Victor M. Corman

George Edmund Street And The Restoration Of Christ Church Cathedral Dublin:

George Edmund Street and the Restoration of Christ Church Cathedral, Dublin R. A. Stalley, 2000 The seventh in a series collecting historical documents relating to the church deals with one of the most traumatic events in the life of the cathedral its restoration in the 1870s by the distinguished Victorian architect Street Unlike many contemporary restorations it decisively altered the appearance of a major element in the cityscape of 19th century Dublin In addition to Street's reports the 11 documents include news paper articles and letters they are illustrated with six photographs and many drawings They are not indexed or annotated Distributed in the US by ISBS c Book News Inc

A History of Music at Christ Church Cathedral, Dublin Barra Boydell, 2004 Christ Church cathedral is an Anglican cathedral in a catholic country Musical and archival sources the most extensive for any Irish cathedral provide a unique perspective on the history of music in Ireland Christ Church has had a complex and varied history as the cathedral church of Dublin one of two Anglican cathedrals in the capital of a predominantly Catholic country and the church of the British administration in Ireland before 1922 An Irish cathedral within the English tradition yet through much of its history it was essentially an English cathedral in a foreign land With close musical links to cathedrals in England to St Patrick's cathedral in Dublin and to the city's wider political and cultural life Christ Church has the longest documented music history of any Irish institution providing a unique perspective on the history of music in Ireland Barra Boydell a leading authority on Irish music history has written a detailed study drawing on the most extensive musical and archival sources existing for any Irish cathedral The choir its composers and musicians repertoire and organs are discussed within the wider context of city and state and of the religious and political dynamics which have shaped Anglo Irish relationships since medieval times More than just a history of music at one cathedral this book makes an important contribution to English cathedral music studies as well as to Irish musical and cultural history BARRA BOYDELL is Senior Lecturer in Music National University of Ireland Maynooth

Christ Church Cathedral, Dublin Edward Roe Seymour, 1869 *Memoir of George Edmund Street, R.A., 1824-1881* Arthur Edmund Street, 1888 The Journal of the Royal Society of Antiquaries of Ireland Royal Society of Antiquaries of Ireland, 1901 Index of archaeological papers published in 1891 under the direction of the Congress of Archaeological Societies in union with the Society of Antiquaries

The Formation of English Gothic Peter Draper, 2006-01-01 In this original account of architecture in England between c 1150 and c 1250 Peter Draper explores how the assimilation of new ideas from France led to an English version of Gothic architecture that was quite distinct from Gothic expression elsewhere The author considers the great cathedrals of England Canterbury Wells Salisbury Lincoln Ely York Durham and others as well as parish churches and secular buildings to examine the complex interrelations between architecture and its social and political functions Architecture was an expression of identity Draper finds and the unique Gothic that developed in England was one of a number of manifestations of an emerging sense of national identity The book inquires into such topics as the role of patrons

the relationships between patrons and architects and the wide variety of factors that contributed to the process of creating a building With 250 illustrations including more than 50 in color this book offers new ways of seeing and thinking about some of England's greatest and best loved architecture

Working with Limestone Vibeke Olson, 2017-05-15 This new volume in the AVISTA series focuses on the study of medieval limestone As the principal building material in the Middle Ages and a prized medium for architectural sculpture limestone played a significant role in medieval artistic manufacture The choice of material inherently informed the final product thus understanding the material and its uses gives insight into the medieval creative process and the production driven choices that were made by masons and sculptors Quality limestone was a highly sought after commodity that was often shipped across great distances yet in other instances masons made do with locally available resources Through an intensive study of medium many broader topics can be addressed for instance the economics of medieval construction the artistic process or the application of modern technology in understanding and preserving medieval buildings and sculpture The papers collected in this volume present the depth and scope of recent scholarship in the field through a wide ranging overview of the state of the discipline of medieval stone studies They address such methodological approaches to the study of limestone as the use of neutron activation analysis to determine quarries of origin issues of labor and transportation as well as issues faced in the cleaning and conservation of limestone This volume is the first comprehensive study in English that investigates limestone as an essential component of large scale medieval artistic production and as such it is a valuable resource for both students and scholars in the field
