George Parkin Grant, 1978 **Christian Moral Theology in the Emerging Technoculture** Brent Waters, 2016-05-23 We are living in an emerging technoculture. Machines and gadgets not only weave the fabric of daily life but more importantly embody philosophical and religious values which shape the contemporary moral vision, a vision that is often at odds with Christian convictions. This book critically examines those values and offers a framework for how Christian moral theology should be formed and lived out within the emerging technoculture. Brent Waters argues that technology represents the principal cultural background against which contemporary Christian moral life is formed. Addressing contemporary ethical and religious issues, this book will be of particular interest to students and scholars exploring the ideas of Heidegger, Nietzsche, Grant, Arendt, and Borgmann.

*Waiting at the Foot of the Cross* Pamela R. McCarroll, 2013-12-24 How do we hope in the face of modernity's failure and postmodernity's absence of foundations? How do we hope when the future seems fearful and no clear way forward appears? How do we hope when despair, indifference, and cynicism dominate the psychic landscape of English-speaking North America? In dialogue with theologians of the cross, George Grant and Douglas John Hall, this book unmasks the failure of hope in our time and the vacuum of meaning that remains. As an exercise in the theology of the cross, *Waiting at the Foot of the Cross* explores the North American context as one in which true hope is discovered only when life's negations are engaged from a posture of waiting trust. Such hope is not passive or blind. Rather, it is attentive, active, open, and spiritually grounded in the One who meets us when all hope is spent. The final chapter proposes

a way toward hope for today that inspires subversive resilience in the face of the ambiguities and vicissitudes of life Readers interested in the theology of the cross in thinking theologically in our time and place and those interested in the character of Christian hope will find this book compelling

**Gardens, Covenants, Exiles** Dennis Duffy, 1982-12-15 Scraps tags

fragments of the United Empire Loyalist heritage dot the Ontario landscape Something of Loyalism lies in the very Ontario air and pervades the imagination of its people In *Gardens Covenants Exiles* Dennis Duffy sets out to describe and analyse the effects of Loyalism on the literary culture of Ontario He explores the enduring nature of an attitude of mind whose historical origins lie in the Loyalist settlements in the forests of Upper Canada No single source can explain a culture's characteristic way of viewing moral social and literary matters This study however reveals how one historical event and the mythology it engendered have helped to shape a province and its literature The collective experience of the Loyalists underlies Ontario's view of the Canadian destiny Their defeat exile endurance and their final mastery of a new land confirmed their belief that their own destiny lay within a larger imperial framework But they lived at the same time as both North Americans and monarchists victims and founders heroes and the dispossessed Writers in this culture faced with the declining importance of the British connection and the rising of American presence were ill prepared by their political and imaginative lives to comprehend the vision of an independent nation In our own time this has led to a renewed sense of fall to a disillusionment that contrasts sharply with the feeling of paradise regained that pervaded an earlier era The book is a study of dislocation seen through vignettes of various authors and their writings William Kirby's *The Golden Dog* Major Richardson's *Wacousta* Charles Mair's *Tecumseh* and the *Jalna* series by Mazouze de la Roche Contemporary analogues of the Loyalist habit of mind are pursued in the works of George Grant Dennis Lee Al Purdy and Scott Symons the journey returns to its Loyalist starting point in pain loss and the sense of a vanished home Loyalism both as fact and as myth is one of the cultural forces that has given Ontario its sense of place Professor Duffy concludes that in some way the culture of Upper Canada Ontario remains continuous that it has kept faith with its origins His study heightens our understanding of a nation's roots

**Collected Works of George Grant** Arthur Davis, Henry Roper Roper, Sheila Grant, 2009-02-28 George Grant 1918-88 has often been called Canada's greatest political philosopher and his work continues to influence the country's political social and cultural discourse and institutions The fourth and final volume of the *Collected Works of George Grant* contains his writings from the last period of his life and includes unpublished material such as lectures interviews and excerpts from his notebooks With comprehensive annotations for his articles reviews and the three books he published during this period *Time as History* *English Speaking* *Justice and Technology* and *Justice* the volume also contains his writings on Nietzsche Heidegger Simone Weil and C line that were central to this phase of his thought Volume 4 reveals his engagement with technology and the nature of technological society that is as insightful today as during Grant's lifetime and is lasting proof of his legacy Arthur Davis is Associate Professor in the School of Social Sciences Atkinson Faculty of Liberal and Professional Studies York

University During the 1950 s he studied undergraduate philosophy with George Grant Canadian Books in Print. Author and Title Index ,1975 **Christianity and Liberal Society** Robert Song,2006-01-13 Liberalism forms the dominant political ideology of the modern world but despite its pervasive influence this is the first book length treatment of liberal political thought from a Christian theological perspective Song discusses the different aspects and interpretations of liberalism with reference to the critiques of three twentieth century theologians the American Protestant Reinhold Niebuhr on the liberal progressivist philosophy of history the lesser known Canadian George Grant on the threat of technology to fundamental liberal values as articulated in the recent work of John Rawls and the French Thomist Jacques Maritain on the defence of political pluralism Further to this Song explores the implications of this political theology for the issues in fundamental constitutional theory raised by a bill of rights and judicial review of legislation and concludes with an account of the critical but supportive stance of liberalism Christian theology should take The Vanishing Tradition Paul Gottfried,2020-07-15 This anthology provides a timely critical overview of the American conservative movement The contributors take on subjects that other commentators have either not noticed or have been fearful to discuss In particular this collection of searing essays hits hard at blatant cult of celebrity and intolerance of dissent that has come to characterize the conservative movement in this country As The Vanishing Tradition shows the conservative movement has not often retrieved its wounded instead dispatching them in order to please its friendly opposition and to prove its moderateness The movement has also been open to the influence of demanding sponsors who have pushed it in sometimes bizarre directions Finally the essayists here highlight the movement s appeal to permanent values as a truly risible gesture given how arduously its celebrities have worked to catch up with the Left on social issues This no holds barred critical examination of American conservatism opens debates and seeks controversy *Canadian Communication Thought* Robert E. Babe,2000-01-01 Babe examines the writings of ten major thinkers in the context of their physical and cultural environments and finds that there is indeed a mode of theorizing that is quintessentially Canadian Moving Images of Eternity William F. Pinar,2019-03-26 William F Pinar presents a comprehensive and original study that demonstrates the significance and pertinence of the scholarship of George Grant for teaching today While there are studies of Grant s political philosophy there has been no sustained study of his teaching Pinar not only draws upon the collected works he has also consulted Grant s PhD thesis at Oxford as well as the philosopher s biography collected letters and the vast secondary literature What emerges is a treatise that reveals Grant s timeliness and his prescience in identifying and critiquing key educational issues nearly half a century ago from academic vocationalism and educational technology to privatization and the ascendancy of research issues that are eminently relevant today Beyond the classroom Grant s concerns extended to the impact of economic globalization which he feared would erase distinctive national histories and cultures As such Grant foresaw the current issues of right wing populism notably in the UK and the US as reactions against these historical tendencies This volume is destined to become an indispensable reference

### **Retrieving Origins and the Claim of Multiculturalism**

Antonio Lopez,Javier Prades,2014-11-10 This book explores the philosophical legal and theological roots of Western multiculturalism that is the encounter and coexistence of different cultures within a liberal society Rather than concerning themselves with the particulars of cultural dialogue the authors of this volume go deeper and question the very reality of multiculturalism itself The contributors represent different cultures and faith traditions but are united in friendship and in the conviction that the Christian faith enables an authentic approach to long standing debates on multiculturalism Publisher

**Border Within** Ian H. Angus,1997 A Border Within addresses the question of English Canadian identity by exploring whether a plurality of discourses can lead to other than a fragmented society Ian Angus examines the relationship between globalizing social movements and the particularities of identity politics by extending the theories on identity of Harold Innis and George Grant two seminal figures in Canadian political philosophy to develop a philosophy applicable to the contemporary social issues of multiculturalism and environmentalism
