Jordaens Zita Ágota Pataki,Birgit Ulrike Münch,2012-06-01 16 essays by a group of internationally acclaimed authors help contribute to a clearer perception of the complex facets of Jacob Jordaens oeuvre and moreover to distinguish it from the works of Rubens van Dyck and his contemporaries The title Genius of Grand Scale refers to the spectrum from history to genre as well as to Jordaens preference for large formats The greatness of the artist Jacob Jordaens needs to be emphasized since even though he outlived Rubens for four whole decades he was never able to escape from under his shadow By reference to iconographic and iconological studies single works are identified and presented in a broad review and the long in many aspects fragmentary reception of his artistic work also forms a large part of the interpretations presented here Furthermore technical examinations of paintings assist in defining more precisely how they were generated This overdue volume presents essential reading for anyone interested in Jacob Jordaens

Painting and Publishing as Cultural Industries Claartje Rasterhoff,2025-10-01 The Dutch Republic was a cultural powerhouse in the modern era producing lasting masterpieces in painting and publishing and in the process transforming those fields from modest trades to booming industries This book asks the question of how such a small nation could become such a major player in those fields Claartje Rasterhoff shows how industrial organisations played a role in shaping patterns of growth and innovations As early modern Dutch cultural industries were concentrated geographically highly networked and institutionally embedded they were able to reduce uncertainty in the marketplace and stimulate the commercial and creative potential of painters and publishers though those successes eventually came up against the limits of a saturated domestic market and an aversion to risk on the part of producers that ultimately brought an end to the boom

Picturing Men and Women in the Dutch Golden Age Muizelaar Klaske,Klaske Muizelaar,Derek L. Phillips,2003-01-01 Taking as their premiss the subjective experience of art the authors look at how paintings by Rembrandt Vermeer other masters were displayed comprehended in the 17th century

Franits,2004-01-01 The appealing genre paintings of great seventeenth century Dutch artists Vermeer Steen de Hooch Dou and others have long enjoyed tremendous popularity This comprehensive book explores the evolution of genre painting throughout the Dutch

Golden Age beginning in the early 1600s and continuing through the opening years of the next century Wayne Franits a well known scholar of Dutch genre painting offers a wealth of information about these works as well as about seventeenth century Dutch culture its predilections and its prejudices The author approaches genre paintings from a variety of perspectives examining their reception among contemporary audiences and setting the works in their political cultural and economic contexts The works emerge as distinctly conventional images Franits shows as genre artists continually replicated specific styles motifs and a surprisingly restricted number of themes over the course of several generations Luxuriously illustrated and with a full representation of the major artists and the cities where genre painting flourished this book will delight students scholars and general readers alike

Art, Honor and Success in The Dutch Republic Judith

Noorman,2025-10-01 Focusing on the interrelationship between Jacob van Loo s art honor and career this book argues that Van Loo s lifelong success and unblemished reputation were by no means incompatible as art historians have long assumed with his specialization in painting nudes and his conviction for manslaughter Van Loo s iconographic specialty the nude allowed his clientele to present themselves as judges of beauty and display their mastery of decorum while his portraiture perfectly expressed his clients social and political ambitions Van Loo s honor explains why his success lasted a lifetime whereas that of Rembrandt Frans Hals and Vermeer did not Taking an interdisciplinary approach this book reinterprets the manslaughter case as a sign that Van Loo s elite patrons recognized him as a gentleman and highly esteemed artist Uniquely this book redefines Van Loo s place within and contribution to the Golden Age of Dutch painting consistently discussing Van Loo in relation to his contemporaries demonstrates that honor was a precondition for artistic success allows new insight into the relation between honor artistic success and socially acceptable behavior particularly of artists in the Dutch Golden Age

Picturing Performance Thomas F. Heck,R. L. Erenstein,1999 There has long been a need to introduce performing arts enthusiasts and students to the fascinating field of iconography both as manifested in art history and in its more pragmatic or applied forms Yet relatively little systematic effort has been made to collect and interpret centuries of such visual evidence in the light of the best available art historical information combined with corroborating textual documentation and insights from the histories of performance disciplines Aspiring iconographers of the performing arts need to be aware that there are often several levels of interpretation which great works of visual art will sustain This book explores these levels of interpretation a surface or literal reading a deeper reading of the work which seeks to enter the mind of the artist and asks how and why he put a given work together and the deepest reading of the work relating it to the artistic traditions and culture in which the artist lived In expounding on these levels of iconographic interpretations four discourses by scholars active in the study of visual records are given in relation to traditions techniques and trends performance in general Katritzky music Heck theatre Erenstein and dance Smith Effort is made to keep abreast of modern technology influencing iconographic representations as on the Internet and virtual reality Thomas F Heck is Professor of Musicology and Head of the Music and Dance Library at the
