Louis Dumont

# German Ideology From France To Germany And Back

**Emanuela Barasch Rubinstein**

## **German Ideology From France To Germany And Back:**

**German Ideology** Louis Dumont,1994 In Dumont s words the Frenchman sees himself as being a man by nature and a Frenchman by accident while the German feels he is a German in the first place and a man through his being a German Furthermore while individualism in the French fashion stresses equality and centers in the sociopolitical domain in Germany it focuses on the uniqueness the irreplaceability of the individual subject and the duty to cultivate it by self education Bildung

**Germany and the Modern World, 1880-1914** Mark Hewitson,2018-07-05 Re assesses Germany s relationship with the wider world before 1914 by examining the connections between nationalism transnationalism imperialism and globalization

**Representing the German Nation** Mary Fulbrook,Martin Swales,2000-12-15 Modern Germany with its ruptures from late unification in 1871 through to the formation of two opposing German states provides a case study for an analysis of the issue of representations of identity in Germany since the war [The Columbia History of Twentieth-century French Thought](#)

Lawrence D. Kritzman,Brian J. Reilly,2006 Unrivalled in its scope and depth The Columbia History of Twentieth Century French Thought assesses the intellectual figures movements and publications that helped shape and define fields as diverse as history and historiography psychoanalysis film literary theory cognitive and life sciences literary criticism philosophy and economics More than two hundred entries by leading intellectuals discuss developments in French thought on such subjects as pacifism fashion gastronomy technology and urbanism Contributors include prominent French thinkers many of whom have played an integral role in the development of French thought and American British and Canadian scholars who have been vital in the dissemination of French ideas **Marcel Gauchet and the Loss of Common Purpose** Natalie J.

Doyle,2017-12-20 This book explores the work of Marcel Gauchet one of France s most prominent contemporary intellectuals to examine the contemporary crisis of European democracy It does so by examining the threats from ideological radicalization associated with the combined impact of economic crisis and Islamic fundamentalism It locates Gauchet s ideas in the context of French intellectual history and notes the significant influence upon it of the social and political theories of Cornelius Castoriadis and Claude Lefort and its reaction against those of Foucault The book reviews the entire scope of Gauchet s writings from the early publications to the most recent publications on the new world of neo liberal individualism economism and globalization The book reveals how Gauchet s work overcomes many of the misunderstandings affecting current discussions of controversial topics including the European Union the nation state political Islam the paradoxes of democracy secularization and reactionary political movements It highlights the need for European societies to rediscover their political underpinnings their capacity to invent a new collective future starting from the nation state and to adapt to a new mode of international relations on a global scale To do so and to counter the threat of radicalization they must retrieve the lost common purpose encapsulated in the notion of democratic sovereignty [Expressivist Religious Zionism](#) Shlomo Fischer,2024-12-24 This book presents a new approach to the study of Religious Zionism In counter distinction to the

prevalent fundamentalist approach it argues that mainstream of Religious Zionism is a romantic religious nationalist movement in which the modern idea of self expression and related notions such as the free and authentic self and the overcoming of alienation forms its philosophical core By showing how such notions are combined with conservative and un modern cultural and political goals such as the restoration of a messianic kingdom it provides a profoundly complex and nuanced account both of pervasiveness of modern notions in contemporary culture and of the modern aspects of conservative and even extremist religious and nationalist groups By uncovering the process of the sacralization of the nation the state the national destiny and territory it contributes to our understanding of religious nationalism globally It also shows how the violence and extremism perpetrated by Religious Zionism elements is not some atavistic holdover from the past but is in fact rooted in the drive to self actualization and constitutes modernist violence This book will appeal to researchers and students of Jewish studies Israel and the Middle East Its intended audience also includes researchers on religious nationalism and contemporary religious and national movements

**Marx, the Young Hegelians, and the Origins of Radical Social Theory** Warren Breckman, 2001-02-19 This is the first major study of Marx and the Young Hegelians in twenty years The book offers a new interpretation of Marx's early development the political dimension of Young Hegelianism and that movement's relationship to political and intellectual currents in early nineteenth century Germany Warren Breckman challenges the orthodox distinction drawn between the exclusively religious concerns of Hegelians in the 1830s and the sociopolitical preoccupations of the 1840s He shows that there are inextricable connections between the theological political and social discourses of the Hegelians in the 1830s The book draws together an account of major figures such as Feuerbach and Marx with discussions of lesser known but significant figures such as Eduard Gans August Cieszkowski Moses Hess F W J Schelling as well as such movements as French Saint Simonianism and positive philosophy Wide ranging in scope and synthetic in approach this is an important book for historians of philosophy theology political theory and nineteenth century ideas

Anthropology, by Comparison André Gingrich, Richard Gabriel Fox, 2002 An international group of anthropologists take a fresh look at various neglected approaches to comparison and present new approaches that are relevant to the globalized world of the 21st century

**Moses Hess and Modern Jewish Identity** Ken Koltun-Fromm, 2001-07-31 Koltun-Fromm's reading of Hess is of crucial import for those who study the construction of self in the modern world as well as for those who are concerned with Hess and his contributions to modern thought a reading of Hess that is subtle judicious insightful and well supported David Ellenson Moses Hess a fascinating 19th century German Jewish intellectual figure was at times religious and secular traditional and modern practical and theoretical socialist and nationalist Ken Koltun-Fromm's radical reinterpretation of his writings shows Hess as a Jew struggling with the meaning of conflicting commitments and impulses Modern readers will realize that in Hess's life as in their own these commitments remain fragmented and torn As contemporary Jews negotiate multiple often contradictory allegiances in the modern world Koltun-Fromm argues that Hess's

struggle to unite conflicting traditions and frameworks of meaning offers intellectual and practical resources to re examine the dilemmas of modern Jewish identity Adopting Charles Taylor s philosophical theory of the self to uncover Hess s various commitments Koltun Fromm demonstrates that Hess offers a rich textured though deeply conflicted and torn account of the modern Jew This groundbreaking study in conceptions of identity in modern Jewish texts is a vital contribution to the diverse fields of Jewish intellectual history philosophy Zionism and religious studies Jewish Literature and Culture Alvin H Rosenfeld editor Published with the generous support of the Koret Foundation

**The Metaphysics of Race** Amit

Varshizky,2024-11-04 This book seeks to reframe debates on the conflicting scientific and spiritual traditions that underpinned the Nazi worldview showing how despite the multitude of tensions and rivals among its adherents it provided a coherent conceptual grid and possessed its own philosophical consistency Drawing on a large variety of works the volume offers insights into the intellectual climate that allowed the radical ideology of National Socialism to take hold It examines the emergence of nuanced conceptions of race in interwar Germany and the pursuit of a new ethical and existential fulcrum in biology Accordingly the volume calls for a re examination of the place of genetics in Nazi racial thought drawing attention to the multi register voices within the framework of interwar racial theory Varshizky explores the ways in which these ideas provided new justifications for the Nazi revolutionary enterprise and blurred the distinction between fact and value knowledge and faith the secular and the sacred and how they allowed Nazi thinkers to bounce across these epistemological divisions This volume will be of interest to scholars of Nazi Germany and World War II intellectual and cultural history the history of science and the philosophy of religion

**Freud and the Institution of Psychoanalytic Knowledge** Sarah

Winter,1999 Combining approaches from literary studies and historical sociology this book provides a groundbreaking cultural history of the strategies Freud employed in his writings and career to orchestrate public recognition of psychoanalysis and to shape its institutional identity

*The Anthropology of Welfare* Iain Edgar,Andrew Russell,2002-03-11

The Anthropology of Welfare provides an overview of what anthropology has to offer welfare studies and vice versa Case studies from anthropologists in the field examine different branches of welfare and community care for example Maternity services Children with learning difficulties Children s homes Mothers centres People with HIV Mental health centres Housing Care and provision for the elderly Contributors focus on comparative welfare systems examples are taken from urban and rural areas of the UK USA Sweden Germany Portugal and New Zealand In each case the theoretical and methodological appropriateness of social anthropology for the study of welfare and the insights gained by bringing anthropology and welfare together are examined The Anthropology of Welfare will be essential reading for those studying anthropology social work and social policy and will be of interest to teachers practitioners and researchers in applied social welfare fields

**European**

**Multiculturalism Revisited** Alessandro Silj,2013-07-04 European Multiculturalism Revisited analyses the alleged crises of the main models of multicultural societies experienced by Europe since the end of World War II based on research conducted

by local scholars in the UK Denmark the Netherlands Italy France and Germany Each chapter provides an historical account of how the model developed and was implemented in the country in question followed by an in depth analysis of the factors that have led to the claim that the model has failed The questions being Did it actually fail And if it failed was it because of some intrinsic weaknesses or external circumstances This volume is a groundbreaking contribution to a topic of vital contemporary importance

**The Construction of Canadian Identity from Abroad** Christopher Kirkey, Richard Nimijean, 2022-03-20 Migration and the impact that immigrants have on Canada is and always has been central to a robust understanding of Canadian identity However despite claims that the world needs more Canada Canadians their governments and scholars pay much less attention to the estimated 3 million Canadian expatriates who live elsewhere The Construction of Canadian Identity from Abroad features Canadian scholars who live and work outside Canada or have recently returned to Canada and who write and think deeply about identity construction What happens when that Canadian is a scholar whose teaching research and scholarship professional development and or community engagement focuses directly on Canada How does being abroad affect how we interpret Canada In short in what ways does externality affect how Canadian expat scholars intellectually approach construct and identify with Canada This engaging volume is ideal for university students scholars government officials and the general public

**Schleiermacher and Palmer** Justin A. Davis, 2019-09-11 Twenty first century Protestantism is radically different from the Protestantism of the Reformation The challenges of modernity affected all aspects of Christianity and the more successful attempts to combat these challenges came about as a result of two rather different yet similar theologians in the nineteenth century This work provides an exhaustive look at Friedrich Schleiermacher the father of modern liberal Protestantism and Phoebe Palmer the mother of the Holiness movement The trend of liberalism is to strip away all but what is essential to Christian life while the Holiness movement sought to make all of life applicable to the Bible and God While these two movements may appear contradictory they are grounded in a shared source of experiential Protestantism commonly known as Pietism and develop their theological systems from this starting point This study includes not only their theologies but also biographies that introduce the reader to these two luminaries Liberalism and holiness as created by Schleiermacher and Palmer lay the foundation for Pentecostalism fundamentalism neo orthodoxy and the interdenominational movements of the nineteenth century Only from this vantage can we understand the modern Protestant mindset

**Citizenship, Nationality and Migration in Europe** David Cesarani, 2002-11-01 Throughout Europe longstanding ideas of what it means to be a citizen are being challenged The sense of belonging to a nation has never been more in flux Simultaneously nationalistic and racist movements are gaining ground and barriers are being erected against immigration This volume examines how concepts of citizenship have evolved in different countries and varying contexts It explores the interconnection between ideas of the nation modes of citizenship and the treatment of migrants Adopting a multi disciplinary and international approach this collection brings together experts from several fields including political studies

history law and sociology By juxtaposing four European countries Britain France Germany and Italy and setting current trends against a historical background it highlights important differences and exposes similarities in the urgent questions surrounding citizenship and the treatment of minorities in Europe today *The Bellum Grammaticale and the Rise of European Literature* Mr Erik Butler,2013-04-28 The now forgotten genre of the bellum grammaticale flourished in the sixteenth and seventeenth centuries as a means of satirizing outmoded cultural institutions and promoting new methods of instruction In light of works written in Renaissance Italy ancien régime France and baroque Germany Andrea Guarna s *Bellum Grammaticale* 1511 Antoine Furetière s *Nouvelle allégorique* 1658 and Justus Georg Schottelius *Horrendum Bellum Grammaticale* 1673 this study explores early modern representations of language as war While often playful in form and intent the texts examined address serious issues of enduring relevance the relationship between tradition and innovation the power of language to divide and unite peoples and canon formation Moreover the author contends the language wars illuminate the shift from a Latin based understanding of learning to the acceptance of vernacular erudition and the emergence of national literature

**Modern Architecture** Alan Colquhoun,2002 In this study of the international modern movement in architecture Alan Colquhoun explores the complex motivations behind its revolutionary new style and assesses its triumphs and failures

**Theory in Social and Cultural Anthropology** R. Jon McGee,Richard L. Warms,2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences Over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it Consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all Students in particular are likely to turn to the web to find quick background information on theorists and theories However most web based information is inaccurate and or lacks depth Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why In response SAGE Reference is publishing the two volume *Theory in Social and Cultural Anthropology An Encyclopedia* Features Benefits Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage To ease navigation between and among related entries a Reader s Guide groups entries thematically and each entry is followed by Cross References In the electronic version the Reader s Guide combines with the Cross References and a detailed Index to provide robust search and browse capabilities An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion *Mephisto in the Third Reich* Emanuela Barasch Rubinstein,2014-12-11 The association of Nazism with the symbol of ultimate evil the devil can be found

in the works of Klaus and Thomas Mann Else Lasker Sch ler and Rolf Hochhuth He appears either as Satan of the Judeo Christian tradition or as Goethe s Mephisto The devil is not only a metaphor but a central part of the historical analysis Barasch Rubinstein looks into this phenomenon and analyzes the premise that the image of the devil had a substantial impact on Germans acceptance of Nazi ideas His diabolic characteristics the pact between himself and humans and his prominent place in German culture are part of the intriguing historical observations these four German writers embedded in their work Whether writing before the outbreak of WWII during the war or after it when the calamities of the Holocaust were already well known they all examine Nazism in the light of the ultimate manifestation of evil

### **German Ideology From France To Germany And Back Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free German Ideology From France To Germany And Back PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free German Ideology From France To Germany And Back PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of German Ideology From France To Germany And Back free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
