George Gissing Critical Essays Critical Studies:

George Gissing, 2000 **Critical Essays on Arthur Morrison and the East End** Diana Maltz, 2022-07-26 In 1896 author Arthur Morrison gained notoriety for his bleak and violent *A Child of the Jago* a slum novel that captured the desperate struggle to survive among London's poorest. When a reviewer accused Morrison of exaggerating the depravity of the neighborhood on which the *Jago* was based, he incited the era's most contentious public debate about the purpose of realism and the responsibilities of the novelist. In his self-defense and in his wider body of work, Morrison demonstrated not only his investments as a formal artist but also his awareness of social questions. As the first critical essay collection on Arthur Morrison and the East End, this book assesses Morrison's contributions to late Victorian culture, especially discourses around English working-class life. Chapters evaluate Morrison in the context of Victorian criminality, child welfare, disability, housing, professionalism, and slum photography. Morrison's works are also reexamined in the light of writings by Sir Walter Besant, Clementina Black, Charles Booth, Charles Dickens, George Gissing, and Margaret Harkness. This volume features an introduction and 11 chapters by preeminent and emerging scholars of the East End. They employ a variety of critical methodologies drawing on their respective expertise in literature, history, art history, sociology, and geography. **Critical Essays on Arthur Morrison and the East End** throws fresh new light on this innovative novelist of poverty and urban life. **George Gissing** Jean-Pierre Michaux, 1980 *The Fiction of George Gissing* Lewis D. Moore, 2008 This work approaches Gissing's novels as purely imaginative works of art. By analyzing important themes in his novels and recognizing the power of the artist's imagination, the author reveals how Gissing's novels present a lived feel of the world Gissing knew firsthand. Provided by publisher **A Literary-critical Analysis of the Complete Prose Works of Lytton Strachey (1880-1932)** Barry Spurr, 1995 In the context of a detailed reading of all Strachey's works and of the Strachey Papers in the British Library, this study argues against the presentations of Strachey as a mere debunker of reputation and belletristic literary critic.

Encyclopedia of the British Novel Virginia Brackett, Victoria Gaydosik, 2015-04-22 Praise for the print edition comprehensive Recommended *Monthly Bulletin* Carnegie Library of Pittsburgh, 1903 **Monthly Bulletin of the Carnegie Library of Pittsburgh** Carnegie Library of Pittsburgh, 1902 **Among Our Books** Carnegie Library of Pittsburgh, 1903 **Dickens and the Sentimental Tradition** Valerie Purton, 2014-10-01 *Dickens and the Sentimental Tradition* is a timely study of the sentimental in Dickens's novels which places them in the context of the tradition of Fielding, Richardson, Sterne, Goldsmith, Sheridan, and Lamb. This study re-evaluates Dickens's presentation of emotion first within the eighteenth-century tradition and then within the dissimilar nineteenth-century tradition as part of a complex literary heritage that enables him to critique nineteenth-century society. The book sheds light on the construction of feelings and of the good heart ideas which resonate with current critical debates about literary affect. Sentimentalism as the text demonstrates is crucial to understanding fully the achievement of Dickens and his contemporaries. *A Garland For Gissing*, 2021-11-01 The

crown upon the continuing vitality and popularity of Gissing studies in the final decade of the twentieth century was the publication of *The Collected Letters of George Gissing* 1990-97. The editors of that mammoth undertaking Paul Mattheisen, Arthur Young and Pierre Coustillas had long been an inspiration to the younger generation of Gissing scholars and their presence at the International George Gissing Conference at Amsterdam in September 1999 explained the success of the encounter between Gissing's older and younger critics. Ever since the reappraisal of Gissing's works began to get under way in the early 1960s through the publication of many new editions of the works and ground-breaking critical studies by Arthur Young, Jacob Korg and Pierre Coustillas, it has become impossible to ignore the high status he now enjoys by rights which resembles the position granted to him long ago by his contemporaries as one of the leading English novelists of the late nineteenth century. This collection of essays is remarkable for its emphasis on women's issues addressed in Gissing's novels ranging from the inadequate education of women to the struggle for greater female independence within and without marriage. Several contributors seek to define the precise nature and quality of Gissing's achievement and his place in the canon and in the process they open up fascinating new opportunities for future research.

Just Looking (Routledge Revivals) Rachel Bowlby, 2009-11-18. The spectacular development of early consumer society in Britain, France and the United States had a profound impact on constructions of femininity and masculinity and commercial and cultural values in the late nineteenth and early twentieth centuries. Focusing on novels by Theodore Dreiser, George Gissing and Emile Zola, *Just Looking* first published in 1985 addresses itself to a central paradox of the period: the perceived antithesis of the terms commerce and culture which emerged at a time which saw the actual drawing together of commercial and cultural practices. Drawing on structural psychoanalytic and Marxist feminist theory, Rachel Bowlby retrieves a relatively neglected literary area for contemporary political and theoretical concerns: re-establishing the naturalist novel as a rich source for feminists, literary theorists and cultural historians.

Cultural Histories of Ageing Margery Vibe Skagen, 2021-05-12. Drawing on sixteenth to twenty-first century American, British, French, German, Polish, Norwegian and Russian literature and philosophy, this collection teases out culturally specific conceptions of old age as well as subjective constructions of late life.

identity and selfhood The internationally known humanistic gerontologist Jan Baars the prominent historian of old age David Troyansky and the distinguished cultural historian and pioneer in the field of literature and science George Rousseau join a team of literary historians who trace out the interfaces between their chosen texts and the respective periods medical and gerontological knowledge The chapters in depth analyses of major and less known works demonstrate the rich potential of fiction poetry and autobiographical writing in the construction of a cultural history of senescence These literary examples not only bear witness to longue dur e representations of old age and epochal transitions regarding cultural attitudes to the aged they also foreground the subjectivities that produced some of these representations and that continue to communicate with readers of other times and places By casting a net over a variety of authors genres periods and languages the collection gives a broad sense of how literature is among the richest and most engaging sources for historicizing the ageing self The Cambridge History of English Literature: The nineteenth century. Charles Dickens and 'Boz' Robert L. Patten, 2012-05-10 Dickens rise to fame and his world wide popularity were by no means inevitable He started out with no clear career in mind drifting in and out of the theatre journalism and editing before finding unexpected success as a creative writer Taking account of everything known about Dickens apprentice years Robert L Patten narrates the fierce struggle Dickens then had to create an alter ego Boz and later to contain and extinguish him His revision of Dickens biography in the context of early Victorian social and political history and print culture opens up a more unstable yet more fascinating portrait of Dickens The book tells the story of how Dickens created an authorial persona that highlighted certain attributes and concealed others about his life talent and publications This complicated narrative of struggle determination dead ends and new beginnings is as gripping as one of Dickens own novels The Experience of Idling in Victorian Travel Texts, 1850-1901 Heidi Liedke, 2018-08-02 This book brings together theories of spatiality and mobility with a study of travel writing in the Victorian period to suggest that idleness is an important but neglected condition of subjectivity in that era Contrary to familiar stereotypes of the Victorians as characterized by speed work and mechanized travel this books asserts a counter narrative in which certain writers embraced idleness in travel as a radical means to re subjectification and the assertion of a late Romantic sensibility Attentive to the historical and literary continuities between Romantic and Victorian the book reconstructs the Victorian discourse on idleness It draws on an interdisciplinary range of theorists and brings together a fresh selection of accounts viewed through the lens of cultural studies as well as accounts of publication history and author biography Travel texts from different genres by writers such as Anna Mary Howitt Jerome K Jerome and George Gissing are brought together as representing the different facets of the spectrum of idleness in the Victorian context **Dickens's Great Expectations** Ian Brinton, 2007-02-28 Reader s Guides provide a comprehensive starting point for any advanced student giving an overview of the context criticism and influence of key works Each guide also offers students fresh critical insights and provides a practical introduction to close reading and to analysing literary
