Germany And European Order Enlarging Nato And The Eu:

Germany and European Order Adrian Hyde-Price, 2000 Established in the belief that imperialism as a cultural phenomenon had as significant an effect on the dominant as it did on the subordinate societies the *Studies in Imperialism* series seeks to develop the new socio cultural approach which has emerged through cross disciplinary work on popular culture media studies art history the study of education and religion sports history and children s literature The cultural emphasis embraces studies of migration and race while the older political and constitutional economic and military concerns are never far away It incorporates comparative work on European and American empire building with the chronological focus primarily though not exclusively on the 19th and 20th centuries when these cultural exchanges were most powerfully at work This work explores the sexual attitudes and activities of those who ran the British Empire The study explains the pervasive importance of sexuality in the Victorian Empire both for individuals and as a general dynamic in the working of the system Among the topics included in the book are prostitution the manners and mores of missionaries and aspects of race in sexual behaviour

Enlarging NATO Gale A. Mattox, Arthur R. Rachwald, 2001 Examines the deliberations over NATO enlargement in 12 countries The book sheds light on the political motives leading to each country s position The comparative analysis explores the interaction of domestic and international issues at the core of efforts to reshape the security map of Europe

The Politics of European Union Enlargement Frank Schimmelfennig, Ulrich Sedelmeier, 2005-11-16 This is a key reference text presenting the latest first rate approaches to the study of European enlargement Developed and significantly expanded from a special issue of the leading *Journal of European Public Policy* this new volume draws on the insights from the recently emerging theoretically informed literature on the EU s eastern enlargement and complements these studies with original articles that combine a theoretical approach with comparative analyses These expert contributors focus on the broader theoretical debates and their implications for the enlargement of the EU as well as placing the enlargement of the EU within the broader context of the expansion of international organisations and the study of institutions in international relations

Germany and East-Central Europe Steve Wood, 2017-11-28 This innovative volume analyzes historical strategic and domestic political influences on the character and dynamics of the European Union s eastern enlargement Its main focus is on interactions between Germany Poland the Czech Republic and Hungary in political diplomatic commercial economic and socio cultural fields The book also examines the wider European and international contexts to show that as enlargement advanced we also witnessed an increase in the potential for conflict among EU members old and new Steve Wood provides an eclectic and topical appraisal which identifies the German state as the crucial actor in both the enlargement venture and parallel processes of bilateral reconciliation The book is recommended to those with interests in contemporary Germany Central and Eastern Europe and European integration

European Union Enlargement Conditionality Eli Gateva, 2016-04-29 The book provides the first comprehensive comparative analysis of the development of EU enlargement

The European Union in the Security of Europe Steve Marsh, Wyn Rees, 2012-03-12 This book examines the European Union's contribution to providing security in Europe amidst an increasingly complex and challenging environment In this new and comprehensive guide to the EU's role in security since the end of the Cold War the authors offer an explanation of EU internal and external security regimes and argue that the Union has become an important exporter of security within its region However the Union's rhetorical ambitions and commitments continue to outstrip its capabilities and it lacks both a common conceptualisation of security and a meaningful shared strategic culture Drawing extensively on primary sources the book examines the Union's relations with the US and Russia in a time of shifting geostrategic calculations and priorities With the EU capacity for enlargement slowing this text presents a detailed assessment of EU security policies towards Central Europe the Mediterranean the Western Balkans Eastern Europe and South Caucasus European Union Security will be of interest to students and scholars of the EU security studies and international relations **Britain, Germany and the**

Future of the European Union C. Schweiger, 2006-11-28 Schweiger outlines the changes in British and German European policies which have been characteristic of a process of normalization in both countries Schweiger examines possible areas for cooperation between Britain and Germany on major European issues and the significance that such a working partnership could have within the enlarged EU **Resisting the European Court of Justice** Bill Davies, 2012-06-18 Investigates how the fundamental transformations in the European legal system were received in one of the most important European Union member states Germany

The European Union and the Cyprus Conflict Thomas Diez, 2002 In the lead essay for this volume Joshua Foa Dienstag engages in a critical encounter with the work of Stanley Cavell on cinema focusing skeptical attention on the claims made for the contribution of cinema to the ethical character of democratic life In this debate Dienstag mirrors the celebrated dialogue between Rousseau and Jean D Alembert on theatre casting Cavell as D Alembert in his view that we can learn to become better citizens and better people by observing a staged representation of human life with Dienstag arguing with Rousseau that this misunderstands the relationship between original and copy even more so in the medium of film than in the medium of theatre Dienstag's provocative and stylish essay is debated by an exceptional group of interlocutors comprising Clare Woodford Tracy B Strong Margaret Kohn Davide Panagia and Thomas Dumm The volume closes with a robust response from Dienstag to his critics Rethinking European Union foreign policy Ben Tonra, Thomas

Christiansen,2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license This book reviews a variety of approaches to the study of the European Union s foreign policy Much analysis of EU foreign policy contains theoretical assumptions about the nature of the EU and its member states their inter relationships the international system in which they operate and the nature of European integration Such assumptions when not discussed openly often curtail debate This book opens up this field of enquiry so students observers and analysts of EU foreign policy can review a range of tools and theoretical templates from which the development and the trajectory of the EU s foreign policy can be studied Situated at the interface between European studies and international relations the book outlines how the EU relates to the rest of the world explaining its effort towards creating a credible effective and principled foreign security and defence policy

Soviet Foreign Policy Towards East Germany Achilleas Megas,2015-07-01 This book examines Soviet Foreign Policy towards East Germany in the late 1980s By focusing on the complex interaction between domestic political thought and developments in the international system the author illustrates the hierarchical relationship between the GDR and the USSR and offers different perspectives for understanding Soviet foreign policy The books demonstrates that shifts in Soviet policy towards the GDR stemmed on the one hand from the international level in that Soviet security was legitimated by the existence of two full fledged German states and on the other may be best explained in terms of ideas and Gorbachev s new political philosophy

Germany and the Common Foreign and Security Policy of the European Union A. Miskimmon,2007-09-20 This study assesses the influence of German policy makers on EU policy and the impact of EU membership on foreign policy making at the national level The book concludes that limitations remain on the Europeanization of German foreign and security policy and Germany s ability to play a leading role in military crisis management

Germany's European Diplomacy Simon Bulmer, Charlie Jeffery, William E. Paterson, 2000 The way Germany engages with the other states of the EU is often oversimplified and misunderstood This book offers a nuanced analysis of the German role in the EU using a novel approach which identifies German influence in the EU in terms of soft power Rather than pursuing interests at the expense of other states this book focuses on the creation of a milieu of multilateral cooperation in which Germany's diplomatic interests can flourish **Power and German Foreign Policy** B. Crawford, 2007-09-28 What will German foreign policy look like in 2015 This book speculates by making a provocative argument what drives German foreign policy is its power position in Europe and on the international stage Crawford examines Germany's manoeuvres in the Balkans its role in EMU and its leadership in curbing Europe's proliferation of WMD technology **European Identities and Foreign Policy Discourses on Russia** Marco Siddi, 2020-06-09 This book examines the relationship between national identity construction and current foreign policy discourses on Russia in selected European Union member states in 2014 2018 It shows that divergent national discourses on Russia derive from the different ways in which the country was constructed in national identity The book develops an interpretive theoretical framework and argues that policy makers agency can profoundly influence the contestation between different identity narratives It includes case studies in policy areas that are of primary importance for EU Russia relations such as energy security the Nord Stream 2 controversy the Ukraine crisis and Russia's military intervention in Syria Focusing on EU member states that have traditionally taken different stances vis vis Russia Germany Poland and Finland it shows that at the peak of the Ukraine crisis national discourses converged towards a pragmatic but critical narrative As the Ukraine crisis subsided and new events took centre stage in foreign policy discussions i.e. the Syrian civil war international terrorism long standing and identity based divergences partly

re emerged in the discourses of policy makers This became particularly evident during the Nord Stream 2 controversy Deep rooted and different perceptions of the Russian Other in EU member states are still influential and lead to divergent national agendas for foreign policy towards Russia This book will be of interest to students and scholars working in European and EU politics Russian and Soviet politics and International Relations Developments in German Politics 3 Stephen Padgett, Gordon Smith, William E. Paterson, 1992 Once the miracle economy of the continent Germany now staggers under the massive cost burden of unification while it struggles to come to terms with global economic change Failure to confront the underlying economic weakness has discredited political institutions and patterns of political behavior that were once regarded as the efficient secret of economic success The country stands at the crossroads between economic reform and a spiral of economic decline with unpredictable fallout Bringing together entirely new chapters by leading authorities in the field Developments in German Politics 3 examines the unfolding crisis of German political economy its repercussions for polity politics and policy and the consequences for Germany's role in Europe and the wider world Like its predecessors this book will be of interest to all concerned with European politics and will be necessary reading for students of German politics and society Contributors David P Conradt Russell J Dalton Kenneth Dyson Klaus H Goetz Simon Green Adrian Hyde Price Charlie Jeffery Stephen Padgett William E Paterson Wolfgang R dig Martin Seeleib Kaiser Gordon Smith Roland Sturm
