Brothas Be, Yo?' Like George George Clinton, 2014-10-21 Legendary leader of Parliament and Funkadelic George Clinton is unique in pop music and his story is like nothing you've ever heard before Growing up in 50s New Jersey Clinton was obsessed with doo wop and R B Nothing unusual there But how many kids like that ended up playing to tens of thousands of rabid fans while wearing a diaper How many of them built a spaceship complete with light and sound effects and landed it onstage during concerts How many of them put their stamp on four decades of pop music from the mind expanding sixties to the hip hop dominated nineties and beyond How many of those kids were artistic visionaries merry pranksters out of control drug addicts and savvy businessmen all rolled into one Just the one So what does an older wiser more sober George Clinton do He tells his story Now finally after fifty years in the business Clinton is ready to deliver the whole P Funk saga It's a story without compare the musical innovations the rock and roll debauchery the ups and downs of his career More to the point it's a story told by the man who made it happen and told in his own unique style which combines an almost photographic recollection of the events of his life with an impish sense of humour and a philosophical bent There's no one like George Clinton and no one better prepared to tell the tale of a half century of innovation triumph disappointment addiction contradiction artistry fandom fun and above all funk How George Clinton got from Point A to Point B and beyond how he got in fact all the way to Point Z is a story for the

ages By the dawn of the seventies he had emerged as the leader of a wild and wildly creative musical movement Clinton's song titles give some sense of the range and energy of his vision Free Your Mind And Your Ass Will Follow Cosmic Slop Tear the Roof Off the Mother One Nation Under a Groove He made dance music for the mind and did seriously subversive things with joyfully silly comedy As the eighties dawned the P Funk Empire began to collapse under its own weight Clinton rose from the ashes as a solo artist starting with the brilliant Atomic Dog Rappers discovered him sampling him like crazy Artists as diverse as Prince the Red Hot Chili Peppers and Primal Scream all of whom named Clinton as a formative influence collaborated with him Clinton became a global icon with his instantly recognisable rainbow hair and his tireless dedication to spreading the gospel of funk music

**Where'd You Get That Funk From?** Lloyd Bradley, 2008-02 Where'd You Get That Funk From goes beyond the wigs and the boots and through a series of in depth interviews and sharp cultural analyses that put George Clinton in his proper context That is as a radical part of black America's turbulent 1960s as being as musically representative of Detroit as Motown as leading the first soul group to employ circus hands among their roadies as being able to pull together music as diverse as that of Bach the Beatles James Brown Frank Zappa the Moonglows and the Supremes to create P Funk which became a cornerstone of West Coast hip hop Clinton's principal groups Parliament and Funkadelic were two of the most dynamic and successful American bands of the 70s but their wild shows and badass party sounds represented just one facet of their remarkable leader's talent Seminal songs such as Atomic Dog Flashlight Up for the Down Stroke Give Up the Funk and Bop Gun became the basis of countless hip hop hits throughout the next two decades

George Clinton & The Cosmic Odyssey of the P-Funk Empire Kris Needs, 2014-06-16 The first in depth biography of one of music's most fascinating colourful and innovative characters This book is the most comprehensive history yet of the life music and cultural significance of the last of the great black music pioneers and the era which spawned him Clinton stands alongside James Brown Jimi Hendrix and Sly Stone as one of the most influential black artists of all time who along with his vast P Funk army took black funk into the US charts and sold out stadiums by the mid 1970s with his mind blowing shows and legendary Mothership extravaganzas The book contains first hand interview material with Clinton Bootsy Collins Jerome Bigfoot Brailey Junie Morrison Bobby Gillespie Afrika Bambaataa Jalal Nuriddin Last Poets Juan Atkins John Sinclair Rob Tyner MC5 Ed Sanders The Fugs Chip Monck The Voice of Woodstock plus other P Funk associates and friends The book presents an insiders view of the rise of Parliament and Funkadelic from the doowop era and LSD crazed early shows through to P Funk's huge rise the era of the Mothership and beyond

**The Vice Presidents** Carole Chandler Waldrup,2024-10-14 John Nance Garner once colorfully described the office of vice president of the United States as not worth a pitcher of warm piss and no doubt many of the 45 men elected to it would agree Though it is the second highest elective office in the United States there is but one constitutional duty to preside over the Senate Historically vice presidents have often been relegated to attending state funerals and heading mostly ceremonial

committees Unless of course the president dies or resigns they are then thrust into the presidency often with little or no preparation From John Adams to Albert Gore Jr this reference work provides biographies of 45 vice presidents of the United States Despite the fact that many think of the office as a stepping stone to the White House only 14 have actually served as president Outside the public spotlight many vice presidents led fascinating lives and served their country with distinction though little has been written about them The biographies herein focus on their work as vice president their relationship with the president under whom they served and their role in the White house Their lives after the end of their terms are also examined fully A bibliography follows each biography

**Historical Dictionary of the American Revolution** Terry M. Mays, 2019-02-08 The American Revolution pitted 13 loosely united colonies in a military political and economic struggle against Great Britain the mother country and arguably the most powerful state in the world during the late 18th century The independent spirit that led many individuals to leave homes in Europe and settle in the New World during the 17th and 18th centuries evolved into the drive that persuaded these same settlers and their descendants to challenge the colonial economic and taxation policies of Great Britain which lead to the armed conflict that resulted in a declaration of independence This third edition of Historical Dictionary of the American Revolution contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on the politics battles weaponry and major personalities of the war This book is an excellent resource for students researchers and anyone wanting to know more about the American Revolution
