Germany And Europe In The Nineties:

Germany in Europe in the Nineties Bertel Heurlin, 2016-07-27 What will be the future of Germany Will Germany remain a soft power pursuing a bind me love me policy or will we see a new Germany signalling strength and power based on nationalism and German identity The book written by well known German British French Russian Danish and American scholars attempts to present contrasting analyses on different levels of the general political dimension and position of the united Germany in Europe

New Europe, New Germany, Old Foreign Policy? Douglas Webber, 2014-01-14 This work examines the extent to which German foreign policy and European policy has changed since German unification Despite significant changes on specific issues most notably on the deployment of military force outside of the NATO area there is greater continuity than change in post unification German policy

Germany, Poland and the Common Security and Defence Policy L. Chappell, 2012-08-29 A comparative analysis of an old and new EU Member State s perceptions of and contributions to EU security and defence This book focuses on change and continuity in both countries defence policies and where convergence and divergence has occurred This has important implications for the EU s effectiveness as an international security actor

Germany, Poland, and Europe Marcin Zaborowski, 2004 Zaborowski s study is a vivid and authoritative account of Polish German relations convincingly analysed using Europeanisation as a conceptual prism The book evaluates the relationship from both a historical and contemporary perspective assessing its broader European significance Zaborowski puts particular emphasis upon EU enlargement which he sees as a centrepiece of the post 1989 rapprochement between the two states

The Radical Left Party Family in Western Europe, 1989-2015 Paolo Chiocchetti, 2016-10-04 This book provides an innovative analysis and interpretation of the overall trajectory of the Western European radical left from 1989 to 2015 After the collapse of really existing communism this party family renewed itself and embarked on a recovery path seeking to fill the vacuum of representation of disaffected working class and welfarist constituencies created by the progressive neoliberalisation of European societies The radical left thus emerged as a significant factor of contemporary political life but despite some electoral gains and a few recent breakthroughs SYRIZA in Greece PODEMOS in Spain it altogether failed to embody a credible alternative to neoliberalism and to pave the way for a turn to a different developmental model This book investigates why this was the case combining aggregate 17 countries case study Germany Italy and France and comparative methods It accurately charts the evolution of the nature strength cohesion and influence of the Western European radical left offering new insights in explaining its behaviour success and limits It is essential reading for scholars students and activists interested in the radical left and in contemporary European politics

Political and Social History of Modern Europe Carlton Joseph Huntley Hayes, 1916

Air University Library Index to Military Periodicals, 1990

The New Germany and the New Europe Paul B. Stares, 2010-12-01 Since the first heroic and largely spontaneous acts precipitated the end of the Cold War Europe has been transformed in a truly remarkable and wholly

unforeseen manner Germany has been unified the Warsaw Pact has collapsed and the Soviet Union has disintegrated leaving in its wake many new independent states These momentous events have taken place so rapidly and often in such confused circumstances that their full meaning has barely been comprehended let alone assimilated A clearer and deeper appreciation of the forces and processes unleashed by the recent changes is vitally important however to meet the challenges and exploit the opportunities that now present themselves in Europe This volume therefore is intended to promote wider understanding of the key issues and it represents the most comprehensive assessment to date of the new Germany and the new Europe The volume begins with detailed accounts by U S and German scholars of how unification came about and the resulting changes to the political economy security policy and foreign relations A complementary section discusses the implications for the rest of Europe as well as Japan While the focus of the book is on the new Germany two separate chapters provide specific designs for a new adoption of a general system of cooperative security

History of the Present Timothy Garton Ash, 2001-01-18

The 1990s An extraordinary decade in Europe At its beginning the old order collapsed along with the Berlin Wall Everything seemed possible Everyone hailed a brave new Europe But no one knew what this new Europe would look like Now we know Most of Western Europe has launched into the unprecedented gamble of monetary union though Britain stands aside Germany peacefully united with its capital in Berlin is again the most powerful country in Europe The Central Europeans Poles Czechs Hungarians have made successful transitions from communism to capitalism and have joined NATO But farther east and south in the territories of the former Soviet Union and the former Yugoslavia the continent has descended into a bloody swamp of poverty corruption criminality war and bestial atrocities such as we never thought would be seen again in Europe Timothy Garton Ash chronicles this formative decade through a glittering collection of essays sketches and dispatches written as history was being made He joins the East Germans for their decisive vote for unification and visits their former leader in prison He accompanies the Poles on their roller coaster ride from dictatorship to democracy He uncovers the motives for monetary union in Paris and Bonn He walks in mass demonstrations in Belgrade and travels through the killing fields of Kosovo Occasionally he even becomes an actor in a drama he describes debating Germany with Margaret Thatcher or the role of the intellectual with V clav Havel in Prague Ranging from Vienna to Saint Petersburg from Britain to Ruthenia Garton Ash reflects on how the single great conflict of the cold war has been replaced by many smaller ones And he asks what part the United States still has to play Sometimes he takes an eagle s eye view considering the present attempt to unite Europe against the background of a thousand years of such efforts But often he swoops to seize one telling human story that of a wiry old farmer in Croatia a newspaper editor in Warsaw or a bitter beautiful survivor from Sarajevo His eye is sharp and ironic but always compassionate History of the Present continues the work that Garton Ash began with his trilogy of books about Central Europe in the 1980s combining the crafts of journalism and history In his Introduction he argues that we should not wait until the archives are opened before starting to write the history of our own times Then he shows how it

can be done From the Hardcover edition

Demographic Consequences of Economic Transition in Countries of Central and Eastern Europe Dimitŭr Filipov,Jŭrgen Dorbritz,2003-01-01 The social political and economic transformations experienced by the formerly socialist countries of central and eastern Europe since the beginning of the 1990s have resulted in abrupt shifts in demographic trends whose consequences on nuptiality fertility mortality and migration will be significant and irreversible The present study analyses and offers explanations about this process and compares these developments with the demographic changes that occurred earlier in western Europe A thorough knowledge of these demographic trends offers an essential tool for social policy makers and researchers and the comparative approach of the study furthers our understanding of the underlying processes taking place in all European countries

Germany in the 1990s H. J. Hahn,2023-12-18 Contents Introduction Dennis TATE Trapped in the past The identity problems of East German writers since the Wende Stuart PARKES Disunity and unity The inter German Literaturstreit of the early 1990s Astrid HERHOFFER Auf der Suche nach Wahrheit Helmut PEITSCH Vereinigung Literarische Debatten ber die Funktion der intellektuellen Ian HUTCHINGS Reunited Germany bane or blessing for Europe John THEOBALD Gertrud ZUBER Who wanted unification Ann KENNARD Emerging relations between Germany and Poland since German unification Clive EDWARDS Trade unions in the new Bundesl nder the shape of things to come Marilyn FARR Works councils in the new Bundesl nder the management view Ulla KITE Political economic and social changes and developments since unification case study Leipzig Derek LEWIS The role of language in the fall of the GDR and the aftermath Hermann KORTE Zur Lage der Universit ten in Deutschland Simon GREEN The European dimension in German schools Alan BANCE The impact of the second Gulf War on German political culture and consciousness David HEAD Made in Germany in the 1990s Gisela SHAW Die Deutschen Rechtsanw lte eine Profession im Umbruch

East-central Europe In The 1990s Joan Serafin,1994-06-20 A volume which explores the political economic and social changes taking place in post communist Europe The contributing authors analyze current issues and trends linking them to their origins in the communist past

Germany, Europe and the Persistence of Nations Stephen Wood,2018-12-20 Published in 1998 this book is an articulate and densely documented account of political cultural and historical forces and tensions involved in contemporary European integration most especially concerning Germany In doing so it provides an effective fusion of a vast array of material from what are normally separate disciplines The book investigates contemporary resonances of identifications and conceptions of political boundaries that appeared in Europe in the late eighteenth and nineteenth century It argues that within a supranationalising Europe national identity and nationalism have not disappeared as cultural and political phenomena Rather they persist and manifest themselves in variable forms at popular and elite levels This is the basis for Europe s condition of far from completed unity at the centre of which is now a reunited Germany more sure of itself but less sure of the world around it

Convergence or Divergence in Europe? Olivier de Bandt,Heinz Herrmann,Giuseppe Parigi,2006-09-28 Against the background of the introduction of the Euro in 1999

France Germany and Italy have recently experienced higher divergence in terms of GDP growth Based on a set of original papers produced by a team of economists from the three main National Central Banks of the Euro area this book analyses the latest developments in three important European economies in a broad perspective using modern econometric techniques

Changing Times: Germany in 20 Th -Century Europe- Les Temps Qui Changent : L'Allemagne Dans L'Europe Du 20 E Siècle Jürgen Elvert,Sylvain Schirmann,2008 Proceedings of the doctoral summer seminar Changing times Germany in 20th Century Europe Continuity Evolution and Breakdowns organised by the European Academy of Yuste Foundation in cooperation with the SEGEI network in the Royal Monastery of Yuste and Palace of Charles V 10th 15th September 2007 Actes du s minaire doctoral d t Les temps qui changent L Allemagne dans l Europe du 20e si cle Continuit volution et rupture organis par la Fondation Acad mie Europ enne de Yuste et le r seau SEGEI dans le Monast re Royal de Yuste et le Palais de Charles Quint du 10 au 15 septembre 2007 American Visions of Europe John Lamberton Harper,1996-06-13 This book is a biographical study of three American statesmen concentrating on the development of their distinct attitudes and political programs with respect to the problem of Europe in American foreign policy Roosevelt s partial internationalism aiming at the retirement of Europe from world politics while avoiding American entanglement Kennan s partial isolationism aspiring to restore Europe s centrality and autonomy through temporary American engagement and Acheson s accommodating interventionism establishing the United States as a permanent power in Europe at the behest of European and American interests The purpose of the book is to explain how and why they arrived at very different solutions to the problem of internecine conflict in Europe and to show the continuing relevance of their ideas Three learned and elegantly written portraits are set against the background of the dramatic events and foreign policy controversies of the twentieth century

Europe, Japan and America in the 1990s Theodor Leuenberger,Martin E. Weinstein,2012-12-06 Competition and cooperation between Japan Europe and USA is the key issue of this book both at government and business levels Both short term and long termin competitive cooperation between Western and Japanese firms and institutions can be fruitful Cooperation however provides no easy solutions to problems which Western economies have been unable to solve on their own Governments as well as companies are often unprepared for cooperation with Japan within the framework of larger scale projects On theother hand Japan itself still lacks the leadership capacities to match its present economic and technological dominance Thus the Japanese strategyfor a Number Two role in cooperation with the USA and the EC is described The discussion focuses on the implications of US Japanese relations for Europe It further highlights future relations between the US and Japan in the field of technology and also deals with the EC Japan context Scientific and Technical Aerospace Reports ,1992 **Europe 1945-1990s** Antonio Varsori,2016-07-27 The book which is the outcome of an international conference held under the auspices of the University of Florence aims at sketching out through the contributions by distinguished scholars from various nationalities the origins and characteristics of the system which has been imposed on

Europe between the end of the Second World War and the mid 1950s as well as at analysing the most important consequences of the events which from the fall of the Berlin Wall to the end of the cold war have radically transformed the European scene

India and Germany in a Turbulent World Rajendra K. Jain, 2024-11-15 India shares a multi dimensional relationship with the Federal Republic of Germany Germany is India s largest trading partner within the European Union and is also a major source and destination of foreign direct investment a significant donor and an important source of technology Drawing on English and German language source material this book covers the evolution and expansion of India s economic political defence and scientific technological ties with Germany from 1947 to the present day It analyses mutual perceptions highlights the elements of convergence and divergence and discusses the challenges and prospects of this relationship in a world marked by geopolitical uncertainty Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan
