Young,1981 George Etienne Cartier has traditionally been interpreted as primarily a federal politician as Macdonald's ally in building a united Canada and as a representative French Canadian Brian Young downplays ethnic and national political factors and focuses on Cartier's function as spokesman for a specific social group the Montreal bourgeoisie The dominant politician in Quebec in the mid 1980s Cartier directed the transformation of that society's fundamental landholding legal business and educational institutions Confederation was the political ingredient in the integration of Quebec into Canadian industrial society

*George-Etienne Cartier* Alastair Sweeny,1976 George Etienne Cartier is an in depth portrait of the colorful patriot rebel legislator and political leader whose tireless dedication helped realize the dream of Confederation and later lent shape to the new Dominion This the first popular biography of Cartier sets his achievements in historical perspective and captures the drama of the Confederation era along with the years of struggle leading up to it and the challenging period that followed Alastair Sweeny has fashioned an enduring chronicle of Cartier's private and public life of his political partnership with John A Macdonald his charismatic hold over the French Canadian people his key role in creating the Dominion his unstinting efforts for its expansion for railway construction and legislation New scholarship new interpretations and new insights are here brought to bear in illuminating the true greatness of Cartier and the enormous extent of his contribution to the vision he held of a transcontinental northern power the book fired with a vitality and excitement that was characteristic of Cartier himself provides Canadians with a fascinating account of one of this nation's most important and least recognized founding fathers      Sir George Etienne Cartier, Bart.: His Life and Times. a Political History of Canada from 1814 Until 1873 John

Illustrated* John BOYD (of Montreal.),Sir George-Etienne Cartier,1914      *George-Etienne Cartier* Brian Young,1981-12-01 Through the use of new

sources this study gives prominence to Cartier's business, social and family milieu. It examines his emergence as a corporation lawyer, company director, landlord and railway promoter as well as his political battles with his in-laws, his disintegrating marriage and his long liaison with the unorthodox Luce Cuvillier. A rebel and political exile in 1837, Cartier by the 1850s was a member of the militia, a government minister and a perennial defender of British traditions. His solid conservatism brought him support and rewards from the English-speaking bourgeoisie, the Grand Trunk Railway and the Seminary of Montreal. After confederation, Cartier's political energies lessened and his interest turned to his country estate and to pleasures of the table, drawing room and stable. His degenerative disease and his alienation from his working-class voters in east-end Montreal made him vulnerable to his opponents and his life ended in political defeat and implication in the Pacific scandal. His career, Young concludes, illustrates the development of bourgeois hegemony in Montreal after 1840 and the progressive integration of institutional, political and economic structures to preserve that power.
