## George Nikolajevich:

**Better Library Design** Rebecca T. Miller, Barbara A. Genco, 2015-12-28 Few librarians build more than one library in their careers and renovating or building a whole new library is a very expensive investment. Thus new or refurbished structures need to be fresh and up to date. While some librarians have the means to visit exemplary buildings as they develop their own library's master plan, most library leaders and stakeholders won't actually see the full range of potential projects. Hence this unique book is both a resource and a brainstorm prompt. It helps library leaders and key stakeholders surface the ideal programmatic aspects that drive exciting design and offer recent design solutions that have been effectively implemented. **Better Library Design** Ideas from *Library Journal* identifies and celebrates the top trends in library design, capturing current state and provides an authoritative overview for those planning their own projects. This is a colorful, high-content survey of dynamic library building projects completed in the last five years in both public and academic settings. Anchored by *Library Journal*'s New Landmark Libraries competition, here is the nation's best examples of innovative, functional, appealing design, all in glorious full color, so you'll be both inspired and informed as you make important design choices. *New in New Orleans Architecture* John Klingman, 2012-03-01 The best of contemporary New Orleans architecture. From commercial buildings to residential dwellings, this pictorial guide compiles descriptions of more than eighty architecture projects from the last fifteen years. Establishments include Octavia Books, the Ogden Museum of Art, and the Cotton Mill. **Almanac of Architecture & Design, 2005** James P. Cramer, 2005 **Almanac of Architecture & Design 2006** James P. Cramer, Jennifer Evans Yankopolus, 2005-11 **Contract Design**, 1999 [Bibliographic Guide to Art and Architecture](#) New York Public Library, Art and Architecture Division, 1980 **St. Louis Commerce Magazine**, 2006-02 [World Architecture](#), 1997 [Architectural Record](#), 2006 *Almanac of Architecture & Design*, 2003 Includes calendar, registry of awards in the field, directories of museums, professional organizations, leading firms, and university programs, and short obituaries. *The American Institute of Architects College of Fellows* American Institute of Architects. College of Fellows, 2000 *School Ways* Ben E. Graves, 1993 A practical, richly illustrated design guide on school architecture. Table of Contents, Introduction, Demographics, The Past, History, The Present, Portfolio, Studies, The Future, Furniture, Planning, Conclusions, Where to Get Help, References. 354 illustrations, 64 in full color. **St. Louis Commerce**, 1999 [Form](#), 2007 [Gateway Heritage](#), 2002 **The Design Firm Directory**, 1996 [Progressive Architecture](#), 1989 *George Nikolajevich* George Nikolajevich, 2002 The architecture of George Nikolajevich exhibits a remarkable balance between restraint and expression. Working in St. Louis, far from the country's coasts of architectural fashion, he has created a body of work that delivers modernist élan and formal invention. The nature of Nikolajevich's work flows from his position as a design principal at Cannon Design. Nikolajevich has been encouraged to carve out a special niche, turning his strength into a firm strength. In the process, he has designed an impressive number of buildings that combine a sense of Midwestern thrift and

practicality with a flair for sophisticated design His architecture has developed a growing affinity to that of the great architects Erik Gunnar Asplund and Alvar Aalto Like Asplund s work Nikolajevich s buildings have a quiet sculptural quality that impresses us with their economy of means Sometimes less is indeed more And like Aalto Nikolajevich has demonstrated a humanist s touch with simple materials

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved     **Search** ,1993     Almanac of Architecture and Design 2000 James P. Cramer,2000 The only source book of its kind this almanac is the design profession s definitive resource for up to the minute architecture and design information This all in one resource brings together facts figures and important dates including information on competition submissions and conferences weights measures and conversion tables valuable cost and statistical information and more
