Germany A Short History:

Germany Donald S. Detwiler,1999 This new edition of a best selling history of Germany originally published in 1976 includes the great watershed of 1989 90 and its aftermath With twelve maps a chronology of events and an updated bibliographical essay Germany A Short History provides a thorough introduction to German history from antiquity to the present **A Short History of Germany** Mary Platt Parmele,1898 **Germany - a Short History** Donald S.

Detwiler,1974 **A Short History of Germany** Mary Platt Parmele,2006-05-01 At the wedding festivities of his sister Wilhelmine Frederick secreted himself among the servants in humble attire He was discovered and the King who must have been in a genial mood that night pulled him forth from his hiding and leading him to the trembling queen said Here madam our Fritz is back again And the reconciliation made three aching hearts glad from Chapter XII With a verve and liveliness worthy of a novelist American writer MARY PLATT PARMELE 1843 1911 put her unique stamp on world history with her series of clever concise histories condensed tales of the world s great nations that encompassed the essential facts necessary for appreciating the state of the world as she saw it With this book first published in 1897 and updated in 1908 she initiates American readers into the remarkable story of the origins setbacks and triumphs of the German nation From the arrival of Teutonic tribes on the shores of the River Rhine to the creation of a unified Germany in the late 19th century this is both dramatic history and an excellent foundation for appreciating the traumas Germany endured in the 20th century OF INTEREST TO readers of European and classical history Parmele s books available from Cosimo Classics include The Evolution of an Empire A Brief Historical Sketch of France The Evolution of an Empire A Brief Historical Sketch of the United States A Short History of Spain A Short History of Rome and Italy A Short History of England Ireland and Scotland *A Short History of Germany* S. H. Steinberg,2014-04-17 Originally published in 1944 this book provides a concise history of Germany from 900 AD up until the Nazi dictatorship **A Short History of Germany and Her Colonies** Walter Alison Phillips,James Wycliffe Headlam,Arthur William Holland,1914 **A Short History of Germany** Parmele Mary Platt,2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *A Short History of Germany* Ernest Flagg Henderson,1902 *A Short History of Germany* Ernest Henderson,2018-01-19 GERMANY stands in the centre of Europe and on her soil all the great international struggles have been fought the Thirty Years War the early campaigns of the Spanish Succession War the Seven Years War the gigantic wars against Napoleon It is the custom for modern educators to recommend the study of the history of France as a guiding thread through the intricacies of general European history but is this choice justifiable The two great omnipresent factors of the

whole mediaeval period are the Papacy and the Empire the Empire was German from the ninth to the nineteenth century from the days of Charlemagne until the days of Francis II and the Empire interfered in the affairs of the Papacy and of Italy far more than did France When we come to the period of the Reformation surely Luther and his kind were more prominent than the French reformers and the Emperor Charles V had more to do with the affairs of Europe than any of the French kings In the Thirty Years War larger interests were at stake than in the Huguenot struggles and the German Peace of Westphalia necessitated a recasting of the whole map of Europe Louis XIV it is true gave the tone to the high society of his age and French was almost universally spoken and written at the German courts but this influence was neither very deep nor very beneficial Nor can it be denied that the French Revolution produced great results for Europe Yet its effects as far as Germany was concerned have been overrated the liberation of the serfs would probably have been accomplished without it while constitutional government popular representation and trial by jury had still to wait for half a century

A Brief History of Germany, Second Edition Jason Coy, 2021-05-01 A Brief History of Germany Second Edition provides a clear lively and comprehensive account of the history of Germany from ancient times to the present day It relates the central events that have shaped the country and details their significance in historical context touching on all aspects of the history of the country from political international and economic affairs to cultural and social developments Illustrated with full color maps and photographs and accompanied by a chronology bibliography and suggested reading this accessible overview is ideal for the general reader Coverage includes Prehistoric Germany Germania Barbarian Germany Medieval Germany Reformation Germany Confessional Germany and the Thirty Years War Absolutism and Enlightenment Napoleonic Germany and the Revolution of 1848 Unification and Empire The Great War and Weimar Germany Nazism and World War II The Cold War Division and Reunification Contemporary Germany

German Colonialism Sebastian Conrad, 2011-11-17 Germany was a latecomer to the colonial world of the late nineteenth century but this history of German colonialism makes clear the wide reaching consequences of Germany's short lived colonial project Sebastian Conrad charts the expansion of the empire from its origins in the acquisition of substantial territories in present day Togo Cameroon Namibia and Tanzania to new settlements in East Asia and the Pacific and reveals the colonialist culture which permeated the German nation and its politics Drawing on the wider history of European expansion and globalisation he highlights the close interactions and shared vocabularies of the colonial powers and emphasises Germany's major role in the period of high imperialism before 1914 Even beyond the official end of the empire in 1919 the quest for Lebensraum and the growth of the Nazi empire in Eastern Europe can be viewed within a framework of colonialism whose effects resonate to the present day

A Short History of Germany Ernest Flagge Henderson, 2017-05-28 Excerpt from A Short History of Germany 9 A D To 1871 A D If we look for striking personalities and events the reigns of Frederick the Great and of William I Were of supreme importance to Europe and as was not the case with Louis XIV And Napoleon their

acquisitions were of a permanent character All in all it has seemed to me that I could engage in no more thankful occupation than in writing the history of Germany the more so as German treatments of the subject presuppose more knowledge than is usually to be found in the American reader and as no other American writer has ever attempted the task The work of Lewis founded on an antiquated German text book does not fulfil the most modest demands About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Germany to the Present Day A. W. Holland, 2015-06-26 Excerpt from *Germany to the Present Day* A Short History It is a truism that if we are to understand a disagreement at all we must realise the point of view of the two parties to the dispute How many Englishmen consider the point of view of the average German with reference to German armaments or have troubled to place themselves in his position to realise the weight of certain historical facts that necessarily affect German opinion I attempted recently to put the German case not the case necessarily as I see it but as many Germans necessarily see it and as an introduction to a brief study of certain phases of German History it may not be out of place I had in conversation with a German been defending English nervousness with reference to invasion had urged our vulnerability or what we thought to be our vulnerability that we had never abused our world power that Germany was not so vulnerable and had little to fear and perhaps I hinted had not always refrained from abusing her power in the past About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Short History of Germany (Classic Reprint) Mary Platt Parmele, 2017-11-23 Excerpt from *A Short History of Germany* IT is more important to comprehend the forces which have created a great nation and the progressive steps by which it has unfolded than to know the multitudinous events and incidents which have attended such unfolding About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of
