Theology Pierrick Hildebrand, 2024 This book explores the origins and development of one of the most significant doctrines of Reformation theology The innovative ways in which the Zurich reformer Huldrych Zwingli and his successor Heinrich Bullinger thought about the relationship between the Old and New Testaments left an indelible mark on the Reformed tradition in the sixteenth and seventeenth centuries Distinctively Zwingli and Bullinger emphasized the continuity of both testaments and spoke of a single covenant between God and humanity This would become one of the defining teachings of Reformed Christianity This book follows the development of their covenant theology in the Reformation and argues for its adoption by John Calvin in Geneva and the German theologians of the post Reformation era **Covenant Theology in the**

Theology Guy Prentiss Waters, J. Nicholas Reid, John R. Muether, 2020-10-16 A Comprehensive Exploration of the Biblical Covenants This book forms an overview of the biblical teaching on covenant as well as the practical significance of covenant for the Christian life A host of 26 scholars shows how covenant is not only clearly taught from Scripture but also that it lays the foundation for other key doctrines of salvation The contributors who engage variously in biblical systematic and historical theology present covenant theology not as a theological abstract imposed on the Bible but as a doctrine that is organically presented throughout the biblical narrative As students pastors and church leaders come to see the centrality of covenant to the Christian faith the more the church will be strengthened with faith in the covenant keeping God and encouraged in their

understanding of the joy of covenant life *Protestant Scholasticism: Essays in Reassessment* Carl R. Trueman, Scott R. Clark, 2007-10-01 Traditionally Protestant theology between Luther's early reforming career and the dawn of the Enlightenment has been seen in terms of decline and fall into the wastelands of rationalism and scholastic speculation In this volume a number of scholars question such an interpretation The editors argue that the development of Post Reformation Protestantism can only be understood when a proper historical model of doctrinal change is adopted This historical concern underlies the subsequent studies of theologians such as Calvin Beza Olevian Baxter and the two Turrentini The result is a significantly different reading of the development of Protestant Orthodoxy one which both challenges the older scholarly interpretations and clichés about the relationship of Protestantism to among other things scholasticism and rationalism and which demonstrates the fruitfulness of the new historical approach Contributors D V N Bagchi David C Steinmetz Richard A Muller Frank A James III John L Farthing Lyle D Bierma R Scott Clark Donald Sinnema Paul R Schaefer W Robert Godfrey Carl R Trueman Philip G Ryken John E Platt Joel R Beeke James T Dennison Jr Martin I Klauber Lowell C Green and David P Scaer **Jeremiah's New Covenant** Joshua N. Moon, 2011-06-30 The struggle to read Jeremiah 31 31 34 as Christian Scripture has a long and divided history cutting across nearly every major locus of Christian theology Yet little has been done either to examine closely the varieties of interpretation in the Christian tradition from the post Nicene period to the modern era or to make use of such interpretations as helpful interlocutors This work begins with Augustine's interpretation of Jer 31 31 34 as an absolute contrast between unbelief and faith rather than the now standard reading found in Jerome of a contrast between two successive religious historical eras one that governed Israel the old covenant and a new era and its covenant inaugurated in the coming of Christ Augustine's absolute contrast loosened the strict temporal concern so that the faithful of any era were members of the new covenant The study traces Augustine's reading of an absolute contrast in a few key moments of Christian interpretation Thomas Aquinas and high medieval theology then the 16th and 17th century Reformed tradition The thesis aims at a constructive reading of Jer 31 31 34 and so the struggle identified in these moments in the Christian tradition is brought into dialogue with modern critical discussions from Bernhard Duhm to the present Finally the author turns to an exegetical argument for an Augustinian reading of the contrast of the covenants **The Unaccommodated Calvin** Richard A. Muller, 2001-12-20 This book attempts to understand Calvin in his 16th century context with attention to continuities and discontinuities between his thought and that of his predecessors contemporaries and successors Muller pays particular attention to the interplay between theological and philosophical themes common to Calvin and the medieval doctors and to developments in rhetoric and method associated with humanism **The Supremacy of God in the Theology of Samuel Rutherford** Guy M. Richard, 2009-02-17 This book presents the first modern in depth study of the theology of one of the most influential figures in post Reformation Scotland Samuel Rutherford c 1600 1661 Although much has been written over the years about Rutherford's political thought or about his nearly mystical piety very

little actually has appeared in print about his theology Among those who have written Rutherford's theology in the past none have done so in a comprehensive systematic manner and none have devoted any attention at all to examining Rutherford's Latin treatises The current work seeks to fill both lacunae by presenting Rutherford's theology beginning with the doctrine of assurance and by drawing chiefly upon what is arguably his magnum opus theologiae the *Examen Arminianismi* The *Examen* which consists of lectures Rutherford delivered to his divinity students at St Andrews University is the closest thing he has to a proper systematic theology text But because it is also a polemical treatise aimed primarily against the Arminians the *Examen* provides a context for us to engage not only with the seventeenth century dispute over Arminianism but also with the more contemporary debate of Calvin vs the Calvinists

Calvin and the Federal Vision Jeong Koo Jeon, 2009-06-12

John Calvin 1509-64 was the pinnacle of the sixteenth century Protestant Reformation in Europe As we celebrate the five hundred year anniversary of his birth it is worthy to explore Calvin's covenant theology which may be one of the best windows to understand and evaluate his theology as a whole In recent years the Federal Vision has been surfaced in the American conservative Reformed and evangelical circles It has strong hermeneutical theological and practical attachment with Calvin Although Calvin was a covenant theologian he firmly maintained the evangelical distinction between law and gospel especially in his exposition of justification by faith alone *sola fide* and salvation by grace alone *sola gratia* with a balanced emphasis of believers' covenantal obedience Moreover we will find out that Calvin not only applied the distinction between law and gospel to soteriology but also in the depiction of redemptive history In Calvin the distinction between law and gospel was foundational for the depiction of biblical vision of eschatology in the Garden of Eden before the Fall and under the Old Covenant However the exponents of the Federal Vision deny any validity of the distinction between law and gospel in hermeneutics theology and practice while they identify themselves with those of Calvin In that sense we may identify the Federal Vision not with the Protestant Reformation and Calvin but as consistent monocovenantalism in which they deny the distinction between law and gospel and apply that monocovenantal principle consistently to their understandings of hermeneutics soteriology the doctrine of double predestination and sacramental theology

such topics as his epic work on the Holy Spirit his developed view of faith and reason and his contribution to the place of toleration this book offers an authoritative exploration of Britain s greatest theologians *Beyond Calvin* John V.

Fesko,2012-06-13 The investigation of union with Christ and justification has been dominated by the figure of John Calvin Calvin s influence however has been exaggerated in our own day Theologians within the Early Modern Reformed tradition contributed to the development of these doctrines and did not view Calvin as the normative theologian of the tradition John V Fesko therefore goes beyond Calvin and explores union with Christ and justification in the Reformation Early Orthodox and High Orthodox periods of the Reformed tradition and covers lesser known but equally important figures such as Juan de Valdes Peter Martyr Vermigli Girolamo Zanchi William Perkins John Owen Francis Turretin and Herman Witsius The study also covers theologians that either lie outside or transgress the Reformed tradition such as Martin Luther Philip Melanchthon Faustus Socinus Jacob Arminius and Richard Baxter By treating this diverse body of figures the study reveals areas of agreement and diversity on these two doctrines The author demonstrates that among the diverse formulations all surveyed Reformed theologians accord justification priority over sanctification within the broader rubric of union with Christ Fesko shows that Reformed theologians affirm both union with Christ and the golden chain of salvation ideas that moderns find incompatible In sum rather than reading an individual theologian isolated from his context this study provides a contextual reading of union with Christ and justification in the Early Modern Reformed context The Theological Origins of

Liberalism Ismail Kurun,2016-07-26 This eye opening book offers a critical survey of the true origins of liberalism It challenges the widely held belief among social scientists that liberalism was developed in opposition to Christianity Beginning with the Protestant Reformation it illustrates how Christian thinkers reinterpreted Christianity and used a set of indemonstrable biblical presuppositions from their reinterpretations to develop the first liberal ideas starting a process that culminates in the birth of the first liberal political theory in the writings of a devout Christian philosopher John Locke It explains how the Protestant Reformation covenant theology anti trinitarianism and medieval Christian natural law theories formed the foundations of liberalism Thus the central claim of this book is that liberalism is better understood as a radical reinterpretation of Christianity that emerged in the post Reformation and early modern period As a logical consequence of revealing the hitherto generally neglected roots of liberalism it eventually proposes that a legally pluralist liberal political theory is the best way to maintain human dignity and peace in multi religious societies of today s globalized world *The*

Oxford Handbook of Calvin and Calvinism Bruce Gordon,Carl R. Trueman,2021 John Calvin was a leader of the European Reformation of the sixteenth century and the influence of his thought remains crucial in our world This collection explores the origins of Calvin s thought and the theological historical and cultural circumstances in which they have evolved from Geneva to our times The Covenant Theology of Jonathan Edwards Paul J. Hoehner,2021-05-13 As a theologian in the

Reformed tradition covenant theology was for Jonathan Edwards the internal scaffolding that gave shape to the biblical story

of redemption The establishment of the eternal rule of righteousness as the basis of the believer's communion with God and eternal happiness is a central theme beginning with the Covenant of Works grounded in the eternal Covenant of Redemption and culminating in the Covenant of Grace It is the basis for the law/gospel distinction in Edwards and the early architects of federal theology For the God-intoxicated New England Puritan preacher this was no dry academic exercise Rather it was a joyous and affectionate discovery and embrace of what God had ordained in eternity what Christ accomplished in history on the cross and what the Holy Spirit is doing and will complete in the church This study grew out of current discussions in Reformed scholarship questioning aspects of traditional covenant theology As a key transitional figure in the history of Reformed theology Edwards's thinking is still relevant The richness and depth of Edwards's vision of redemptive history provides a clear and comprehensive understanding of his Reformed soteriology and the role of evangelical obedience in justification

To You and Your Children Benjamin K. Wikner, 2004 Scripture promises that God's people shall not labor in vain nor bring forth children for trouble for they shall be the descendants of the blessed of the Lord and their offspring with them Is 65:22-23 and that Christ will turn the hearts of the children to their fathers Mal 4:6 Yet Christian parents today face a disturbing exodus of their children from the Church to the world Why is this What is the place of children within the faith What do the promises mean Recognizing that this subject is fraught with difficulty and grief the twelve contributors to this volume seek to address the hard questions and lay a biblical foundation of hope for our children Contributors include Timothy Bayly Joel Belz Randy Booth David Hagopian Douglas Jones Dr Nelson D Kloosterman Dr Charles Alan McIlhenny Dr Robert S Rayburn G Mark Sumpter Tom Trouwborst Benjamin K Wikner and Douglas Wilson

Scottish Federalism and Covenantalism in Transition Stephen G Myers, 2016-09-29 How freely can salvation be offered to people How do Law and Grace find balance What influence does federal theology have on the overall theological enterprise How does a confessional church interact with both the civil government and other religious communions These are the questions roiling the twenty-first century church these were the questions threatening to splinter the Scottish church in the early eighteenth century In those earlier days of mounting theological confrontation within the Scottish church Ebenezer Erskine a parish minister renowned for his evangelistic zeal had a major role to play Through this examination of the theology and ministry of Erskine one therefore gains not only a deeper understanding of a man critically important within Presbyterian history but also insight into the pressing theological disputes of the day By analysing Erskine's contributions to ongoing theological discussion greater clarity is gained on the development of federal theology on the root causes of the Marrow controversy and on the challenges involved as increasing religious diversity penetrated lands once dominated by national churches In these areas and more Erskine serves both to illuminate an obscure era and to refine modern understandings of still controversial theological issues

The History of Scottish Theology, Volume I David Fergusson, Mark W. Elliott, 2019 This three-volume series provides a critical examination of the history of theology in Scotland from the early middle ages to the close of the

twentieth century Volume I covers the period from the appearance of Christianity around the time of Columba to the era of Reformed Orthodoxy in the seventeenth century
