Crocker Art Gallery, 1939     *The British Jesus, 1850-1970* Meredith Veldman, 2022-04-05 The British Jesus focuses on the Jesus of the religious culture dominant in Britain from the 1850s through the 1950s the popular Christian culture shared by not only church kirk and chapel goers but also the growing numbers of Britons who rarely or only episodically entered a house of worship An essay in intellectual as well as cultural history this book illumines the interplay between and among British New Testament scholarship institutional Christianity and the wider Protestant culture The scholars who mapped and led the uniquely British quest for the historical Jesus in the first half of the twentieth century were active participants in efforts to replace the popular image of Jesus in a white nightie with a stronger figure and so they hoped to preserve Britain s Christian identity They failed By exploring that failure and more broadly by examining the relations and

exchanges between popular artistic and scholarly portrayals of Jesus this book highlights the continuity and the conservatism of Britain's popular Christianity through a century of religious and cultural transformation Exploring depictions of Jesus from over more than one hundred years this book is a crucial resource for scholars of British Christianity in the nineteenth and twentieth centuries      *Classical Music in Weimar Germany* Brendan Fay, 2019-10-03 From Hitler's notorious fondness for Wagner's operas to classical music's role in fuelling German chauvinism in the era of the world wars many observers have pointed to a distinct relationship between German culture and reactionary politics In *Classical Music in Weimar Germany* Brendan Fay challenges this paradigm by reassessing the relationship between conservative musical culture and German politics Drawing upon a range of archival sources concert reviews and satirical cartoons Fay maps the complex path of classical music culture from Weimar to Nazi Germany a trajectory that was more crooked uneven or broken than straight Through an examination of topics as varied as radio and race to nationalism this book demonstrates the diversity of competing aesthetic philosophical and political ideals held by German music critics that were a hallmark of Weimar Germany Rather than seeing the cultural conservatism of this period as a natural prelude for the violence and destruction later unleashed by Nazism this fascinating book sheds new light on traditional culture and its relationship to the rise of Nazism in 20th century Germany      *Max Liebermann and International Modernism* Marion Deshmukh, Françoise Forster-Hahn, Barbara Gaehtgens, 2011-05 Although Max Liebermann 1847-1935 began his career as a realist painter depicting scenes of rural labor Dutch village life and the countryside by the turn of the century his paintings had evolved into colorful images of bourgeois life and leisure that critics associated with French impressionism During a time of increasing German nationalism his paintings and cultural politics sparked numerous aesthetic and political controversies His eminent career and his reputation intersected with the dramatic and violent events of modern German history from the Empire to the Third Reich The Nazis' persecution of modern and Jewish artists led to the obliteration of Liebermann from the narratives of modern art but this volume contributes to the recent wave of scholarly literature that works to recover his role and his oeuvre from an international perspective      *Nothing If Not Critical* Robert Hughes, 2012-02-22 From Holbein to Hockney from Norman Rockwell to Pablo Picasso from sixteenth century Rome to 1980s SoHo Robert Hughes looks with love loathing warmth wit and authority at a wide range of art and artists good bad past and present As art critic for Time magazine internationally acclaimed for his study of modern art *The Shock of the New* he is perhaps America's most widely read and admired writer on art In this book nearly a hundred of his finest essays on the subject For the realism of Thomas Eakins to the Soviet satirists Komar and Melamid from Watteau to Willem de Kooning to Susan Rothenberg here is Hughes astute vivid and uninhibited on dozens of famous and not so famous artists He observes that Caravaggio was one of the hinges of art history there was art before him and art after him and they were not the same he remarks that Julian Schnabel's work is to painting what Stallone's is to acting he calls John Constable's *Wivenhoe Park* almost the last word on Eden as Property he

notes how distorted traces of Jackson Pollock lie like genes in art world careers that one might have thought had nothing to do with his He knows how Norman Rockwell made a chicken stand still long enough to be painted and what Degas said about success some kinds are indistinguishable from panic Phrasemaker par excellence Hughes is at the same time an incisive and profound critic not only of particular artists but also of the social context in which art exists and is traded His fresh perceptions of such figures as Andy Warhol and the French writer Jean Baudrillard are matched in brilliance by his pungent discussions of the art market its inflated prices and reputations its damage to the public domain of culture There is a superb essay on Bernard Berenson and another on the strange tangled case of the Mark Rothko estate And as a finale Hughes gives us *The SoHoiad* the mock epic satire that so amused and annoyed the art world in the mid 1980s A meteor of a book that enlightens startles stimulates and entertains **Proceedings and Papers** Valentine David Davis,1911 *The Long Century's Long Shadow* Kenneth S. Calhoon,2021-06-01 The Long Century s Long Shadow approaches German Romanticism and Weimar cinema as continuous developments enlisting both in a narrative of reciprocal illumination The author investigates different moments and media as connected phenomena situated at alternate ends of the long nineteenth century but joined by their mutual rejection of the neo classical aesthetic standard of placid and weightless poise in numerous media including film painting sculpture prose poetry and dance Connecting Weimar filmmaking to Romantic thought and practice Kenneth S Calhoon offers a non technological aesthetic genealogy of cinema He focuses on well known literary and artistic works including films such as *Nosferatu* *Metropolis* *Frankenstein* and *Fantasia* the writings of Conrad Kafka Goethe and Novalis and the paintings of Caspar David Friedrich one of the leading artists of German Romanticism With an eye to the modernism of which Weimar filmmaking was a part The Long Century s Long Shadow employs the Romantic landscape in poetry and painting as a mirror in which to regard cinema *European Paintings in German Art Galleries* Ludwig Grote,1981 *European Paintings in German Art Galleries* Ludwig Grote,1963 [New York Magazine](#) ,1981-05-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **European Paintings in German Art Galleries** Ludwig Grote,1965
