Germans In Michigan:

Germans in Michigan Jeremy W. Kilar, 2002-02-28 Germans are the largest ancestral group in Michigan representing over 2.6 million descendants or 22% of the state's population. Yet unlike other immigrant groups, Germans have not retained their linguistic and cultural traditions as part of a distinct ethnic identity. The Bavarian villages of Frankenmuth and Gaylord stand as testaments to the once proud and vigorous German communities that dotted both rural and urban Michigan landscapes. Jeremy W. Kilar explores the social forces that transformed Germans from inward-looking immigrants to citizens in the cultural mainstream. *Germans in Michigan* is a story of assimilation and renewal and as such reveals the complexities of Americanization and immigration as social forces.

Michigan Genealogy Carol McGinnis, 2005 This is one of the finest statewide sourcebooks ever published, a remarkable compilation of sources and resources that are available to help researchers find their Michigan ancestors. It identifies records on the state and regional level and then the county level, providing details of vital records, court and land records, military records, newspapers, and census records, as well as the holdings of the various societies and institutions whose resources and facilities support the special needs of the genealogist. County by county, it lists the names, addresses, websites, e-mail addresses, and hours of business of libraries, archives, genealogical and historical societies, courthouses, and other record repositories; describes their manuscripts and record collections; highlights their special holdings; and provides details regarding queries, searches, and restrictions on the use of their records.

This third revised edition incorporates events since 1980 and draws on new studies to expand and improve its coverage of various ethnic groups, recent political developments, labor and business, and many other topics.

Michigan's Lumbertowns Jeremy W. Kilar, 1990 Introduction This book examines the interaction of three communities: social, cultural, and economic institutions, and assesses the effect on people's lives. Community experience defines the entrepreneurial character of the Lumbertowns sawdust barons, as well as the character of the laboring mill men. This experience explains how the forces for progress induced changes that presaged the socioeconomic future of each Lumbertown.
