## **George Whetstone Midelizabethan Gentleman Of Letters:**

**A Critical Edition of George Whetstone's 1582 An Heptameron of Civil Discourses** George Whetstone, 2019-06-04  
Published in 1987 This edition seeks to make available for the scholar and the student of Elizabethan literature an accurate text of an Heptameron of Civill Discourses **George Whetstone, Mid-Elizabethan Gentleman of Letters** Thomas C. Izard, 1952 *Autobiography and Authorship in Renaissance Verse* E. Heale, 2002-12-13 The advent of relatively cheap editions in the mid sixteenth century produced an explosion of verse much of which represented the first person speaker as a version of the author This book examines ways in which writers often seeking advancement in their careers harnessed verse for self promotional purposes Texts studied include a manuscript autobiography by Thomas Whythorne printed verse by a woman Isabella Whitney travel and war narratives as well as canonical texts by Spenser Sidney and Shakespeare George Whetstone, mid-Elizabethan gentleman of letters Izard, Thomas Clarence, 1966 *The Collected Works of Mary Sidney Herbert, Countess of Pembroke: Poems, translations, and correspondence* Mary Sidney Herbert Countess of Pembroke, 1998 Mary Sidney Herbert Countess of Pembroke is the most important Elizabethan woman writer and patron outside the royal family By astute use of the genres permitted to women she supported the Protestant cause introduced continental literary genres expanded opportunities for later women writers and influenced seventeenth century lyric and drama by such writers as John Donne George Herbert Mary Wroth and William Shakespeare This scholarly edition in two volumes is the first to include all her extant works Volume I prints her three original poems the disputed Dolefull Lay of Clorinda her translations from Petrarch Mornay and Garnier and all her known letters Volume II contains her metrical paraphrases of Psalms 44 150 The edition also provides a biographical introduction discussion of her sources and methods of composition textual annotation and a detailed commentary **George Gascoigne** Gillian Austen, 2008 First modern full length study of the Elizabethan poet George Gascoigne **Self-Commentary in Early Modern European Literature, 1400-1700** Francesco Venturi, 2019-05-15 This volume investigates the various ways in which writers comment on present and defend their own works and at the same time themselves across early modern Europe A multiplicity of self commenting modes ranging from annotations to explicatory prose to prefaces to separate critical texts and exemplifying a variety of literary genres are subjected to analysis Self commentaries are more than just an external apparatus they direct and control reception of the primary text thus affecting notions of authorship and readership With the writer understood as a potentially very influential and often tendentious interpreter of their own work the essays in this collection offer new perspectives on pre modern and modern forms of critical self consciousness self representation and self validation Contributors are Harriet Archer Gilles Bertheau Carlo Caruso Jeroen De Keyser Russell Ganim Joseph Harris Ian Johnson Richard Maber Martin McLaughlin John O'Brien Magdalena Oarska Federica Pich Brian Richardson Els Stronks and Colin Thompson **Early Modern Civil Discourses** J. Richards, 2003-09-09 This collection explores the concept of civility in the early modern period It addresses a

range of writings in English and Scots among them conduct manuals colonial tracts diaries letters dialogues poetry drama chronicles by English Welsh and Scots men and women in and about the Atlantic archipelago It explores the many meanings of civility in the early modern period it recovers some of the lost associations of civility as well as the complex use of the adjectives civil and barbarous in cultural and colonial encounters **Shakespeare's Problem Plays** Simon

Barker,2005-04-25 This New Casebook offers a wide ranging selection of contemporary critical readings of Shakespeare's three problem plays All's Well that Ends Well Measure for Measure and Troilus and Cressida Together they reflect the diversity of late twentieth century theory and the controversy that continues to be generated by the plays and discuss a variety of key issues These include the meaning of the term problem play the historical context and political and cultural significance of the plays as well as issues of staging and theatre history The volume also provides a helpful introduction which guides the reader through the critical approaches terms and debates as well as explanatory notes for each essay and a useful section on further reading Machiavellian Encounters in Tudor and Stuart England Alessandro Arienzo,2016-05-13

Taking into consideration the political and literary issues hanging upon the circulation of Machiavelli's works in England this volume highlights how topics and ideas stemming from Machiavelli's books including but not limited to the Prince strongly influenced the contemporary political debate The first section discusses early reactions to Machiavelli's works focusing on authors such as Reginald Pole and William Thomas depicting their complex interaction with Machiavelli In section two different features of Machiavelli's reading in Tudor literary and political culture are discussed moving well beyond the traditional image of the tyrant or of the evil Machiavel Machiavelli's historiography and republicanism and their influences on Tudor culture are discussed with reference to topical authors such as Walter Raleigh Alberico Gentili Philip Sidney his role in contemporary dramatic writing especially as concerns Christopher Marlowe and William Shakespeare is taken into consideration The last section explores Machiavelli's influence on English political culture in the seventeenth century focusing on reason of state and political prudence and discussing writers such as Henry Parker Marchamont Nedham James Harrington Thomas Hobbes and Anthony Ascham Overall contributors put Machiavelli's image in sixteenth and seventeenth century England into perspective analyzing his role within courtly and prudential politics and the importance of his ideological proposal in the tradition of republicanism and parliamentarianism **Shakespeare's Stage Traffic** Janet

Clare,2014-01-09 Shakespeare's unique status has made critics reluctant to acknowledge the extent to which some of his plays are the outcome of adaptation In Shakespeare's Stage Traffic Janet Clare re-situates Shakespeare's dramaturgy within the flourishing and competitive theatrical trade of the late sixteenth and early seventeenth centuries She demonstrates how Shakespeare worked with materials which had already entered the dramatic tradition and how in the spirit of Renaissance theory he moulded and converted them to his own use The book challenges the critical stance that views the Shakespeare canon as essentially self-contained moves beyond the limitations of generic studies and argues for a more conjoined critical

study of early modern plays Each chapter focuses on specific plays and examines the networks of influence exchange and competition which characterised stage traffic between playwrights including Marlowe Jonson and Fletcher Overall the book addresses multiple perspectives relating to authorship and text performance and reception *William Shakespeare's Romeo and Juliet* Harold Bloom,2009 Shakespeare's tragedy about two star crossed lovers from warring families has stirred audiences and readers alike and inspired other artists for generations with its timeless themes of love and loss This invaluable new study guide examines one of Shakespeare's greatest plays through a selection of the finest contemporary criticism Writing, Gender and State in Early Modern England Megan Matchinske,1998-05-28 The period from the Reformation to the English Civil War saw an evolving understanding of social identity in England This book uses four illuminating case studies to chart a discursive shift from mid sixteenth century notions of an individually generated spiritually motivated sense of identity to Civil War perceptions of the self as inscribed by the state and inflected according to gender a site of civil and sexual invigilation and control Each centres on the work of an early modern woman writer in the act of self definition and authorization in relation to external powers such as the Church and the monarchy Megan Matchinske's study illustrates the evolving relationships between public and private selves and the increasing role of gender in determining different identities for men and women The conjunction of gender and statehood in Matchinske's analysis represents an original contribution to the study of early modern identity *Fictions of Authorship in Late Elizabethan Narratives* Katharine Wilson,2006-02-23 The sensational narratives of John Lyly Robert Greene and Thomas Lodge established prose fiction as an independent genre in the late sixteenth century The texts they created are a paradoxical blend of outrageous plotting and rhetorical sophistication high and low culture Although their works were feverishly devoured by contemporary readers these writers are usually only known to students as sources for Shakespearean comedy *Fictions of Authorship in Late Elizabethan Narratives* re-examines some of the pamphleteers earlier critics christened the University Wits young professionals who exposed their education and talents to the still new and uncertain world of mass market publication These texts chart their authors disenchantment with the limitations of romance and of their own careers yet they also form an alternative canon of vernacular writing which is both self-referential and self-questioning Shocking unpredictable and very engaging these narratives provide a vivid commentary on the interface between popular taste and English literature

**Modern Language Quarterly** ,1944 Shakespeare's Folktale Sources Charlotte Artese,2015-06-03 Shakespeare's *Folktale Sources* examines how Shakespeare adapted folktales for one or more plots in seven of his plays When we acknowledge that Shakespeare constructed his plays from traditional stories with wide written and oral circulation we can see how he used his folktale sources to engage his audience on common ground *English Dramatic Interludes, 1300-1580* Darryll Grantley,2004-04-05 Darryll Grantley has created a comprehensive guide to the interlude the extant non cycle drama in English from the late fourteenth century up to the period in which the London commercial theatre began As precursors of

seventeenth century drama not only do these interludes shed important light on the technical and literary development of Shakespearean theatre but many are also works of considerable theatrical or cultural interest in themselves This accessible reference guide provides an entry for each of the extant interludes and fragments c 100 typically containing an account of early editions or manuscripts authorship and sources modern editions plot summary and dramatis personae list of social issues present in the plays verbal and dramaturgical features songs and music allusions and place names stage directions and comments on staging and modern productions among other valuable and informative details There are full bibliographies indexes of characters and songs and appendices

**Tudor England** Arthur F. Kinney, David W. Swain, Eugene D. Hill, William A. Long, 2000-11-17 This is the first encyclopedia to be devoted entirely to Tudor England 700 entries by top scholars in every major field combine new modes of archival research with a detailed Tudor chronology and appendix of biographical essays Entries include Edward Alleyn actor theatre manager Roger Ascham Bible translation cloth trade Devereux fami

**Sexual Dissidence** Jonathan Dollimore, 2018-09-19 Why is homosexuality socially marginal yet symbolically central Why in other words is it so strangely integral to the very societies which obsessively denounce it and why is it history history rather than human nature which has produced this paradoxical position These are just some of the questions explored in this wide ranging study of sexual dissidence which returns to the early modern period in order to focus question and develop issues of postmodernity In the process it brilliantly links writers as diverse as Shakespeare Gide Wilde and Genet and cultural critics as different as St Augustine Freud Fanon Foucault and Monique Wittig So Freud s theory of perversion is discovered to be more challenging than either his critics or his advocates usually allow especially when approached via the earlier period s archetypal perverts the religious heretic and the wayward woman Satan and Eve The book further shows how the literature histories and sub cultures of sexual and gender dissidence prove remarkably illuminating for current debates in literary theory psychoanalysis and cultural materialism It includes chapters on transgression and its containment contemporary theories of sexual difference homophobia the gay sensibility transvestite literature in the culture and theatre of Renaissance England homosexuality and race

**The English Novel Before Richardson** Helmut Bonheim, 1971 A guide to sources about English novels and fiction published to 1976
