[Europe's Long Century](#) Spencer Di Scala, 2013 The twentieth century has been interpreted as a short century marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet

Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe s Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable Europe s Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book s biographical sketches profile the lives of important though not always well known people who influenced Europe s long century Stieglitz and His Artists Metropolitan Museum of Art (New York, N.Y.),Magdalena Dabrowski,2011 A master photographer Alfred Stieglitz was also a visionary promoter and avid collector of modern American and European art from the first half of the 20th century This book is the first fully illustrated catalogue of works in the unparalleled Alfred Stieglitz Collection which was given to the Metropolitan Museum after Stieglitz s death *Top 101 Artists* Shalini Saxena,2014-01-01 The influence of art on culture and society at large is irrefutable and the 101 artists included in this book are some of the most recognizable names in the history of Western art These biographies will help readers gain entry to the lives of many of the individuals who have defined art in its various mediums throughout the ages Photographers painters and sculptors are among those included making these profiles a must read for fans of any genre of the visual arts Photographs of the artists and images of their pieces serve as visually stunning complements to the details of their personal stories influences and their contributions to the world of art *The Big Score* Michael Kilian,2015-08-25 A billionaire s commission draws an architect into a conspiracy of sex lies and murder The ship is dead in the water Its lines are tangled and its sails are slack as it drifts toward the rocky coast A fisherman spies the vessel and steps aboard expecting it to be deserted But there is 1 passenger a lovely young woman with a rolled up painting in her hand and 2 bullets in her chest Across Lake Michigan Matthias Curland returns to Chicago for the 1st time since he gave up architecture to devote himself to fine art After emptying his bank accounts for the pursuit of painting he s shocked to find that his once affluent family is also destitute and their famed architecture firm is on the verge of bankruptcy When the Curland name is linked to the dead woman s painting Matthias finds himself facing off against a power mad billionaire who could bring Chicago to its knees *Trouble in Paradise* David Weir,2021-10-07 Ernst Lubitsch s *Trouble in Paradise* 1932 was released at a critical moment in cinema history just after the advent of synchronized sound technology and just before the full implementation of the production code By the time of its release Lubitsch had already directed more than 50 films but it was unlike anything he had done before Aside from being his first non musical talking picture the film introduced a level of sophistication and visual subtlety that established the benchmark for classic Hollywood cinema for years to come In his study of the film David Weir explores its significance within Lubitsch s career but also its larger cultural significance within the history of cinema and the social context of its release

during the Great Depression Paying careful attention to the film itself Weir discusses its source material its mise en scene and art deco production design and its inventive use of post synchronized sound Drawing on original archival research Weir traces *Trouble in Paradise*'s reception history including its critical reception and the effect of the Motion Picture Production Code which led to the film being denied approval for re release in 1935 Boston Modern Judith Arlene Bookbinder, 2005 A fresh incisive study of the expressionist approach to modern art in Boston Berlin Metropolis Emily D. Bilski, Jewish Museum (New York, N.Y.), 1999 *Berlin Metropolis Jews and the New Culture 1890-1918* vividly documents the diverse ways that Jewish artists intellectuals and cultural impresarios participated in this burst of creativity and promoted the emergence of modernism in Berlin and on the international scene BOOK JACKET The 'Made in Germany' Champion Brands Ugesh A.
