Modelo interpretativo del cambio organizacional Guillermo Murillo Vargas, Carlos Hernán González Campo, Mónica García Solarte, 2024-09-11. El propósito de este libro es mostrar el cambio tanto organizacional como institucional como un fenómeno presente en las distintas organizaciones sin importar si son privadas o públicas. El análisis de los cambios permite entender las dinámicas internas y externas que coexisten en las organizaciones y su relación con otras organizaciones o incluso con instituciones que hacen parte del sector o del entorno institucional. El libro dividido en cuatro capítulos inicia con el abordaje de las bases teóricas continuando con el modelo, la metodología y finalmente su aplicación. El modelo interpretativo propuesto utiliza cinco categorías analíticas, cada una de las cuales tiene unas subcategorías que se relacionan y facilitan la explicación de la incidencia de los diferentes componentes de orden nacional e internacional sobre los cambios generales del sector estudiado. En la aplicación se mencionan los elementos que más influyen en la interpretación y explicación de cambios basados en los análisis de contexto nacional, internacional y del sector. Para el caso del Grupo AVAL, en el análisis se incluyen los principales cambios, su evaluación, el impacto generado, la identificación de los conflictos y políticas sectoriales y la identificación del discurso y el gobierno corporativo en términos del contexto nacional. Por el lado del contexto internacional, se desarrolla el mercado internacional, los acuerdos, las dinámicas del sector a nivel internacional, sus crisis, las fusiones y adquisiciones, así como los procesos de globalización. La lectura del libro permite la aplicación del modelo en otras organizaciones.
