German Armies War And German Politics 16481806

Karen Hagemann

German Armies War And German Politics 16481806:

War, Religion and Service Matthew Glozier, David Onnekink, 2007 The book addresses the role of the Huguenots as an international force both before and after the infamous Revocation of the Edict of Nantes in 1685 an overlooked aspect of Early Modern soldiering The Huguenots were of great importance internationally in armies and this book seeks to redress that scholarly imbalance by focusing on French Protestant soldiers individually and as a group It also presents a number of thematic and biographical studies that offer a useful insight into the unique experience of one of Europe's best known contemporary minorities and later on the people that gave the word refugee to the English language

German Forces and the British Army M. Wishon, 2013-07-19 This book examines the partnerships between Britain's famed redcoats and the foreign corps that were a consistent and valuable part of Britain's military endeavors in the eighteenth century While most histories have portrayed these associations as fraught with discord a study of eyewitness accounts tells a different story

Frederick the Great Tim Blanning, 2016-03-29 The definitive biography of the legendary autocrat whose enlightened rule transformed the map of Europe and changed the course of history Few figures loom as large in European history as Frederick the Great When he inherited the Prussian crown in 1740 he ruled over a kingdom of scattered territories a minor Germanic backwater By the end of his reign the much larger and consolidated Prussia ranked among the continent's great powers In this magisterial biography award winning historian Tim Blanning gives us an intimate in depth portrait of a king who dominated the political military and cultural life of Europe half a century before Napoleon A brilliant ambitious sometimes ruthless monarch Frederick was a man of immense contradictions This consummate conqueror was also an ardent patron of the arts who attracted painters architects musicians playwrights and intellectuals to his court Like his fellow autocrat Catherine the Great of Russia Frederick was captivated by the ideals of the Enlightenment for many years he kept up lively correspondence with Voltaire and other leading thinkers of the age Yet like Catherine Frederick drew the line when it came to implementing Enlightenment principles that might curtail his royal authority Frederick's terrifying father instilled in him a stern military discipline that would make the future king one of the most fearsome battlefield commanders of his day while deriding as effeminate his son's passion for modern ideas and fine art Frederick driven to surpass his father's legacy challenged the dominant German speaking powers including Saxony Bavaria and the Habsburg Monarchy It was an audacious foreign policy gambit one at which Frederick against the expectations of his rivals succeeded In examining Frederick's private life Blanning also carefully considers the long debated question of Frederick's sexuality finding evidence that Frederick lavished gifts on his male friends and maintained homosexual relationships throughout his life while limiting contact with his estranged unloved queen to visits that were few and far between The story of one man's life and the complete political and cultural transformation of a nation Tim Blanning's sweeping biography takes readers inside the mind of the monarch giving us a fresh understanding of Frederick the Great's remarkable reign Praise for Frederick the Great

Writing Frederick's biography requires a diverse set of skills expertise in eighteenth century diplomatic and military history including the intricacies of the Holy Roman Empire a familiarity with the music architecture and intellectual traditions of Northern Europe and not least a profound sense of human psychology the better to grasp the makeup of this complex and tormented man Fortunately Tim Blanning has all of these skills in abundance The Wall Street Journal At once scholarly and highly readable Blanning has given us a superb portrait of an enlightened despot equally at home on the battlefield and in the opera house both utterly ruthless and culturally refined Commentary Blanning in clear thinking and prose investigates all aspects of Frederick's personality and reign The last word on this significant king for years to come Booklist starred review Masterly Blanning brilliantly brings to life one of the most complex characters of modern European history The Telegraph five stars A supremely nuanced account This biography finds Blanning at the height of his powers Literary Review

Workers Across the Americas Leon Fink, 2011-04-13 The first major volume to place U S centered labor history in a transnational or U S in the world focus *Workers Across the Americas* invites the leading authors in the field to explore themes of Labor and Empire Indigenous Peoples and Labor Systems International Feminism and Reproductive Labor Labor Recruitment and Immigration Control Transnational Labor Politics and Labor Internationalism The Man behind the Queen C. Beem, M. Taylor, 2014-12-16 From the 14th century king consorts of Navarre to the modern European prince consorts of the 20th century the male consort has been a peculiar yet recurrent historical figure In this impressively broad collection leading historians of monarchy analyze how male partners of female rulers have negotiated their unique roles throughout history *Revisiting Prussia's Wars against Napoleon* Karen Hagemann, 2015-03-30 In 2013 Germany celebrated the bicentennial of the so called Wars of Liberation 1813-15 These wars were the culmination of the Prussian struggle against Napoleon between 1806 and 1815 which occupied a key position in German national historiography and memory Although these conflicts have been analyzed in thousands of books and articles much of the focus has been on the military campaigns and alliances Karen Hagemann argues that we cannot achieve a comprehensive understanding of these wars and their importance in collective memory without recognizing how the interaction of politics culture and gender influenced these historical events and continue to shape later recollections of them She thus explores the highly contested discourses and symbolic practices by which individuals and groups interpreted these wars and made political claims beginning with the period itself and ending with the centenary in 1913 Conscription in the Napoleonic Era Donald Stoker, Frederick C. Schneid, Harold D. Blanton, 2008-10-09 This edited volume explores conscription in the Napoleonic era tracing the roots of European conscription and exploring the many methods that states used to obtain the manpower they needed to prosecute their wars The levée en masse of the French Revolution has often been cited as a Revolution in Military Affairs but was it truly a revolutionary break with past European practices of raising armies or an intensification of the scope and scale of practices already inherent in the European military system This international collection of scholars demonstrate that

European conscription has far deeper roots than has been previously acknowledged and that its intensification during the Napoleonic era was more an evolutionary than revolutionary change This book will be of much interest to students of Military History Strategic Studies Strategic History and European History **The Holy Roman Empire** Brian A. Pavlac, Elizabeth S. Lott, 2019-06-01 Reference entries overview essays and primary source document excerpts survey the history and unveil the successes and failures of the longest lasting European empire The Holy Roman Empire endured for ten centuries This book surveys the history of the empire from the formation of a Frankish Kingdom in the sixth century through the efforts of Charlemagne to unify the West around A D 800 the conflicts between emperors and popes in the High Middle Ages and the Reformation and the Wars of Religion in the Early Modern period to the empire's collapse under Napoleonic rule A historical overview and timeline are followed by sections on government and politics organization and administration individuals groups and organizations key events the military objects and artifacts and key places Each of these topical sections begins with an overview essay which is followed by alphabetically arranged reference entries on significant topics The book includes a selection of primary source documents each of which is introduced by a contextualizing headnote and closes with a selected general bibliography Shifting Grounds Burak Kadercan, 2023 In *Shifting Grounds* Burak Kadercan draws upon a wide variety of cases ranging from the Thirty Years War to ISIS to examine the relationship between territorial ideas and armed conflict He argues that states and societies have adhered to different forms of territoriality across time and space and territory as well as territorial control has meant different things in different time periods and regions Ranging broadly across different eras and world regions the book sheds light on the shifting nature of the relationship between territorial ideas and armed conflict not only in the context of the distant past but also in present day global politics *Heart of Europe* Peter H. Wilson, 2016-04-04 An Economist and Sunday Times Best Book of the Year Deserves to be hailed as a magnum opus Tom Holland The Telegraph Ambitious seeks to rehabilitate the Holy Roman Empire's reputation by re-examining its place within the larger sweep of European history Succeeds splendidly in rescuing the empire from its critics Wall Street Journal Massive ancient and powerful the Holy Roman Empire formed the heart of Europe from its founding by Charlemagne to its destruction by Napoleon a millennium later An engine for inventions and ideas with no fixed capital and no common language or culture it derived its legitimacy from the ideal of a unified Christian civilization though this did not prevent emperors from clashing with the pope for supremacy In this strikingly ambitious book Peter H Wilson explains how the Holy Roman Empire worked why it was so important and how it changed over the course of its existence The result is a tour de force that raises countless questions about the nature of political and military power and the legacy of its offspring from Nazi Germany to the European Union Engrossing Wilson is to be congratulated on writing the only English language work that deals with the empire from start to finish A book that is relevant to our own times Brendan Simms The Times The culmination of a lifetime of research and thought an astonishing scholarly achievement The Spectator Remarkable Wilson has set himself a staggering

task but it is one at which he succeeds heroically Times Literary Supplement

The Fiscal-Military State in Eighteenth-Century Europe Christopher Storrs, 2016-03-03 In recent decades historians of early modern Europe and above all those who study the eighteenth century have elaborated the concept of what has been called the fiscal military state This is a state whose international effectiveness was founded upon the development of large armed forces whose performance and supply necessitated both further administrative development and the provision of large sums the raising of which involved unprecedented levels of taxation and borrowing by governments The present collection of essays by leading authorities in their individual fields all of whom have published widely on their chosen topic explores the subject of the fiscal military state by focusing on its leading exemplars in eighteenth century Europe Austria Britain France Prussia and Russia It also includes a chapter on the Savoyard state the kingdom of Sardinia a lesser power whose career illuminates by comparison developments elsewhere In addition and rather unusually a further chapter considers the fiscal military state in a broader comparative international context in the arena of international relations Each chapter provides a summary of the state of knowledge regarding the fiscal military state debate insofar as it relates to the state under consideration As well as contributing to that debate they take matters further by systematically analysing the sources of wealth and income and the way these were tapped and the broader impact that this attempt to extract resources had on society and the state both in the short and longer term The differing patterns and the variety of models of fiscal military state makes for ease of comparison across Europe making the volume an invaluable resource to both students and researchers alike

The Oxford Handbook of the Seven Years' War Trevor Burnard, Emma Hart, Marie Houlemare, 2024 This handbook contains 38 essays that provide up to date scholarship on all aspects of the globally important Seven Years War 1756-1763 The volume carefully examines the three major areas of conflict in the war Europe South Asia and the Americas treating each theater as distinct from each other but often linked in ways that helped create a new geopolitics from the 1760s onward Chapters trace the causes of the war in the interior of America outline the triumphs of Britain and Prussia in fierce fighting across Europe and explain how the British under the East India Company came to play an important role in South Asian politics and commerce The handbook pays due attention to military conflict but does much more than this It investigates social cultural and intellectual developments in a crucial period of reorientation during the mid eighteenth century The handbook is notably diverse in its authorship with leading scholars on the Seven Years War from Europe and South Asia as well as Britain and North America providing perspectives from many areas outside an Anglo American frame It treats the Seven Years War as a world transformative event important not only in its own right in shaping commerce politics science art demography religion and gender during the conflict but also central to the evolving history of South Asia Europe and the Americas in the second half of the eighteenth century

Officers, Entrepreneurs, Career Migrants, and Diplomats, 2024-08-19 Money money and more money In the eyes of early modern warlords these were the three essential prerequisites for waging war The

transnational studies presented here describe and explain how belligerent powers did indeed rely on thriving markets where military entrepreneurs provided mercenaries weapons money credit food expertise and other services In a fresh and comprehensive examination of pre national military entrepreneurship its actors structures and economic logic this volume shows how readily business relationships for supplying armies in the 17th and 18th centuries crossed territorial and confessional boundaries By outlining and explicating early modern military entrepreneurial fields of action this new transnational perspective transcends the limits of national historical approaches to the business of war Contributors are Astrid Ackermann John Condren Jasmina Cornut Michael Depreter S bastien Dupuis Marian F ssel Julien Grand Andr Holenstein Katrin Keller Michael Paul Martoccio Tim Neu David Parrott Alexander Quereng sser Philippe Rogger Guy Rowlands Benjamin Ryser Regula Schmid and Peter H Wilson

The Oxford Handbook of Early Modern European History, 1350-1750 Hamish Scott,2015-07-23 This Handbook re examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume II is devoted to Cultures and Power opening with chapters on philosophy science art and architecture music and the Enlightenment Subsequent sections examine Europe beyond Europe with the transformation of contact with other continents during the first global age and military and political developments notably the expansion of state power

Warfare, State and Society on the Black Sea Steppe, 1500-1700 Brian Davies,2014-04-04 This crucial period in Russia s history has been neglected by historians but Brian Davies study provides an essential insight into the emergence of Russia as a great power

Rethinking Military History Jeremy Black,2004 This volume re positions military history at the beginning of the 21st century Jeremy Black reveals the main trends in the practice and approach to military history and proposes a new manifesto for the subject to move forward

Subsidies, diplomacy, and state formation in Europe, 1494-1789 Svante Norrhem,Erik Thomson,2020-03-18 This electronic version has been made available under a Creative Commons BY NC ND open access license This book examines early modern politics diplomacy and finance by looking at the transfer of money and other resources between sovereigns in return for military or political service often known as the payment of subsidies Focusing on payments made by the French crown the contributors explore how subsidies provided opportunities for princes statesmen

generals and merchant bankers to pursue their political goals By highlighting the ways in which the payment and acceptance of subsidies shaped concepts of honour and reputation the book shows how material interests and questions of identity coalesced The construction of states and the political debates within polities are seen to have been influenced by the movement of money and resources across borders Consequently the interaction between financial and mercantile hubs and networks was vital to state formation in early modern Europe

Routledge Handbook of Diplomacy and Statecraft

B.J.C. McKercher, 2012-03-12 Despite post Cold War arguments about their demise Great Powers not only continue to thrive with lesser Powers they form the basis of the constellation of global politics This topical new Handbook illustrates how and why the new international order has evolved and is still evolving since the end of the Cold War through the application of diplomacy and statecraft Including cutting edge contributions from over 40 scholars the handbook is structured around seven sections Context of Diplomacy Great Powers Middle Powers Developing Powers International Organisations and Military Alliances International Economy Issues of Conflict and Co operation Through analysis of a wide range of case studies the Handbook assesses the diplomacy and statecraft of individual powers offering insights into how they function their individual perception of national interests and the roles they play in modern statecraft The contributors also seek to evaluate the organizations and contemporary issues that continue to influence the shaping of the new international order A comprehensive survey of diplomacy across the world this work will be essential reading for scholars and professionals alike

Germany at War David T. Zabecki, 2014-10-28 Written by experts for use by nonexperts this monumental work probes Germany's Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation's military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent

The Habsburg Monarchy as a Fiscal-Military State William D. Godsey, Petr Maťa, 2022-03-10 Renders greater precision and depth to the concept of the fiscal military state and applies it to the Habsburg Monarchy one of early modern Europe's foremost war machines It systematically integrates the problems of armed conflict and foreign

competition into perceptions of society and government in the Monarchy ruled from Vienna

This book delves into German Armies War And German Politics 16481806. German Armies War And German Politics 16481806 Introduction

In the digital age, access to information has become easier than ever before. The ability to download German Armies War And German Politics 16481806 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download German Armies War And German Politics 16481806 has opened up a world of possibilities. Downloading German Armies War And German Politics 16481806 provides numerous advantages over physical copies of books and

documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading German Armies War And German Politics 16481806 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download German Armies War And German Politics 16481806. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading German Armies War And German Politics 16481806. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading German Armies War And German Politics 16481806, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download German Armies War And German Politics 16481806 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About German Armies War And German Politics 16481806 Books
