History of English Literature: The nineteenth century. II Sir Adolphus William Ward, Alfred Rayney Waller, 1916

George Gissing Robert L. Selig, 1983 Robert L. Selig provides the first book length study to survey the totality of Gissing's contributions in light of the fertile biographical and critical material emerging in recent years. Arguing that Gissing is a distinguished figure in English realism a writer who depicts intelligent sensitive people in constricted social situations Selig remarks that to understand Gissing's place in English literature one must also understand the culture upon which he focused his books. This cultural perspective informs each section of the study a biographical portrait shedding new light on Gissing's troubled often controversial life eight chronologically arranged chapters exploring all of Gissing's works including the much neglected short fiction and a concluding chapter delivering fresh interpretations of the large body of scholarship devoted to Gissing including the response from feminist critics **The Dickensian** Bertram Waldrom Matz, 1925 **The History of**

the English Novel Ernest Albert Baker, 1929 **The Publishers' Circular and Booksellers' Record**, 1907 *Record of Christian Work* Alexander McConnell, William Revell Moody, Arthur Percy Fitt, 1900 Includes music *The Athenaeum*, 1902

The Athenaeum, 1888 *The Publisher*, 1904 **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1897 Charles Dickens Michael Slater, 2011-01-01 A magnificent new biography of the man who gave us David Copperfield Oliver Twist and Ebenezer Scrooge. This long awaited biography twenty years after the last major account uncovers Dickens the man through the profession in which he excelled. Drawing on a lifetime's study of this prodigiously brilliant figure Michael Slater explores the personal and emotional life the high profile public activities the relentless travel the charitable works the amateur theatricals and the astonishing productivity. But the core focus is Dickens' career as a writer and professional author covering not only his big novels but also his phenomenal output of other writing letters journalism shorter fiction plays verses essays writings for children travel books speeches and scripts for his public readings and the relationships among them. Slater's account rooted in deep research but written with affection clarity and economy illuminates the context of each of the great novels while locating the life of the author within the imagination that created them. It highlights Dickens' boundless energy his passion for order and fascination with disorder his organizational genius his deep concern for the poor and outrage at indifference towards them his susceptibility towards young women his love of Christmas and fairy tales and his hatred of tyranny. Richly and precisely illustrated with many rare images this masterly work on the complete Dickens man and writer becomes the indispensable guide and companion to one of the greatest novelists in the language The Publishers' Circular and General Record of British and Foreign Literature, 1889

Gissing, a Life in Books John Halperin, 1982 Gissing A Life in Books is widely regarded as a definitive biography of this

last great Victorian novelist *The Late Victorian Folksong Revival* E. David Gregory, 2010-04-13 This book traces the early history of the first English folksong revival during the late Victorian era focusing on the work of three prominent song collectors Sabine Baring Gould Frank Kidson and Lucy Broadwood It follows E David Gregory's earlier book *Victorian Songhunt*

Writing Place Rebecca Hutcheon, 2018-02-12 Exploring a hitherto neglected field *Writing Place Mimesis Subjectivity and Imagination in the Works of George Gissing* is the first monograph to consider the works of George Gissing 1857-1903 in light of the spatial turn By exploring how objectivity and subjectivity interact in his work the book asks what are the risks of looking for the real in Gissing's places How does the inherent heterogeneity of Gissing's observation influence the textual recapitulation of place In addition to examining canonical texts such as *The Nether World* 1889 *New Grub Street* 1891 and *The Private Papers of Henry Ryecroft* 1901 the book analyses the lesser known novels short stories journalism and personal writings of Gissing in the context of modern spatial studies The book challenges previously biographical and London-centric accounts of Gissing's representation of space and place by re-examining seemingly innate contemporaneous geographical demarcations such as the north and the south the city suburb and country Europe and the world and re-reading Gissing's places in the contexts of industrialism ruralism the city in literature and travel writing Through sustained attention to the ambiguities and contradictions rooted in the form and content of his writing the book concludes that ultimately Gissing's novels undermine spatial dichotomies by emphasising and celebrating the incongruity of seeming certainties

The Oxford Handbook of Charles Dickens Robert L. Patten, John O. Jordan, Catherine Waters, 2018-09-13 *The Oxford Handbook of Charles Dickens* is a comprehensive and up to date collection on Dickens's life and works It includes original chapters on all of Dickens's writing and new considerations of his contexts from the social political and economic to the scientific commercial and religious The contributions speak in new ways about his depictions of families environmental degradation and improvements of the industrial age as well as the law charity and communications His treatment of gender his mastery of prose in all its varieties and genres and his range of affects and dramatization all come under stimulating reconsideration His understanding of British history of empire and colonization of his own nation and foreign ones and of selfhood and otherness like all the other topics is explained in terms easy to comprehend and profoundly relevant to global modernity

The Cornhill Magazine, 1893 *Under the Southern Sun* Paul Paolicelli, 2014-04-22 Recently there has been a seemingly endless stream of books praising the glories of ancient and modern Rome fretting over Venice's rising tides and moldering galleries celebrating the Tuscan countryside wines and cuisine But there have been curiously few writings that deal directly with Italy as the country of origin for the grand and great grandparents of nearly twenty six million Americans The greatest majority more than eight out of ten of those American descendants of immigrant Italians aren't the progeny of Venetian doges or Tuscan wealth but are the diaspora of Southern Italians people from a place very different than Renaissance Florence or the modern political entity of Rome Southern Italians mostly from villages and

towns sprinkled about the dramatic and remote countryside of Italian provinces even now tourists find only with determination and rental cars In *Under the Southern Sun* Stories of the Real Italy and the Americans It Created journalist Paul Paolicelli takes us on a grand tour of the Southern Italy of most Italian American immigrants including Calabria Basilicata Puglia Sicily Abruzzo and Molise and explores the many fascinating elements of Southern Italian society history and culture Along the way he explores the concept of heritage and of going back to one's roots the theory of a cultural subconscious and most importantly the idea of a Southern Italian sensibility where it comes from how it has been cultivated and how it has been passed on from generation to generation Amidst the delightful blend of travelogue and journalism are wonderful stories about famous Southern Italian Americans most notably Frank Capra and Rudolph Valentino who were forced to leave their homeland and to adjust adapt and survive in America He tells the story of the only large concentration camp built and run by the Fascists during World War II and of the humanity of the Southerners who ran the place He visits ancient seaside communities once dominated by castles and watchtowers and now bathed in tanning oil and tourists muses over Matera what is probably Europe's oldest and most unknown city and culminates in a fascinating exploration of how one's familial memory can influence his or her internal value system This book is a celebration of Southern Italy its people and what it has given to its American descendants
