Revista Del Río de La Plata, 1919 A journal dealing with financial economic and shipping affairs **Rivals and Conspirators** Fae Brauer, 2014-07-08 Once the State-run Salon in Paris closed an array of independent Salons mushroomed starting with the French Artists Salon and Women's Salon in 1881 followed by the Independent Artists Salon National Salon of Fine Arts and Autumn Salon Offering an unparalleled choice of art identities and alliances together with undreamed-of opportunities for sales commissions prizes and art criticism these great Salons guaranteed the centripetal and centrifugal power of Paris as the modern art centre Lured by the prospect of being exhibited annually in Salons the size of Biennales today a huge number and national diversity of artists from the Australian Rupert Bunny to the Spaniards Pablo Picasso and Juan Gris flocked to Paris Yet by no means were these Salons equal in power nor did they work consensually to forge this modern art centre Formed on the basis of their different cultural politics constantly they rivalled one another for State acquisitions and commissions exhibition places and spaces awards and every other means of enhancing their legitimacy By no means were the avant garde salons those that most succeeded Instead as this cultural political history demonstrates the French Artists and National Fine Art Salons were the most successful with the genderist French Artists Salon being the most powerful and official Despite the renown today of Neo Impressionism Art Nouveau

Fauvism Cubism and Orphism the most powerful artists in this modern art centre were not Sonia Delaunay mile Gall Paul Signac Henri Matisse or even Picasso but such Academicians as L on Bonnat William Bouguereau Fernand Cormon Edouard Detaille Gabriel Ferrier Jean Paul Laurens Luc Oliver Merson and Aim Morot who exhibited at the official Salon supported by the machinery of the State In its exposure of the rivalry conflict and struggle between the Salons and their artists this is an unprecedented history of dissension It also exposes how just below the welcoming internationalist veneer of this modern art centre intense persecutionist paranoia lay festering Whenever France s civilizing mission seemed culturally commercially or colonially threatened it erupted in waves of nationalist xenophobia turning artistic rivalry into bitter enmity In exposing how rivals became transmuted into conspirators ultimately this book reveals a paradox resonant in histories that celebrate the international triumph of French modern art that this magnetic centre which began by welcoming international modernists ended by attacking them for undermining its cultural supremacy contaminating its civilizing mission and politically persecuting the very modernist culture for which it has received historical renown

In Search of La Grande Illusion

Nicholas Macdonald,2013-11-08 This is an extended analysis of the film from different perspectives The first half is largely a discussion of the cinematic technique with key sequences analyzed shot by shot The second half approaches the film from many other angles including its history the critical reception Renoir s life and career and film theory e g film in relation to music A case is made that Renoir s career was inconsistent especially after *La Règle du jeu* but also during the 1930s And rather than emphasizing the humanist anti war thrust of *La Grande Illusion* the film is approached as a work of art that is deeply expressive cinematically *Visions and Ideas of Europe during the First World War* Matthew D'Auria,Jan

Vermeiren,2019-08-02 Given the destruction and suffering caused by more than four years of industrialised warfare and economic hardship scholars have tended to focus on the nationalism and hatred in the belligerent countries holding that it led to a fundamental rupture of any sense of European commonality and unity It is the central aim of this volume to correct this view and to highlight that many observers saw the conflict as a European civil war and to discuss what this meant for discourses about Europe Bringing together a remarkable range of compelling and highly original topics this collection explores notions images and ideas of Europe in the midst of catastrophe Just Listen 'n Learn Spanish Sandra

"concoria" al potere Claudio Treves,1921 Censorship and Propaganda in World War I Eberhard Demm,2019-05-30 This book demonstrates how people were kept ignorant by censorship and indoctrinated by propaganda Censorship suppressed all information that criticized the army and government that might trouble the population or weaken its morale Propaganda at home emphasized the superiority of the fatherland explained setbacks by blaming scapegoats vilified and ridiculed the enemy warned of the disastrous consequences of defeat and extolled duty and sacrifice The propaganda message also infiltrated entertainment and the visual arts Abroad it aimed to demoralize enemy troops and stir up unrest among national minorities

and other marginalized groups The many illustrations and organograms provide a clear visual demonstration of Demm s argument

Violence against Prisoners of War in the First World War Heather Jones,2011-06-02 In this groundbreaking study Heather Jones provides the first in depth and comparative examination of violence against First World War prisoners She shows how the war radicalised captivity treatment in Britain France and Germany dramatically undermined international law protecting prisoners of war and led to new forms of forced prisoner labour and reprisals which fuelled wartime propaganda that was often based on accurate prisoner testimony This book reveals how during the conflict increasing numbers of captives were not sent to home front camps but retained in western front working units to labour directly for the British French and German armies in the German case by 1918 prisoners working for the German army endured widespread malnutrition and constant beatings Dr Jones examines the significance of these new violent trends and their later legacy arguing that the Great War marked a key turning point in the twentieth century evolution of the prison camp

Transatlantic Fascism Federico Finchelstein,2010-01-11 In *Transatlantic Fascism* Federico Finchelstein traces the intellectual and cultural connections between Argentine and Italian fascisms showing how fascism circulates transnationally From the early 1920s well into the Second World War Mussolini tried to export Italian fascism to Argentina the most Italian country outside of Italy Nearly half the country s population was of Italian descent Drawing on extensive archival research on both sides of the Atlantic Finchelstein examines Italy s efforts to promote fascism in Argentina by distributing bribes sending emissaries and disseminating propaganda through film radio and print He investigates how Argentina s political culture was in turn transformed as Italian fascism was appropriated reinterpreted and resisted by the state and the mainstream press as well as by the Left the Right and the radical Right As Finchelstein explains *nacionalismo* the right wing ideology that developed in Argentina was not the wholesale imitation of Italian fascism that Mussolini wished it to be Argentine *nacionalistas* conflated Catholicism and fascism making the bold claim that their movement had a central place in God s designs for their country Finchelstein explores the fraught efforts of *nacionalistas* to develop a sacred ideological doctrine and political program and he scrutinizes their debates about Nazism the Spanish Civil War imperialism anti-Semitism and anticommunism *Transatlantic Fascism* shows how right wing groups constructed a distinctive Argentine fascism by appropriating some elements of the Italian model and rejecting others It reveals the specifically local ways that a global ideology such as fascism crossed national borders

Cartoons Magazine ,1914 *Catastrophe and Utopia* Ferenc Laczo,Joachim von Puttkamer,2017-11-20 *Catastrophe and Utopia* studies the biographical trajectories intellectual agendas and major accomplishments of select Jewish intellectuals during the age of Nazism and the partly simultaneous partly subsequent period of incipient Stalinization By focusing on the relatively underexplored region of Central and Eastern Europe which was the primary centre of Jewish life prior to the Holocaust served as the main setting of the Nazi genocide but also had notable communities of survivors the volume offers significant contributions to a European Jewish intellectual

history of the twentieth century Approaching specific historical experiences in their diverse local contexts the twelve case studies explore how Jewish intellectuals responded to the unprecedented catastrophe how they renegotiated their utopian commitments and how the complex relationship between the two evolved over time They analyze proximate Jewish reactions to the most abysmal discontinuity represented by the Judeocide while also revealing more subtle lines of continuity in Jewish thinking Ferenc Lacz is assistant professor in History at Maastricht University and Joachim von Puttkamer is professor of Eastern European History at Friedrich Schiller University Jena and director of the Imre Kert sz Kolleg *International Relations 1914-1995* Tony Rea, John Wright, 1997 This book provides the core content required by many of the new GCSE syllabuses Strongly narrative in approach there are also many visual and written sources to aid students understanding of the topics covered Key Stage 4 **The Review of Reviews** William Thomas Stead, 1902
