Bismarck and the Development of Germany, Volume III Otto Pflanze, 2014-07-14 The Period of Fortification 1880 1898 The burst of capitalistic expansion that accompanied German unification came to an abrupt end with the crash of 1873 which opened a period of economic depression Volume III describes the continuation of Bismarck's efforts to cope with the resulting economic and social problems that hindered his quest for a new national consensus in support of the Prussian German establishment It also brings to a climax the author's account of Bismarck's mounting political frustrations their psychopathological consequences and the struggle of his doctors to convert him to a healthier life style The final chapters deal with the fascinating story of Bismarck's conflict with Wilhelm II The work ends with an account of the Bismarck legend that endures to this day and may yet influence Germany's current quest for reunification Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books
