the relationships of money to

exchange the human personality the position of women individual freedom and many other areas of human existence Later he provides us with an account of the consequences of the modern money economy and the division of labour which examines the processes of alienation and reification in work urban life and elsewhere Perhaps more than any of his other sociological works *The Philosophy of Money* gives us an example of his comprehensive analysis of the interrelationships between the most diverse and seemingly connected social phenomena This revised edition of the translation by Tom Bottomore and David Frisby includes a new Preface by David Frisby

[Essays on Sociology, Philosophy, and Aesthetics](#) Kurt H. Wolff, 1965 [Rethinking Georg Simmel's Social Philosophy](#) Ferdinand Fellmann, 2020-11-17 This textbook examines interaction reciprocity dualism conflict and personality in the work of Georg Simmel These themes which made Simmel the founder of relational sociology are presented uniquely in the light of intimate relations According to Simmel intimate relations rather than the individual constitute the fundamental stratum of human culture By relating objective social facts to subjective experience Simmel also opened up a new way of understanding human life in the early 20th century Using Simmel's theory of reciprocity this book follows an innovative method of interpretation providing a quantitative perspective of lived experience This book analyzes Simmel's ideas from the viewpoint of modern hermeneutical philosophy and sociology Fellmann expertly presents the historical context of Simmel's concepts and their influence on other sociologists and philosophers especially in Germany Written in an engaging style this book is suitable as a core text in undergraduate and graduate courses on sociological theory and continental philosophy Additionally given the new focus on Simmel and intimate relations the book is of interest to scholars of relational sociology history of sociology continental philosophy history of philosophy philosophy of culture and philosophical anthropology

The Social Theory of Georg Simmel Nicholas John Spykman, 1925 **Georg Simmel** Georg Simmel, 2024-05-31 Georg Simmel is one of the most original German thinkers of the twentieth century and is considered a founding architect of the modern discipline of sociology Ranging over fundamental questions of the relationship of self and society his influential writings on money modernity and the metropolis continue to provoke debate today Fascinated by the relationship between culture society and economic life Simmel took an interest in myriad phenomena of aesthetics and the arts A friend of writers and artists such as Auguste Rodin Rainer Maria Rilke and Stefan George he wrote dozens of pieces engaging with topics such as the work of Michelangelo Rembrandt and Rodin Japanese art naturalism and symbolism Goethe art for art's sake art exhibitions and the aesthetics of the picture frame This is the first collection to bring together Simmel's finest writing on art and aesthetics and many of the items appear in English in this volume for the first time The more than forty essays show the protean breadth of Simmel's reflections covering landscape painting portraiture sculpture poetry theater form style and representation An extensive introduction by Austin Harrington gives an overview of Simmel's themes and elucidates the significance of his work for the many theorists who would be inspired by his ideas Something of an outsider to the formal academic world of his day Simmel wrote creatively with the flair of an essayist This

expansive collection of translations preserves the narrative ease of Simmel's prose and will be a vital source for readers with an interest in Simmel's trailblazing ideas in modern European philosophy sociology and cultural theory **Georg Simmel and German Culture** Efraim Podoksik, 2021-07-15 Offers a penetrating contextual interpretation of German philosopher and social thinker Georg Simmel's ideas on modernity and modern civilisation *Essays on Religion* Georg Simmel, Horst Jürgen Helle, Ludwig Nieder, 1997-01-01 The noted German sociologist and philosopher Georg Simmel wrote a number of essays that deal directly with religion as a fundamental process in human life These essays set forth Simmel's mature reflections on religion and its relation to modernity personality art sociology psychology philosophy and science They also include his views on methods in the study of religion and his thoughts on achieving a broader perspective on religion Originally published between 1898 and 1918 the last twenty years of Simmel's life the essays are collected here in English for the first time The essays provide an excellent picture of the development of the characteristic doctrines of Simmel's thought as applied to religion based on phenomenological analysis of human experience that emphasizes the subjective dimensions of life

Georg Simmel David Frisby, 2013-01-11 Until recently little of Simmel's work was available in translation and certain key texts were unknown outside Germany David Frisby the eminent Simmel scholar provides not only an introduction to the major sociological writings of this important figure but also an argument for a reconsideration of his work The author outlines the cultural and historical context in which Simmel worked reviews Simmel's most important writings and examines his legacy to sociology by illuminating his links with Weber's theories and his influential relationship with Marxism Simmel a central figure in the development of modern sociology and a contemporary of Weber and Durkheim was one of the first to identify sociology as a separate discipline His ideas influenced Weber the Chicago School and many later sociologists His introduction of a number of basic concepts to sociology such as exchange interaction and differentiation attest to his intellectual stature and the far reaching significance of his work

Georg Simmel Introduction

In the digital age, access to information has become easier than ever before. The ability to download Georg Simmel has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Georg Simmel has opened up a world of possibilities. Downloading Georg Simmel provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Georg Simmel has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Georg Simmel. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Georg Simmel. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Georg Simmel, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Georg Simmel has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous

learning and intellectual growth.

FAQs About Georg Simmel Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
