## **Georg Buchner Und Die Revolution Von 1848:**

**Georg Büchner**, 2017-03-06 Georg Büchner Contemporary Perspectives examines the continuing relevance of Büchner in the early twenty first century in terms of politics science philosophy aesthetics cultural studies and performance studies It situates Büchner s interdisciplinary work in relation to the philosophical scientific and religious discourses of his time while also investigating the ways in which Büchner s intersectional writings anticipated sometimes uncannily questions and problems which were to become central concerns in modernism and after The nineteen essays in the book some in English and some in German uniquely combine close readings of individual passages and images with wide ranging intertextual comparisons linking Büchner to more than twenty five writers thinkers and theoreticians from his time and ours Der Band Georg Büchner Contemporary Perspectives beschäftigt sich mit Büchners anhaltender Aktualität in den Bereichen Politik Naturwissenschaft Philosophie Sthetik Kulturwissenschaft und Theater Er setzt Büchners interdisziplinäres Werk in Beziehung zu den philosophischen naturwissenschaftlichen und religiösen Themen seiner Zeit untersucht aber auch wie sein Schreiben auf manchmal verblüffende Weise Fragen und Probleme vorwegnimmt die für die Moderne und die Nachmoderne bis zum heutigen Tag zentral werden sollten Die neunzehn teils auf Englisch teils auf Deutsch verfassten Beiträge zeichnen sich dadurch aus dass sie eingehende Einzelinterpretationen bestimmter Werkstellen mit weitreichenden intertextuellen Bezügen zu mehr als 25 SchriftstellerInnen KünstlerInnen DenkerInnen und TheoretikerInnen verbinden Writing the Revolution Raphael Hörmann, 2011 This study investigates German and English revolutionary literary discourse between 1819 and 1848 49 Marked by dramatic socioeconomic transformations this period witnessed a pronounced transnational shift from the concept of political revolution to one of social revolution Writing the Revolution engages with literary authors radical journalists early proletarian pamphleteers and political theorists tracing their demands for social liberation as well as their struggles with the specter of proletarian revolution The book argues that these ideological battles translated into competing poetics of revolution Series Kulturgeschichtliche Perspektiven Vol 10 *Karl Marx and the Birth of Modern Society* Michael Heinrich, 2019-07-02 A new comprehensive biography of the life and work of Karl Marx For over a century Karl Marx s critique of capitalism has been a crucial resource for social movements Now recent economic crises have made it imperative for us to comprehend and actualize Marx s ideas But without a knowledge of Karl Marx s life as he lived it neither Marx nor his works can be fully understood There are more than twenty five comprehensive biographies of Marx but none of them consider his life and work in equal corresponding measure This biography planned for three volumes aims to include what most biographies have reduced to mere background the contemporary conflicts struggles and disputes that engaged Marx at the time of his writings alongside his complex relationships with a varied assortment of friends and opponents This first volume will deal extensively with Marx s youth in Trier and his studies in Bonn and Berlin It will also examine the function of poetry in his intellectual development and his first occupation with Hegelian philosophy and with the so called young

Hegelians in his 1841 Dissertation Already during this period there were crises as well as breaks in Marx's intellectual development that prompted Marx to give up projects and re-conceptualize his critical enterprise This volume is the beginning of an astoundingly dimensional look at Karl Marx a study of a complex life and body of work through the neglected issues events and people that helped comprise both It is destined to become a classic Georg Büchner und die Moderne Dietmar Goltschnigg,2001 Georg Büchner und die Moderne: 1875-1945 Dietmar Goltschnigg,2001 *Routledge Library Editions: The French Revolution* Various Authors,2022-07-30 The volumes in this set originally published between 1953 and 1992 discuss the causes and conditions which allowed the French Revolution to happen and its impact on wider European politics and society As well as charting key events in the revolution the conclusion discusses the significance of the French Revolution in the context of other revolutions in both the nineteenth and twentieth centuries One of the volumes discusses whether the French Revolution is part of Germany's progressive tradition whilst others trace the growth of English radicalism and the growth of the French Press showing the importance of the emergence of provincial newspapers and examining the relationship of journalism with political power

**Literature, the Volk and the Revolution in Mid-nineteenth Century Germany** Michael Perraudin,2000 Between the revolutions of 1830 and 1848 poverty reached new extremes in Germany as in other European countries and gave rise to a class of disaffected poor leading to the widespread expectation of a social revolution Whether welcomed or feared it dominated private and public debate to a larger extent than is generally assumed as is shown in this study on the reflections in literature of what was called the Social Question Examining works by Heine Eichendorff Novalis Büchner Grillparzer and Theodor Storm the author reveals an acute awareness of political issues in an era in literature which is often seen as tending to quiescence and withdrawal from public preoccupations *The History in Literature* Herbert Lindenberger,1990 Herbert Lindenberger was one of the first literary critics to call for some kind of return to historical thinking in literary criticism His ten essays cover canon formation the historical status of genres and the ways that art and criticism are embedded within institutional frameworks Lindenberger argues that what we label historical assumes strikingly different shapes in different historical situations and that present shape empowers new kind of knowledge He writes We may well discover that our century old form of organization within the humanities no longer fits the type of knowledge we are producing The lively and topical essays of *The History in Literature* demonstrate Lindenberger's capacious and diverse knowledge his incisive wit and his formidable critical skills *The Poetry of Class* Patrick Eiden-Offe,2023-09-25 In the early 19th century a new social collective emerged out of impoverished artisans urban rabble wandering rural lower classes bankrupt aristocrats and precarious intellectuals one that would soon be called the proletariat But this did not yet exist as a unified homogeneous class with affiliated political parties The motley appearance the dreams and longings of these figures torn from all economic certainties found new forms of narration in romantic novellas reportages social statistical studies and monthly bulletins But soon enough these disorderly violent

nostalgic errant and utopian figures were denigrated as reactionary and anarchic by the heads of the labour movement since they did not fit into their grand linear vision of progress In this book Patrick Eiden Offe tells their story tracing the making of the proletariat in V rmarz Germany 1815 1848 through the writings of figures like Ludwig Tieck Moses Hess Wilhelm Weitling Georg Weerth Friedrich Engels Louise Otto Peters Ernst Willkomm and Georg B chner and in so doing revealing a striking similarity to the disorderly classes of today

**Commitment and Compassion** ,2015-06-24 The writer scientist philosopher and radical democrat Georg B chner 1813 1837 occupies a unique place in the cultural legacy of the German speaking countries Born into an epoch of inevitable yet arrested historical transition B chner produced a small but exceptionally rich body of work This collection of essays in English and in German considers the full spectrum of his writings the political pamphlet *Der Hessische Landbote* the dramas *Danton s Tod* *Leonce und Lena* *Woyzeck* and the fragmentary narrative *Lenz* as well as the letters the philosophical lectures on Descartes and Spinoza and the scientific texts The essays examine connections between these works study texts in detail debate ways of editing them and trace their reception in contemporary literature and film The novel readings presented here not only celebrate B chner on the eve of his bicentenary birthday but also insert this untimely figure into discussions of the revolution restoration dynamic and realism in poetics and politics

**The Communist Manifesto in the Revolutionary Politics of 1848** David Ireland,2022-08-08 This book examines why on the eve of the pamphlet s 175th anniversary the Communist Manifesto left so faint an imprint on Europe s most revolutionary year of 1848 when it has had such a huge impact on posterity The Manifesto that year misread bourgeois intentions put too much faith in the industrial proletariat too little in peasants too much emphasis on the German states and none on England Marx and Engels preferred in 1848 9 to focus on the middle class *Neue Rheinische Zeitung* declining to galvanise working class groups whose leadership they had actively sought They neglected to return swiftly to the German states in their crucial 1848 March days The Manifesto s programme barely overlapped with contemporary campaigners or comparative pamphleteers or the replacement *Demands of the Communist Party in Germany* The book considers the consequences of Marx opting to write the Manifesto alone in January 1848 It also questions the source and significance of the pamphlet s most memorialised phrase the spectre of Communism whether it was written for the working men of all countries addressed in its finale and whether Marx and Engels regarded the Manifesto as highly in 1848 as they undoubtedly did in later life

**Print Markets and Political Dissent** James M. Brophy,2024-06-05 Moving book history in a new direction this study examines publishers as brokers of Central Europe s political public sphere They created international print markets translated new texts launched new journals supported outspoken authors and experimented with popular formats Most of all they contested censorship with finesse and resolve thereby undermining the aim of Prussia and Austria to criminalize democratic thought By packaging dissent through popular media publishers cultivated broad readerships promoted political literacy and refashioned

citizenship ideals As political actors intellectual midwives and cultural mediators publishers speak to a broad range of scholarly interests Their outsize personalities their entrepreneurial zeal and their publishing achievements portray how print markets shaped the political world The narrow perimeters of political communication in the late absolutist states of Prussia and Austria curtailed the open market of ideas The publishing industry contested this information order working both within and outside legal parameters to create a modern public sphere Their expansion of print markets their cat and mouse game with censors and their ingenuity in packaging political commentary sheds light on the production and reception of dissent Against the backdrop of censorship and police surveillance the successes and failures of these citizens of print tell us much about nineteenth century civil society and Central Europe's tortuous pathway to political modernization Cutting across a range of disciplines this study will engage social and political historians as well as scholars of publishing literary criticism cultural studies translation and the public sphere The history of Central Europe's print markets between Napoleon and the era of unification doubles as a political tale It sheds important new light on political communication and how publishers exposed German language readers to the Age of Democratic Revolution Georg Büchner Gerhard P. Knapp, 2016-12-16

Werkanalyse und Interpretation Gerhard P Knapp hebt in der von Grund auf neu erarbeiteten Auflage gesicherte Forschungsergebnisse deutlich von Kontroversen und Debatten um noch nicht vollkommen abgesteckte und erschlossene Ansätze und von eigenen Thesen ab **Monatshefte**, 2001 Georg Büchner Michael Hofmann, Julian Kanning, 2013-09-23

Georg Büchner ist der widerständige Klassiker der Klassiker in Opposition zum Klassizismus der Lieblingsklassiker aller derer die eigentlich gegen Klassiker sind Attraktiv erscheint die Verbindung von politischem Engagement Anti Klassizismus und einem Geist der Moderne der sich bereits bei diesem Autor der ersten Hälfte des neunzehnten Jahrhunderts erkennen lässt Das Arbeitsbuch zeigt Büchner in der Konfrontation mit literarischen wissenschaftlichen und weltanschaulichen Strömungen seiner Zeit und es zeigt dass die Spannung zwischen politischem Engagement und modernistischer Skepsis ein literarisches Werk entstehen lie das heute noch aktuell und aufwühlend erscheint The Cambridge History of German Literature Helen Watanabe-O'Kelly, 2000-06-12

This is the first book to describe German literary history up to the unification of Germany in 1990 It takes a fresh look at the main authors and movements and also asks what Germans in a given period were actually reading and writing what they would have seen at the local theatre or found in the local lending library it includes for example discussions of literature in Latin as well as in German eighteenth century letters and popular novels Nazi literature and radio plays and modern Swiss and Austrian literature A new prominence is given to writing by women Contributors all leading scholars in their field have re-examined standard judgements in writing a history for our own times The book is designed for the general reader as well as the advanced student titles and quotations are translated and there is a comprehensive bibliography **Karl Marx: A Nineteenth-Century Life** Jonathan Sperber, 2013-03-11

In this magisterial biography of Karl Marx likely to be definitive for many years to come John Gray New York Review of Books historian Jonathan

Sperber creates a meticulously researched and multilayered portrait of both the man and the revolutionary times in which he lived Based on unprecedented access to the recently opened archives of Marx s and Engels s complete writings Karl Marx A Nineteenth Century Life provides a historical context for the personal story of one of the most influential and controversial political philosophers in Western history By removing Marx from the ideological conflicts of the twentieth century that colored his legacy and placing him within the society and intellectual currents of the nineteenth century Ian Kershaw Sperber is able to present a full portrait of Marx as neither a soothsaying prophet of the modern world nor the author of its darkest atrocities This major biography fundamentally reshapes our understanding of a towering historical figure

*Germany 1789-1919* Agatha Ramm, 2019-06-26 Originally published in 1967 this book discusses economic and constitutional developments and religious history in relation to their political consequences Political theory is treated in two sections one is devoted to the ideas current from 1789 to the revolutionary year of 1848 and another to those of the Bismarckian era The author used archival material to verify her analysis of such complicated questions as the operation of the Holy Roman Empire and Bismarckian foreign policy Investigating the disappearance of the old Germany in which medieval institutions still survived the book shows that the unification of Germany was not the final climax of German history it appeared at the time to be Religion and Rural Revolt János M.
