with a foreword by J. Michael Hagopian

German The Turk And The Devil Made A Triple Alliance

Raymond Kévorkian

German The Turk And The Devil Made A Triple Alliance:

The German, the Turk and the Devil Made a Triple Alliance Tacy Atkinson, 2000 [The Armenian Genocide](#) Raymond Kévorkian, 2011-03-30 The Armenian Genocide was one of the greatest atrocities of the twentieth century an episode in which up to 1 5 million Armenians lost their lives In this major new history the renowned historian Raymond Kevorkian provides an authoritative account of the origins events and consequences of the years 1915 and 1916 He considers the role that the Armenian Genocide played in the construction of the Turkish nation state and Turkish identity as well as exploring the ideologies of power rule and state violence Crucially he examines the consequences of the violence against the Armenians the implications of deportations and attempts to bring those who committed the atrocities to justice Kevorkian offers a detailed and meticulous record providing an authoritative analysis of the events and their impact upon the Armenian community itself as well as the development of the Turkish state This important book will serve as an indispensable resource to historians of the period as well as those wishing to understand the history of genocidal violence more generally **The Armenian Massacres in Ottoman Turkey** Guenter Lewy, 2005-11-30 Avoiding the sterile was it genocide or not debate this book will open a new chapter in this contentious controversy and may help achieve a long overdue reconciliation of Armenians and Turks **Destruction and human remains** Jean-Marc Dreyfus, Élisabeth Anstett, 2016-05-16 This electronic version has been made available under a Creative Commons BY NC ND open access license Destruction and human remains investigates a crucial question frequently neglected in academic debate in the fields of mass violence and genocide studies what is done to the bodies of the victims after they are killed In the context of mass violence death does not constitute the end of the executors work Their victims remains are often treated and manipulated in very specific ways amounting in some cases to true social engineering often with remarkable ingenuity To address these seldom documented phenomena this volume includes chapters based on extensive primary and archival research to explore why how and by whom these acts have been committed through recent history Interdisciplinary in scope Destruction and human remains will appeal to readers interested in the history and implications of genocide and mass violence including researchers in anthropology sociology history politics and modern warfare The research program leading to this publication has received funding from the European Research Council under the European Union s Seventh Framework Programme FP 2007 2013 ERC Grant Agreement n 283 617 **The Armenian Massacres of 1915-1916 a Hundred Years Later** Flavia Lattanzi, Emanuela Pistoia, 2018-05-30 This peer reviewed book features essays on the Armenian massacres of 1915 1916 It aims to cast light upon the various questions of international law raised by the matter The answers may help improve international relations in the region In 1915 1916 roughly a million and a half Armenians were murdered in the territory of the Ottoman Empire which had been home to them for centuries Ever since a dispute between Armenians and Turkey has been ongoing over the qualification of the massacres The contributors to this volume examine the legal nature and

consequences of this event Their investigation strives to be completely neutral and technical The essays also look at the broader issue of denial For instance in Turkey public speech on the matter can still trigger criminal prosecution whereas in other European States denial of genocide war crimes and crimes against humanity is criminalized However the European Court of Human Rights views criminal prosecution of denial of the Armenian massacres as unlawful In addition one essay considers a state s obligation to remember by looking at lessons learnt from the Inter American Court of Human Rights Another contributor looks at a collective right to remember and some ideas to move forward towards a solution Moreover the book explores the way the Armenian massacres have affected the relationship between Turkey and the European Union

Brutality and Desire D. Herzog,2008-12-11 Tracing sexual violence in Europe s twentieth century from the Armenian genocide to Auschwitz and Algeria to Bosnia this pathbreaking volume expands military history to include the realm of sexuality Examining both stories of consensual romance and of intimate brutality it also contributes significant new insights to the history of sexuality [The Armenian Genocide](#) Wolfgang Gust,2014 Title Page Copyright Page Dedication Table of Contents Preface Abbreviations Foreword Overview of the Armenian Genocide Bibliography Notes On Using the Documents The Documents Glossary Index *The Righteous of the Armenian Genocide* GRARD. DDYAN,Ago Demirdjian,Nabil Saleh,2023 Shines long overdue light on the heroic individuals who took action in the face of the Armenian genocide This book tells the stories of the Muslims Christians Jews and others who made a courageous stand against the mass slaughter of Ottoman Armenians in 1915 the first modern genocide Foreigners and Ottomans alike ran considerable risks to bear witness and rescue victims sometimes sacrificing their lives Diplomats humanitarians missionaries lawyers and other visitors to the Empire stood up including Tolstoy s daughter Alexandra Raphael Lemkin the jurist who first established genocide as an international crime and the polar explorer Fridtjof Nansen who recognised and relieved the plight of stateless Armenian refugees Ottoman subjects from officials and officers to ordinary townspeople and villagers faced near certain death for their entire family by resisting orders and helping Armenians Unlike the Righteous of the Holocaust these heroes have been systematically ignored and erased a major injustice Based on fresh research and hoping to repay a moral debt to Ottoman Muslims who braved everything to rescue the authors forebears this book is an important moving testament to a grievously overlooked aspect of the Armenian tragedy [The Armenian Genocide Legacy](#) Alexis Demirdjian,2016-04-04 This volume focuses on the impact of the Armenian Genocide on different academic disciplines at the crossroads of the centennial commemorations of the Genocide Its interdisciplinary nature offers the opportunity to analyze the Genocide from different angles using the lens of several fields of study **At the Crossroads of Der Zor** Hilmar Kaiser,2002 [The Last Treaty](#) Michelle Tusan,2023-06-15 In The Last Treaty Michelle Tusan profoundly reshapes the story of how the First World War ended in the Middle East Tracing Europe s war with the Ottoman Empire through to the signing of Lausanne which finally ended the war in 1923 she places the decisive Allied victory over Germany in 1918 in sharp relief against the unrelenting war

in the East and reassesses the military operations humanitarian activities and diplomatic dealings that continued after the signing of Versailles in 1919 She shows how on the Middle Eastern Front Britain and France directed Allied war strategy against a resurgent Ottoman Empire to sustain an imperial system that favored Europe s dominance within the nascent international system The protracted nature of the conflict and ongoing humanitarian crisis proved devastating for the civilian populations caught in its wake and increasingly questioned old certainties about a European led imperial order and humanitarian intervention Its consequences would transform the postwar world *Forming the Modern Turkish Village* Özge Sezer,2022-11-07 During the early republican period architectural interventions in rural Turkey took the form of social engineering as part of the state s modernization and nationalization policies zge Sezer demonstrates how the state s particular programs had a powerful effect on rural life in the countryside She examines the regime s goals and strategies for controlling the rural people through development projects and demographic shaping to create a strong Turkish identity and a loyal citizenry The book outlines the implementation of new rural settlements particularly following the 1934 Settlement Law with a geographic focus on two cities Izmir and Elazig with varied socio economic and ethnic standing in the state program

Terrible Fate Benjamin Lieberman,2013-12-16 In the modern Greek city of Thessaloniki the ruins of a vast Jewish cemetery lie buried under the city s university Nearby is the site of the childhood home of one of the founders of the modern Turkish state These are tantalizing reminders of what was once the bustling cosmopolitan city of Salonica home not just to Greeks but to thousands of Sephardic Jews Turks Bulgarians and Armenians living and working peacefully alongside one another Thessaloniki is just one example among many of what used to be Over the past two centuries ethnic cleansing has remade the map of Central and Eastern Europe and the Middle East transforming vast empires that embraced many ethnic groups into nearly homogenous nations Towns and cities from Germany to Turkey still show traces of the vanished and nearly forgotten ethnic and religious communities that once called these places home In *Terrible Fate* Benjamin Lieberman describes the violent transformations that occurred in Salonica and hundreds of other towns and cities as the Ottoman Russian Austro Hungarian and German empires collapsed to be reborn as the modern nation states we know today His book is the first comprehensive history of this process that has involved the murder and forced migration of tens of millions of people Drawing upon eyewitness accounts contemporary journalism and diplomatic records Lieberman s story sweeps across the continent taking the reader from ethnic cleansing s earliest beginnings in Bulgaria Greece and Russia in the nineteenth century through the rise of nationalism both world wars the Armenian genocide the Holocaust and the rise and fall of the Soviet empire up to the breakup of Yugoslavia in the 1990s Along the way he examines the decisive roles of political leaders not only monarchs and dictators but also those who were democratically elected as well as ordinary people who often required very little encouragement to rob and brutalize their neighbors or who were simply caught up in the tide of history

Underlined While Reading-2 Sezai ARLI, I was born in December 1954 or January 1955 when the first snow fall as the

third child of a Kurdish family living in a remote village of Eastern Turkey My father died of tuberculosis at the age of 31 when I was six years old My mother was 34 never married again dedicated her life to her children From the moment I learned how to read and write I became a passionate reader of the books books on literature books on history books on travel books on philosophy books on memoirs books on biographies books on politics This book contains some of the history excerpts that I noted while reading important books on history mostly on history of Asia Minor Mesopotamia Middle East Levant and Europe These are excerpts of knowledge excerpts of wisdom excerpts of reflection of remarkable men about history of mankind both ancient and contemporary Sezai Arli Doha November 2020 **Philosophy of Violence** Jon-Arild Johannessen,2024-01-01 If we know something about the patterns and conditions of genocide we may perhaps at an early point be able to diagnose and identify developments that lead to these acts If such developments can be diagnosed it will be easier for the international community to intervene and stop developments that can lead to a human catastrophe Consequently the only reason to examine the patterns and conditions for genocide is to contribute to efforts that will ensure that such crimes against humanity do not happen again The core message of this volume refers to silence as an ethical crime and historical amnesia as a perspective of the philosophy of violence **The Treatment of Armenians in the Ottoman Empire, 1915-1916** James Bryce Bryce (Viscount),James Bryce,Arnold Toynbee,2000 **The Armenian Genocide** Alan Whitehorn,2015-05-26 With its analytical introductory essays more than 140 individual entries a historical timeline and primary documents this book provides an essential reference volume on the Armenian Genocide The Armenian Genocide has often been considered a template for subsequent genocides and is one of the first genocides of the 20th century As such it holds crucial historical significance and it is critically important that today s students understand this case study of inhumanity This book provides a much needed long overdue reference volume on the Armenian Genocide It begins with seven introductory analytical essays that provide a broad overview of the Armenian Genocide and then presents individual entries a historical timeline and a selection of documents This essential reference work covers all aspects of the Armenian Genocide including the causes phases and consequences It explores political and historical perspectives as well as the cultural aspects The carefully selected collection of perspective essays will inspire critical thinking and provide readers with insight into some of the most controversial and significant issues of the Armenian Genocide Similarly the primary source documents are prefaced by thoughtful introductions that will provide the necessary context to help students understand the significance of the material **Favet Neptunus Eunti** Hagop Daniel Mouradian,2018-12-16 The title Favet Neptunus Eunti Latin for Neptune favors the traveler looks at the traveling nature of the Armenian merchant banking Mouradian family Written in three parts the book chronicles 700 years of Mouradian family history in five continents beginning with a description of both the family s pre twentieth century life and merchant trade route spanning the Eastern hemisphere from Singapore to Manchester and Marseille It then focuses on the family s Chungoush ng branch by providing a biography of the

last chatelain of the city s Mouradentz Abarankn Sarkis Agha Mouradian his wife Mariam Khatoun n e Karagheusian their children and their control of the family s outposts in Kharpert Harput Aleppo Turkmenistan and Singapore leading up to and during the 1915 Armenian Genocide Lastly it follows Sarkis Agha and Mariam Khatoun s descendants as they integrated into various countries after World War I and established a presence in business legal political entertainment and culinary industries Whereas the foreword and epilogue to the book remain specific to the Mouradians the methodological introduction to the book Seeing and Being Seen Methods of Witnessing the Unwitnessable strays momentarily from the family and focuses more generally on torture as both the primary mechanism of genocide and the principal obstacle to documenting it while proposing a means to overcoming this paradox Research for the book is based on roughly 26 hours of recorded and previously unpublished interviews from now deceased survivors of the Genocide and their descendants 13 public and private archives located in Italy France Turkey and the United States of America 161 primary and secondary sources along with over 50 previously unpublished private correspondence and governmental documents translated from Ottoman Turkish Arabic Japanese Armenian and French into English 26 nineteenth century Ottoman certificates of property title covering a portion of the family s Chungoush property holdings which are annexed including both scans of the documents and their complete translation from the original Ottoman Turkish to English The text is accompanied with over 400 illustrations comprising of photographs of family members properties jewels personal effects documents and maps of both the family s trade and escape routes The book is a limited hardcover edition in oversize format with lithograph printing on acid free paper Smyth sewn signatures reinforced library binding as well as gold and silver gilding to the cover *United States Policy Toward the Armenian Question and the Armenian Genocide* S. Payaslian,2005-12-01 This comprehensive analysis of U S policy toward the Armenian Question and the Armenian Genocide focuses on the important role big business played in keeping the United States from playing a more active role in opposing the genocide notwithstanding broad public opinion calling for greater action Business interests feared antagonizing the Turkish leaders by too much of an intervention on behalf of the Armenians It surveys the historical evolution of U S policy toward the Ottoman Empire since the early nineteenth century and examines the extent to which the missionary community commercial interests and international economic and geopolitical competitions shaped U S policy during the administrations of William McKinley Theodore Roosevelt William Howard Taft and Woodrow Wilson *The History of Armenia* S. Payaslian,2008-03-13 There is a great deal of interest in the history of Armenia since its renewed independence in the 1990s and the ongoing debate about the genocide an interest that informs the strong desire of a new generation of Armenian Americans to learn more about their heritage and has led to greater solidarity in the community By integrating themes such as war geopolitics and great leaders with the less familiar cultural themes and personal stories this book will appeal to general readers and travellers interested in the region

Decoding **German The Turk And The Devil Made A Triple Alliance**: Revealing the Captivating Potential of Verbal Expression
