Gerard Manley Hopkins A Critical Symposium:

Gerard Manley Hopkins Frank Raymond Leavis, 1973 The larger part of this classic symposium on the poetry of Gerard Manley Hopkins was originally assembled as a special number of The Kenyon Review to celebrate in 1944 the centenary of the poet's birth and then published in the New Directions Makers of Modern Literature series **A Study Guide for Gerard Manley Hopkins's "Pied Beauty"** Gale, Cengage Learning, 2016 A Study Guide for Gerard Manley Hopkins's Pied Beauty excerpted from Gale's acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs Gerard Manley Hopkins Gerald Roberts, 2013-10-31 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer's work enabling students and researchers to read for themselves for example comments on early performances of Shakespeare's plays or reactions to the first publication of Jane Austen's novels The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion and little published documentary material such as letters and diaries Significant pieces of criticism from later periods are also included in order to demonstrate the fluctuations in an author's reputation Each volume contains an introduction to the writer's published works a selected bibliography and an index of works authors and subjects The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period in slipcase boxes and as individual volumes **Studies in Henry James** Richard P. Blackmur, 1983 A bibliographical note Blackmur's essays on Henry James p 243 244 Includes index The Printed Voice of Victorian Poetry Eric Griffiths, 2018-07-12 The Printed Voice of Victorian Poetry starts from a simple fact our written language does not represent the way we speak Intonation accent tempo and pitch of utterance can be inferred from a written text but they are not clearly demonstrated there The book shows the implications of this fact for linguists and philosophers of language and offers fundamental criticisms of some recent work in these fields It aims principally to describe the ways in which nineteenth century English poets Tennyson Browning Hopkins responded creatively to the ambiguities involved in writing down their own voices the melodies of their speech Original readings of the poets work are given both at a minutely detailed level and with regard to major preoccupations of the period immortality morbidity marriage social divisions and religious conversions and in this way Eric Griffiths offers a new map of Victorian poetry A Hopkins Chronology J. McDermott, 1996-11-14 This Hopkins chronology describes the poet's family and early education then gives a day by day account of what he was doing reading and writing and the people he met Drawing on some material not published before it illustrates the working life of a priest poet whose work was not made public until more than thirty years after his death There are additional sections on the religious and political background of a major Victorian writer whose life was essentially enigmatic and private **Gerard Manley**

Hopkins Graham Storey, 1984 Hopkins occupies a position in English literary history which is virtually unique that of a strikingly original poet whose work remained unknown in his life time except to a handful of friends and which was not published until thirty years after his death He was uninfluenced by the poetic fashions of his own day nor has he attracted followers since his reputation became established Mr Storey's essay succeeds that by Geoffrey Grigson and provides a detailed study of his poetic technique and of his use of language It examines the terms *in stress* and *in scap* which are crucial to the understanding of Hopkins's conception of poetry and discusses the nature and the use of *sprung* rhythm which first appears in *The Wreck of the Deutschland* It also considers the relation of Hopkins's religious vocation to his poetry Very few poets have Mr Storey's view communicated so strongly both excitement at natural beauty and its opposite intimate knowledge of the terrors of despair He concludes that Hopkins's poetic innovations were too radical for his work to have received a just valuation from his own contemporaries and hence that the delay in publication has worked in his favour Graham Storey was Reader in English at the University of Cambridge a Fellow of Trinity Hall and Vice President of the Hopkins Society His publications include *A Preface to Hopkins* and the article on Hopkins in *English Poets Selection Bibliographical Guides* Editions include *Journals and Papers of Gerard Manley Hopkins* edited by Humphry House completed by Graham Storey and *Selected Verse and Prose of Gerard Manley Hopkins*

A More Beautiful Question Glenn Hughes, 2011-04-30 As more and more people in North America and Europe have distanced themselves from mainstream religious traditions over the past centuries a crisis of faith has emerged and garnered much attention But Glenn Hughes author of *A More Beautiful Question The Spiritual in Poetry and Art* contends that despite the withering popularity of faith based worldviews our times do not evince a decline in spirituality One need only consider the search for alternative religious symbolisms as well as the growth of groups espousing fundamentalist religious viewpoints to recognize that spiritual concerns remain a vibrant part of life in Western culture Hughes offers the idea that the modern crisis of faith is not a matter of vanishing spiritual concerns and energy but rather of their disorientation even as they remain pervasive forces in human affairs And because art is the most effective medium for spiritual evocation it is our most significant touchstone for examining this spiritual disorientation just as it remains a primary source of inspiration for spiritual experience *A More Beautiful Question* is concerned with how art and especially poetry functions as a vehicle of spiritual expression in today's modern cultures The book considers the meeting points of art poetry religion and philosophy in part through examining the treatments of consciousness transcendence and art in the writings of twentieth century philosophers Eric Voegelin and Bernard Lonergan A major portion of *A More Beautiful Question* is devoted to detailed case studies of three influential modern poets Gerard Manley Hopkins Emily Dickinson and T S Eliot In these and its other chapters the book examines the human need for artistic symbols that evoke the mystery of transcendence the ways in which poetry and art illuminate the spiritual meanings of freedom and the benefits of an individual's loving study of great literature and art *A More Beautiful*

Question has a distinctive aim to clarify the spiritual functions of art and poetry in relation to contemporary confusion about transcendent reality and it meets that goal in a manner accessible by the layperson as well as the scholar By examining how the best art and poetry address our need for spiritual orientation this book makes a valuable contribution to the philosophies of art literature and religion and brings deserved attention to the significance of the spiritual in the study of these disciplines

A Heart Lost in Wonder Catharine Randall,2020-07-28 Gerard Manley Hopkins one of the most beloved English language poets of all time lived a life charged with religious drama and vision The product of a High Church Anglican family Hopkins eventually converted to Roman Catholicism and became a priest after which he stopped writing poetry for many years and became completely estranged from his Protestant family *A Heart Lost in Wonder* provides perspective on the life and work of Gerard Manley Hopkins through both religious and literary interpretation Catharine Randall tells the story of Hopkins s intense charged and troubled life and along the way shows readers the riches of religious insight he packed into his poetry By exploring the poet s inner life and the Victorian world in which he lived Randall helps readers to understand better the context and vision of his astonishing and enduring work **Gerard Manley Hopkins** Leo Martin van Noppen,1980

Gerard Manley Hopkins Paola Bottalla,Giulio Marra,Franco Marucci,1991 **The Newman-Scotus Reader** Edward J. Ondrako,2015-05-13 Drawing from the inaugural Newman Scotus Symposium this edited volume presents principles that converge with striking similarities in the thought patterns of Bl John Duns Scotus and Bl John Henry Newman With contributions from prominent philosophers and theologians this book argues in detail that Newman was overall sympathetic to many of the major themes characteristic of Scotus metaphysics and furthermore would be cautious about simply substituting historical dimensions and new hermeneutics for a sound metaphysical approach The more metaphysical approach of Scotus uncovers the implicit notional foundations of Newman s thought while the more phenomenological style of Newman assists the reader in grasping the realism and profound spirituality lying behind the more abstract presentation of Scotus Topics range from the Franciscan Scotistic motive of the Incarnation the Scotistic position of sacramental theology to intuition and certitude scientific form and real assent uncoupling Scotus from Kant the will as the power to self determine as the essential characteristic of the will with love as its object and its relationship to the intellect as moved by its object the truth and more Features of this edited work include A unique text that offers connections and contexts between Newman and Scotus including a genuine unity of approach and substantially identical convictions concerning the nature of theology and how to conduct it Contributions from prominent philosophers and theologians such as John T Ford Timothy P Noone Cyril O Regan Peter D Fehlner Olivier Boulnois Edward J Ondrako Bishop Geoffrey Rowell Mary Beth Ingham Patricia Hutchison and Robert C Christie and includes the first hand account from Deacon Jack Sullivan of the miracle that led to Newman s beatification End of chapter study questions This book is intended for upper level undergraduate and graduate students professors and interested persons intuiting modern sensitivity to freedom in its relationship to the will and intellect Scotus
